

Libby's Food Products

Peerless Dried Beef

Unlike the ordinary dried beef—that sold in bulk—Libby's Peerless Dried Beef comes in a sealed glass jar in which it is packed the moment it is sliced into those delicious thin wafers.

None of the rich natural flavor or goodness escapes or dries out. It reaches you fresh and with all the nutrients retained.

Libby's Peerless Dried Beef is only one of a Great number of high-grade, ready to serve, pure food products that are prepared in Libby's Great White Kitchen.

Just try a package of any of these, such as Ox Tongue, Vienna Sausage, Pickles, Olives, etc., and see how delightfully different they are from others you have eaten.

Libby, McNeill & Libby, Chicago

"This paper," said Languid Lewis, "tells about a horse running away with a woman, and she was laid up for six weeks." "That ain't nothing," rejoined Boastful Benjamin; "a friend of mine once ran away with a horse, and he was laid up for six months."

They are a Powerful Nerve.—Dyspepsia causes derangement of the nervous system, and nervous debility once engendered is difficult to deal with. There are many testimonials as to the efficacy of Parolee's Vegetable Pills in treating this disorder, showing that they never fail to produce good results. By giving proper tone to the digestive organs, they restore equilibrium to the nerve centres.

"You have myopia, haven't you?" asked the eye doctor, who had called at the public library to look at a reference book. "I don't know, sir," said the near-sighted attendant, blinking at him; "but if we have you'll find it in the catalogue."

A flatter of importance to all those who are run down and debilitated is the fact that "Perovin" is the best tonic ever compounded. It gives strength and builds up the system.

After a man has moved heaven and earth to acquire a certain thing he is surprised to discover how little he cares for it.

Dysentery corrodes the intestines and speedily eats away the lining, bringing about dangerous conditions that may cause death. Dr. J. D. Kellogg's Dysentery Cordial clears the intestinal canals of the germs that cause the inflammation, and by protecting the lining from further ravages restores them to healthy condition. Those subject to dysentery should not be without this simple yet powerful remedy.

Women, as a rule, have poor heads for mathematics, but they try awfully hard to make their own figures count.

Worms derange the whole system. Mother Graves' Worm Exterminator deranges worms and gives rest to the sufferer. It only costs 25 cents to try it and be convinced.

HOW HE PROPOSED.
Mr. Slowboy—"Miss Passe, what do you think is the best name for a girl?"
Miss Passe (looking deep into his eyes)—"That of the only man she ever loved."

ISSUE NO. 34-09.

INVALIDS TURN TO ENGLAND.

Some Kings and Queens Who Have Been Benefitted.

It is a curious fact that while English persons rush abroad when they are in poor health, it is to England that royal invalids in other countries turn for a renewal of strength.

The Kaiserin has a firm belief in the recuperative power of the air of the east coast of England, while the Kaiser owes much to Highcliffe, where he stayed for several weeks a few months ago.

The Crown Prince of Sweden, who lately had a severe attack of measles, is now in England to see what English air can do for him. He and the Crown Princess and their two baby sons spent a few days in London with their relatives, and then left for Bagshot, where they will stay for some time.

King Alfonso found his visit to England very beneficial and declares that it was also helpful to the baby Prince of the Austrias, the Spanish King and Queen with their two sons, will arrive in England in September and go to the Isle of Wight.

The unfortunate Queen Amelia, of Portugal, who is suffering from nervous breakdown and a severe throat trouble, will arrive soon and go to the country home of her mother, the Countess of Paris, where it is hoped the quiet and the fine air will restore her to health.

Queen Maud, of Norway, thinks that England does wonders for little Prince Olaf, and she would spend most of her time there, as she loves the air and surroundings of Windsor, were it not that the Norwegians are less amenable than the Spanish, and cling to the tradition that a King and Queen should stay in their own country. So if Queen Maud visits England she will have to leave her husband behind.

AN EXPLANATION.
"How long has this restaurant been open?" asked the would-be diner.
"Two years," said the proprietor.
"I am sorry I did not know it," said the guest. "I should be better off if I had come here then."
"Yes," smiled the proprietor, very much pleased. "How is that?"
"I should probably have been served by this time if I had," said the guest, and the entente cordiale vanished.

A CONTEST WORTH ENTERING.
A Life Annuity of FIFTY-TWO DOLLARS is offered by the ORANGE MEAT people to the one sending in the largest number of bottoms of ORANGE MEAT packages before May 31, 1909. This means that the winner will receive One Dollar EVERY WEEK, or FIFTY-TWO DOLLARS every year, as long as he or she lives, or they can exchange it for a CASH PRIZE of SEVEN HUNDRED DOLLARS. Besides the above there is a second Cash Prize of ONE HUNDRED DOLLARS, also other Cash Prizes as follows:

Ten Cash Prizes of TWENTY DOLLARS each.
Ten Cash Prizes of TEN DOLLARS each.
Twenty Cash Prizes of FIVE DOLLARS each, and ONE HUNDRED Cash Prizes of ONE DOLLAR each.

The only condition attached is that you cut out the bottoms of the ORANGE MEAT packages and send them in to ORANGE MEAT, Kingston. The bottom of a Jumbo package counts equal to Three of the smaller size. You should be able to win one of the above prizes if you start immediately and get your friends to help you. Send your name and address to ORANGE MEAT, Kingston, TODAY, and state that you are entering the contest. It is surely worth trying for.

As a rule, only those who don't need advice are willing to take it.

A lady writes: "I was enabled to remove the corns, root and branch, by the use of Holloway's Corn Cure." Others who have tried it have the same experience.

Every man has an excuse for wanting the earth, but it is seldom satisfactory to his neighbors.

When you are going shopping don't simply say "A pound of tea," because you can secure better tea, more delicious tea, if you only ask for "Salada."

METHOD FOR TESTING EGGS.
A simple method for testing eggs, which comes from Germany, is based upon the fact that the air chamber in the flat end of an egg increases with age. If the egg is placed in a solution of common salt it will show an increasing inclination to float with the long axis vertical. By watching this tendency the age of the egg can be determined almost to a day. A fresh egg lies in a horizontal position at the bottom of the vessel; an egg from three to five days old shows an elevation at the flat end, so that its long axis forms an angle of twenty degrees; and an egg a month old floats vertically upon the pointed end.

When you are going shopping don't simply say "A pound of tea," because you can secure better tea, more delicious tea, if you only ask for "Salada."

THE APPARENTLY DROWNED

How They are Dealt With by the Schaffer System.

In 1903 Professor Schaffer of Edinburgh, Scotland, professor of physiology, brought forward a new idea in the matter of resuscitating the apparently drowned. It has been adopted by the Royal Life Saving Society.

By the Schaffer system, when a body is taken from the water it is without delay placed prostrate face downward. The man attempting resuscitation is advised to kneel over or to one side of the body. Then, placing the hands flat across the small of the patient's back the thumbs almost meeting and the fingers resting over the lower ribs, the man should lean forward and press steadily and then relax, and continue this movement at an average of twelve to fifteen times a minute. By this means the water, if there is any, is driven from the patient's lungs, while breathing is induced.

AS AMENDED.
"I can marry any man I choose," boasted the fair but freckled summer girl.
"Always provided your choice is willing," amended summer girl No. 2.

DANGEROUS OPIATES.
Most of the liquid medicines advertised to cure stomach and bowel troubles and summer complaints contain opiates and are dangerous. When the mother gives Baby's Own Tablets to her little ones she has the guarantee of a government analyst that this medicine contains no opiate or narcotic. And she has the assurance that no other medicine will so speedily cure stomach and bowel troubles, if they come unexpectedly. Give the well child an occasional dose of these tablets and they will prevent sickness by clearing the stomach and bowels of offending matter. Mrs. Wilbert Bone, Carrville, Ont., says: "I have used Baby's Own Tablets for stomach and bowel troubles and know of no other medicine so satisfactory." Sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CLEAR CONSCIENCE.
"Do you—er—ever tell fibs?" asked the lady who had advertised to a maid.
"Not for myself, ma'am," answered the applicant; "only for the missus."

Ladies in Poor Health
Everywhere, especially those discouraged by failure of previous treatment are invited to write for a free trial of my home treatment, with interesting booklet, all post-paid in plain wrappers, with the most reliable references and proofs which will encourage the most disheartened. You can thus quickly satisfy yourself, without cost that this treatment is what you long have sought. I will reply promptly to all who write. Address: MRS. M. SEMMERS, Windsor, Ont.

A WORD FROM JOSH WISE.
"Like a dog will gnaw a bone when he ain't hungry, a nagging man will nag when he ain't angry."

Like little volcanoes of disease, the eruptions of eczema pour out discharges. Red blood causes the trouble. The local remedy is Weaver's Cerate, and Weaver's Syrup will drive the poison from the blood.

There might be more sinners in the world if it were more thickly populated.

Mild in Their Action.—Parlee's Vegetable Pills are very mild in their action. They do not cause griping in the stomach or cause disturbances there as so many pills do. Therefore, the most delicate can take them without fear of unpleasant results. They can, too, be administered to children without imposing the penalties which follow the use of pills not so carefully prepared.

BIG PLACE.
The president of the Women's Club wished to resign. "No other member can fill her shoes," declared her friends. "That's so," assented her enemies. Then there was more trouble than ever.

Remarkable for richness and pleasing flavor. The big black plug chewing tobacco.

Is Per-u-na Useful for Catarrh?

Should a list of the ingredients of Per-u-na be submitted to any medical expert, of whatever school or nationality, he would be obliged to admit without reserve that the medicinal herbs composing Per-u-na are of two kinds. First, standard and well-tried catarrh remedies. Second, well-known and generally acknowledged tonic remedies.

That in one or the other of these uses they have stood the test of many years' experience by physicians of different schools. There can be no dispute about this, whatever. Per-u-na is composed of some of the most efficacious and universally used herbal remedies for catarrhal diseases, and for such conditions of the human system as require a tonic. Each one of the principal ingredients of Per-u-na has a reputation of its own as a tonic medicine.

The fact is, chronic catarrh is a disease which is very prevalent. Many thousand people know they have chronic catarrh. They have visited doctors over and over again, and been told that their case is one of chronic catarrh. It may be of the nose, throat, lungs, stomach or some other internal organ. There is no doubt as to the nature of the disease. The only trouble is the remedy. This doctor has tried to cure them. That doctor has tried to prescribe for them. No other household remedy so universally advertised carries upon the label the principal active constituents, showing that Per-u-na invites the full inspection of the critics.

Judging from their talk, some men might be successful at running windmills.

The World is Full of Pains.—The aches and pains that afflict humanity are many and constant, arising from a multitude of indistinguishable causes, but in the main owing to man's negligence in taking care of his health. Dr. Thomas' Electric Oil was the outcome of a universal cry for some specific which would speedily relieve pain, and it has filled its mission to a remarkable degree.

She—"Mr. Highnote tells me he is cultivating his voice." He—"Yes; I saw him irrigating it early this morning."
