**Cynics**—Good reason. An honest man seldom has any to lose.

### 5,500 Tons of Blood.

Scientists say that the quantity of blood is purified by the liver and kidneys of a human being in a year. Is it any wonder they get tired and sluggish and require the assistance of Dr. Chamberlain's Kidney and Liver Pills to arouse them to action and to restore their vigor?

### The Preacher—I suppose that drink was your downfall?

The Tramp—Yes, sir, I took a drink of water once that had microbes in it and I ain't been a well man since.

### Why Sleep is Necessary.

During sleep Nature restores the cells and the used matter of the activities of life. Without sleep physical bankruptcy is quick and certain.

Mrs. J. Dreyer, 406 Bellevue St., Detroit, Mich., writes: "I can say for a certainty that Dr. Chamberlain's Kidney and Liver Pills is a splendid remedy for me and to restore their vigor."

"You deceived me," protested the woman at the wash tub. "When you married me you said you had a job on the road." "And so I did, my dear," rejoined her husband, who was hitting the pipe in an easy chair, "but it hasn't arrived yet."

## Children Cry FOR FLETCHER'S CASTORIA

Little 3-year-old Evelyn and a neighbor woman went to the barn to see the old "family horse" Man, Black said. "Now, be careful, Evelyn, and don't step on any nice." Evelyn promptly replied, "Do you keep your nice in the barn? Mama keeps hers in the pantry."

A horse dealer was showing a horse to a prospective buyer. After running him back and forth for a few minutes, he stopped and said to the buyer, "What do you think of his coat? Isn't he a dandy?"

The buyer, noticing the horse had the heaves, replied, "Yes, I like his coat all right, but I don't like his pants."

Dr. Chamberlain's Ointment is a certain cure for itching, burning, and sore spots on the face, neck, and body. For itches, eruptions, and sores, it is the best remedy.

## PILES

The following composition for men is credited to a little girl:—

"Men are what women marry. They drink and smoke and swear, but don't go to church. Perhaps if they were honest they would. They are more logical than women and also more zoological. Both men and women spring from monkeys, but the woman sprung further than the men."

## CASTORIA For Infants and Children.

The Kind You Have Always Bought Bears the Signature of **W. D. Hoagland, Chemist.**

Archbishop Ireland was urging one of his senatorial friends to help the church with his presence; but the senator declined to be a regular church goer, giving this reason: "One finds so many hypocrites there."

"But there is always room for one more," said the genial prelate, as he gripped the hand of his statesman friend.

## Children Cry FOR FLETCHER'S CASTORIA

A certain lady one Sunday induced her husband, who was not a regular church goer, to accompany her to evening service. During the sermon he fell asleep, snoring at first softly and at length so noisily that the good lady was constrained to give him a sharp nudge in the hope of rousing him. To her consternation, however, as he slowly awakened, he exclaimed in a loud voice: "Let me alone! Get up and light the fire yourself—it's your turn!"

An aged colored man was passing a fish store when he stopped to examine a large turtle, chained in the doorway as an advertisement.

He had never seen a turtle before, and he probed the strange creature curiously. Suddenly he popped his finger into his mouth with a howl of pain. After the finger had stopped bleeding, he gazed at it ruefully, then eyed the turtle apprehensively.

"What's the matter, Rastus?" asked the fish dealer, with a grin.

"Nuffin," said the man, "Ah was just wondering whether Ah had been bit or stingin'."

### Seasonable Notes.

Seeding oats without cleaning is one source of weed spreading. The check rein is as comfortable to a horse as the high collar is to a working man.

Spring work will soon be here; are the teams being put into shape for their season's work?

Among the duties of early spring, if the work has been neglected in the fall, is the examination and repair of the machinery.

The plan of sowing two pounds of clover to the acre with the spring crop, is an excellent one; it adds fertility, and gives pasturage where the stand is not sufficient for leaving in soil.

An acre of land under such cultivation as the average farmer can give, may, says Farm Stock and Home, be made to produce 200 lbs. of potatoes, 12 tons of carrots, or 20 tons of cabbage.

Towards spring corn fodder loses its palatability to a greater or less degree. It should, therefore, be disposed of before the beginning of warm weather.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by Rand's Drug Store.

### By a 1911 Bachelor

The marriages that don't make any trouble are those that are broken off.

A man marries for love; a woman loves for marriage.

To make an ideal wife you must have a perfect woman, which is about as hard to find as a perfect man.

But a woman which may be called an ideal wife when she has convinced her husband that she is the best woman in the world.

The easiest way to do this is to tell him he is the best man in the world.

And when this point is gained, you are a task to keep him thinking you are the best woman in the world' all the time.

A good cure for a wife's insomniac is for her husband to come home earlier.

### Lemon Marmalade.

Slice six lemons very thin, taking out the seeds. To each pound of sliced fruit add three pints of cold water, and let all stand for twenty-four hours; then boil the marmalade till the chips are tender. Pour into earthenware bowls, and allow it to remain till next day; then weigh it, and to every pound of boiled pulp add one and a half pounds of loaf sugar. Boil the whole until the syrup jellies and the chips are quite transparent. In taking out the pulp be careful to leave all the white pith in; as that goes towards making the syrup.

### A Fine Mirror.

Some people went to call on a very rich man in Canada, and in one of the rooms, admired a magnificent mirror, looking a little closer, however, one of them exclaimed: "It's a really beautiful piece of glass, but what a pity it is so scratched all over."

The Canadian looked at it anxiously for a moment, then he said, "You're right. It is scratched." Then turning to his wife, he added, "Say, Martha, you mustn't give them children any more diamonds to play with."

"Are you particularly fond of fish?"

"No," she replied, "I was wholly unselfish. I tried a lovely recipe about how to remove a fishbone when it sticks in your throat, and I wanted to try it."

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been prescribed by thousands of women who have been restored to health through their gentle and curative properties. Sold by Rand's Drug Store.

### Experiments made by the German scientists show that butter keeps best when preserved with three to five per cent. of salt. If the proportion of salt is higher than that the results are less satisfactory.

### OPERATIONS AVOIDED

By Lydia E. Pinkham's Vegetable Compound

Belleriver, Que.—"Without Lydia E. Pinkham's Vegetable Compound I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who told me I could do nothing for me. I went to a hospital, but the doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise."—Mrs. EMMA CHATFIELD, Valleyfield, Belleriver, Quebec.

Another operation avoided.

Foughkeepsie, N. Y.—"I was getting machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for womb trouble but Lydia E. Pinkham's Vegetable Compound did more for me than the doctor did. I have gained five pounds. I hope that everyone who is suffering from female trouble, nervousness and backache will take the Compound. I owe my thanks to Mrs. Pinkham. She is the working girl's friend for health, and all women who suffer should write to her and take her advice."—Miss TILLIE FRASER, 675 St. Paul, Foughkeepsie, N. Y.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

### ADVANCEMENT OF THE WATER WAGON.

Under the above title, Dr. Henry Smith Williams writes interestingly in the November Century of the growth of the temperance reform. Of the drink habit he says it is now generally recognized by the observant man about town that men drink less than they did five or ten years ago. In any restaurant in a great city like New York, where business men congregate at the lunch hour it is noticeable that at many tables, often the majority, no beverage but water is used. Even at the dinner, the principal meal, the same thing is observable. The marked change within the last decade in the drinking at meal-times among business men indicates clearly, he says, that the temperance spirit is abroad in metropolitan, no less than in rural districts. The extent to which the growing hostility to the liquor traffic is being embodied in legislative enactments is striking evidence of the growing strength of temperance sentiment. The fact that state-wide prohibition is now the law of nine states having an aggregate population of over twelve millions; that local option applied to communities in other states brings the total number of people living in the so-called "dry" territories to about thirty millions, it must be admitted that the growth of the temperance sentiment in recent years has been phenomenal. Particularly noteworthy is the fact that this growth is not merely sectional in scope, but is general throughout the North Dakota, Alberta, Canada, too, the movement to outlaw the traffic steadily gains ground; and in other countries, feeling against it grows and demands increasingly restrictive laws—all tending towards ultimate delimitation of the abominable thing.

### Drinks and Unemployment.

A Trade Union secretary has the following pointed paragraph set forth in notes commenting on labor conditions in general: "A class of workmen who figure somewhat frequently on the unemployed list, are the tippers. There is no room for dram-drinkers in the workshop of the present day. The drunken workman is rightly kept on the outside of the workshop gates, because his presence inside is a danger both to himself and to others, and the tippler will soon be sent to keep him company for the same reason.

"Much is being said in certain quarters concerning the effects of intoxicating drink on the question of unemployment. No one who is acquainted with the conditions of workshop life would contend for a moment that drink has any appreciable effect on the volume of unemployment, but it is an important factor in determining who are to be the unemployed. Other things being equal, the non-drinking, non-sporting workman has by far a better chance of finding employment, and of keeping it, than his tipping or sporting fellow."

### What Smoking Does For Boys.

A certain doctor, struck with the large number of boys under fourteen years of age when he observed smoking, was led to inquire into the effect the habit had on the general health. He took for his purpose thirty-eight boys, aged from nine to fifteen, and carefully examined them. It was found that in twenty-seven he found injurious traces of the habit. In twenty-two there were various disorders of the circulation, and digestion, palpitation of the heart, and a more or less marked taste for strong drink. In twelve there was marked bleeding of the nose, ten had disturbed sleep, and twelve had slight ulceration of the mucous membrane of the mouth, which disappeared on ceasing from the use of tobacco for some days. The doctor treated them all for weakness, but with little effect until the smoking was discontinued, when health and strength were soon restored.

### What the Churches Could Do.

Lewis's Weekly says: "In their total membership, in their aggregate property holdings, in their combined intellectual, social and moral influences, the churches represent enormous power, and where united for one and they are capable of almost

"Two years ago, the doctor made forty-four calls on me, and then said he had done all he could for me. I was suffering with intense Kidney Trouble and Inflammation had set in. ### A SEVERE CASE OF NEURALGIA

Cured After Long Years of Suffering by Dr. Williams' Pink Pills.

There is an excellent reason why Dr. Williams' Pink Pills have cured the most severe cases of neuralgia, sciatica, and other complaints in the group that are known as disorders of the nerves. This group also includes St. Vitus dance and paralysis, and the common state of extreme nervousness and irritability. Each of these complaints exist because there is something the matter with the nervous system. If the nerves have tone, are strong and healthy, you will not have any of these complaints. The reason Dr. Williams' Pink Pills cure nervous disorders is that they restore weak, run-down nerves to their proper state of tone. They act both directly upon the nerves and on the blood supply. The highest medical authorities have noted that nervous troubles generally attack people who are bloodless and that the nerves are toned when the blood supply is restored. It is this reason that Dr. Williams' Pink Pills cure nervous disorders by curing the cause of the trouble.

### Mrs. J. C. Adams, Norris Lake, Man. says:

"I am writing you at my husband's request to let you know the great benefit Dr. Williams' Pink Pills have done to him. He is a river driver and therefore much exposed to all kinds of weather and wetting. As a result he had an attack of rheumatism, and then to add to his misery a severe type of neuralgia set in, localizing on the left side of the face, and causing him such terrible pain that it would drive him almost wild. He was treated by several doctors, and finally went to Winnipeg, where they bled him and applied hot plaster which really only added more to his misery, and he returned home still unwell. In this way he suffered for nearly six years, trying all sorts of medicine, but never finding a cure. One day while he was making up I went to a store to get a kind of a hat, but they did not have the kind I wanted, and the storekeeper asked me what I wanted for it. I told him about my husband and how he suffered, and he placed a box of Dr. Williams' Pink Pills on the counter saying: 'Take my advice, this is what your husband should take.' I took the Pills home with me and my husband started taking them. I am not sure how many boxes he took, but one thing is certain, they completely cured him, and he has never since had a touch of those torturing pains. You can tell how much he suffered when I say that the hair on the side of his head, in which the pain was located turned quite gray. It looked odd, but he says it does not matter unless the man is gone. I believe the pills have been living now had Dr. Williams' Pink Pills not cured those terrible pains, and you may be sure we carefully recommend them to all our friends and all suffering ones."

Sold by all druggists or by mail at 50 cents a box or six boxes for \$3.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
