

# Mt. Allison of the Past

Mount Allison, founded in 1843, to provide the means of a higher Christian Education for the young men and women of limited means of the Maritime Provinces, has been carrying on just that programme.

Within her doors have been educated some of Canada's most brilliant men and women; her record is one of the most enviable of all educational institutions of the Dominion in both times of peace and times of war.

## Mount Allison of To-Day

Today she is carrying out the tradition of the past, accomplishing wonders in overcoming great financial handicaps.

Her present staff of loyal professors and instructors have, almost without exception, been offered positions recently, at salaries of from one-third to double the salaries they are now receiving.

Today she is seriously handicapped through lack of adequate endowment that she is daily facing the probable loss of valuable members of the staff through tempting offers from other more wealthy universities.

Today, she is laboring in crowded dormitory rooms, study and lecture halls.

## Mount Allison of To-morrow

Tomorrow, Mount Allison, if her friends do not fail her now, in this most trying time of need, will bloom forth as one of the foremost institutions of learning in the entire community.

Tomorrow will see her with a student body of from 1200 to 1500, a figure that could be attained today, were facilities on hand to accommodate them.

—a realty valuation of \$1,000,000.

—a present endowment of \$366,000 invested at a time when the dollar was worth three times its present value.

—a campus comprising approximately forty acres.

—a group of eight college buildings gracing her campus.

—the best equipped chemical laboratory in the Maritime Provinces.

—10 professors and 7 instructors in the University alone, and every one of them fully underpaid.

—a student population of 1,000.

—a former student list of 15,000.

—educated leaders in every walk of Canadian life.

—graduates on the Supreme Court Bench of every province in Canada.

—a library of 26,000 books and no place to file them!

—an Art Department, one of the finest in all Canada.

—a Conservatory of Music recognized as the best of its kind in Canada.

—one of the finest Preparatory and Commercial Schools in Canada.

—sufficient endowment to enable her to hold her present staff of professors and teachers, all of whom are sadly underpaid and most of whom have received offers from other colleges at salaries from one-third to double their present salary.

—a Library Building in which to house her present library of 26,000 books, half of which at present are stored in boxes in 10 different rooms out of circulation, consequently, worthless to the student body.

—Money to establish two new chairs, and assistant professorships in two or more of the present overcrowded departments.

—a Residence for University Girls who are at present quartered in a leased hotel building away from the campus.

the campus.

—a new Science Building, wherein her excellent laboratory may be made more efficient.

—adequate housing facilities to accommodate a student body of from 1,200 to 1,500 students within the next 10 years.

—a new Gymnasium and Drill Hall to replace "Old Lingley" which was destroyed by fire January 31, 1921.

—MORE HELP, NOW, TODAY, THAN SHE HAS EVER ASKED FOR OR RECEIVED IN HER HISTORY OF NEARLY 70 YEARS!

The week of Feb. 7th to 13th will be known as Mount Allison Week throughout the Maritime Provinces, and during that time an organized effort on the part of 6,000 Christian men and women will be made to secure through two-year subscriptions, the sum of \$500,000, so that Mount Allison may retain her present high position. Surely your interest in Christian education will not suffer the appeal to go unheeded.

### GRAND FALLS

The death of Mrs. C. Morin took place at the hospital here on Feb. 5. Mrs. Morin, who before marriage was Miss Carrie Redgate, was twice married: about three years ago to Mr. Jacob Staal who died of influenza in 1918, and about a year ago to C. Morin.

She leaves a little boy about two years of age and a baby a week old; also her father, Wm. Redgate; one brother, Albert, and one sister, Jessie. Mrs. Morin was about 25 years of age. The body was taken to the home of her husband's father, about two miles below town, and from there the funeral took place. It seemed rather strange that her funeral should be from the old homestead where her great-grandfather Elijah Estabrook lived and died, also her grand father, Clarence Estabrook; her mother, daughter of Clarence Estabrook; wife of Wm. Redgate, all were buried from the old place which was sold a few years ago to Morin, Jr.

Mrs. Martin Stafford, one of the oldest residents of the town died on Tuesday morning after a week's illness of pneumonia. Mrs. Stafford came here from Carleton county over 40 years ago. She was then Miss Cassidy and taught the school in Drummond a number of years. She leaves three daughters, Miss Mary Stafford of Presque Isle, Mrs. Wilfred Price of Princeburg and two sons, Walter and Herbert, of this town; also three sisters all of whom attended the funeral, one sister coming from Worcester, Mass. The funeral took place on Thursday morning at the R. C. church.

C. C. White returned Saturday from a business trip to Five Fingers.

G. A. McMillen was in Van Buren Thursday.

Much sympathy is felt here for Mr. Louis Nelson in the death of his wife which occurred about a week ago. Mrs. Nelson was well and favourably known here.

### TILLEY TOPICS

Dexter Brayall is seriously ill with pneumonia and measles. His many friends hope for a speedy recovery.

and inflamed, the speedy and most effective treatment is to now and again dissolve a Peps infection-killing tablet in your mouth. Peps reach the inner tissues which are the parts actually affected in sore throat and chest ailments. Liquid medicines can't do this.

Just as you breathe in the germs of throat trouble, so you must breathe in the remedy to chase and exterminate these germs before they feel their way into the windpipe and chest. These soothing, germicidal Peps vapours quickly allay inflammation and soothe the inflamed tissues, difficulty in swallowing, and irritating dry cough.

Free from opium or other habit-forming drugs Peps provide the ideal remedy and preventive of colds, chills, grippe, influenza and throat troubles. Beware of substitutes and tablets containing formalin, which irritate and inflame the throat and air passages.
