The present week has been an unprecedentally cold ofen or the end of March in Nova Scotia. On Monday ight the temperature reached zero or below and on Wednesday night it was reported at ten degrees below. Zero weather n Nova Scotia during March is very unusual but this winter has been uncommon. The winter of 1922-23 has been a record breaker in point of severity and will not soon be lorgotten.

A leagh in time saves nine doctors' bills. There is a laugh in every flash, a scream in every scene of GRANDMA'S BOY.
