**DEAFNESS CANNOT BE CURED**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or imperfect hearing, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

It is announced that the strike of the Canadian Express company's agents along the Intercolonial railway is settled. The strikers were I. C. R. telegraphers and station agents who have been acting also as agents of the Express company. In April last they struck for more remuneration for their services and various attempts at a settlement have since failed. For several days past a committee of the strikers has been in session at Moncton and it is now announced that the end of the strike will likely be declared to-day. A compromise has been reached, the agents to receive a minimum pay of \$2 a month and 5 per cent. on the business done.

The bowling match held in the Miramichi Alleys Tuesday evening attracted a large number of spectators, who witnessed a close and interesting contest of skill. Follansbee's team won by the narrow margin of 29 points, the teams being very evenly matched, as the following score indicates:

Follansbee's Team.	game	1st	2nd	3rd	Total
J. Follansbee		124	145	166	435
J. Baote		200	132	107	439

Considering that most of the players here are beginners, having never bowled before the alleys were opened a few weeks ago, and that some of the players were not up to their usual form, the scores are very fair.

The publishers of The Maritime Farmer announce their intention of issuing a special Christmas number on November 27th. They promise it will be one of the best issues yet published by them. The front cover will be printed in three colors, red, buff and black, and has a very appropriate design for the Christmas season. There will be forty-eight pages beside the cover, and they say that the reading matter is of the very best, both from a literary and practical standpoint. The price for single copies of this issue is ten cents and it will be worth the money.

Catarrh of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Catarrh Cure. Nothing so surely proves merit as a real, actual test, and Dr. Shoop, to prove this, earnestly desires that we let you make that test. This creamy, snow white healing balm, soothes the throat and nostrils, and quickly purifies a foul or feverish breath. Call and investigate.—Sold by THOS. J. DURICK.

## CHATHAM SUFFERS FROM THIEVES.

Epidemic of Sneaking Variety—Clothes Lines Robbed and Petty Depredations of Nightly Occurrence.

Chatham, N. B., Nov. 29.—Chatham is suffering from an epidemic of sneak thievery, and residents are alarmed at the boldness and frequency of the depredations. Men dressed in women's clothes go round in broad daylight and rob clothes lines, houses and stores. In spite of this open display, the police have done nothing and though the men are seen daily on the streets the police do not shadow them, nor are they able to catch them in the act. Women are frightened and householders take every precaution to have things carefully locked up.

Last evening two women or men dressed in women's clothes entered Jos. Arsenau's yard, west end, but were seen as they started to clear out the clothes line. Moore and Allen, two young men, gave chase and the robbers sprinted up towards the exhibition buildings and into the woods back of the race track, where they escaped.

A tub of butter was also filched from Howard Fleigher's house last night. Other robberies include valuable furs, hats, as well as eatables. One of the sneak thieves stole a Duke resident's axe out of the wood shed the other night. The same one or another of the gang, entered the kitchen in the day time and stole two salt hering out of a pan on the stove. The woman of the house heard the door open and started for the kitchen a moment later and heard it close, but no one was in sight.

# LARGE SIZE BOTTLE FERROL Absolutely FREE!

## A Daring Distribution

The undersigned Druggist at the earnest solicitation of the Ferrol Co., Limited, of Toronto, has made a thorough and searching investigation into the merits of FERROL, and of the methods of that Company, and he finds that: Every cure claimed by the Company is absolutely genuine; that FERROL is manufactured from the best quality of Munn's Celebrated Cod Liver Oil (the whole of the oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared, that not one in a thousand finds any trouble in taking it; that the medicine has accomplished the most amazing results in its own city; that its sales in the Home City have been phenomenal; that it is endorsed by all druggists without hesitation or qualification; that it is, in short, all the Company claims for FERROL, and more.

The more I investigated the more enthusiastic I became. It is no longer a question of my willingness to handle the preparation—FERROL—but how can I bring it to the immediate suffering of this city?

It is a heavy responsibility, but I have faith in the honesty and fairness of the Ferrol Company, Limited, of Toronto, and the unequalled merits of their preparation, FERROL.

(Signed) **A. E. Shaw.**

I find also that the druggists in other cities have taken upon themselves the solemn responsibility of standing behind this medicine; and that these druggists have made in each city a daring and remarkable distribution of full-sized bottles.

Impressed by the action of our fellow-druggists, and convinced that they would not have given this remedy such unqualified approval without positive knowledge of its merits, I have decided to follow their example and distribute free of charge

**75 Large Bottles of FERROL Free to the Sick**  
**FRIDAY, Dec. 7th, 1906.**  
at A. E. SHAW'S, DRUG STORE, NEWCASTLE, N. B.

Maintaining a first-class Drug Store, the above named Druggist occupies a commanding position in the retail drug trade of this city, and almost every remedy that is offered to the public seeks an outlet through his store. But with an eye single to the interests of his many patrons he is careful to handle the most reliable preparations. Consequently when a medicine is recommended and endorsed by this Druggist, that medicine must have merit.

The above Druggist, after a rigid investigation, described elsewhere in this announcement, has decided to make, upon his own responsibility, the most remarkable distribution of medicine ever attempted in this city. Convinced by personal experience of the extraordinary merits of

## FERROL

He has purchased from the Ferrol Co., Limited, of Toronto, a large number of bottles of this remedy, for free distribution, and he hereby invites every person suffering from any form of blood trouble; any person who is run down, discouraged and in need of a powerful tonic; any person suffering from Coughs, Colds, Bronchitis, Croup and all Bronchial or Lung Trouble, Chronic Rheumatism, Neuralgia, Insomnia, Loss of Weight and all wasting diseases; any person who has sought relief in any other remedy or Cod Liver Oil preparation, and failed to find it, cut out the certificate printed herewith, fill out the blank lines, present it at the store on the dates given, and get a bottle of this wonderful preparation, FERROL, Free.

It was necessary for me to purchase a large quantity in order to have the privilege of making this free distribution, and the responsibility assumed by me in this matter, I am positive will be appreciated by the public, and the immense sales that are sure to follow will more than compensate me for the expenditure involved.

There is absolutely no sentiment in this endorsement of FERROL. It is merely a business recognition of a preparation that possesses positive merit, and a keen desire on the part of a progressive concern to always supply the best goods at the lowest possible price.

**No other distribution will be made, and it will be necessary for you to come early in order to be sure of securing a large size bottle of FERROL ABSOLUTELY FREE**

**REMEMBER, only ONE bottle will be given to each family. Tell your friends of this Wonderful Offer for fear they will not see this advertisement.**

## FERROL WHAT IT IS AND WHY YOU SHOULD TAKE IT

THE FERROL CO., LIMITED  
City

May 24th, 1906

GENTLEMEN,

The bottle of FERROL I secured from you, I have found to do great good. My son used it for a bad cold, and it cured him. I know it to be an excellent remedy for a bad cold and for building a person up after sickness. I might say that it was a prominent doctor friend of mine in the city, who used it for his son, and spoke to me of it. I have since recommended it to a great many of my friends to try.

Yours truly,  
J. B. TENNING  
T. P. AGY.

**WHAT FERROL DOES.**—A careful person of the foregoing will readily suggest to the reader what FERROL does. It builds up the run down constitution as no other preparation can. It cures Asthenia, no matter how chronic, by supplying the blood with just what it requires in the only form in which impoverished blood can be so supplied. It prevents Consumption by fortifying the constitution against its attacks. It restores Nervous Vitality in a manner little short of marvellous. It cures Coughs, Colds, Bronchitis and kindred diseases by building up the constitution so that the system will throw off the disease by NATURAL PROCESSES—a very different thing from the usual method of treatment by administering cough medicines and other drugs which are sure to impair digestion and are always debilitating in their effects. FERROL, on the other hand, while removing the disease, at the same time increases the weight, enriches the blood and improves the patient in every respect. It assists in the development of delicate infants and children, and is particularly valuable for boys and girls at the period of transition into manhood and womanhood, when they are so likely to contract their

strength and the system is rendered peculiarly susceptible to the attacks of disease. It strengthens the muscles, tones up the nerves, improves the vitality, strengthens the action of the heart, and builds up the whole system so that the germs of disease cannot find foothold. It has a wonderful recuperative effect on the Brain—bringing it to its proper form. Phosphorus, the Brain's chief constituent; attacks of depression and world-weariness, "brain fog," etc., are dispelled—the cure is basal, constructive and complete. **WHAT IT IS NOT.**—It is not a "Patent Medicine"—the ingredients are freely made known, only the method of manufacture being secret. **REMEMBER.**—There is only one Emulsion of Cod Liver Oil, Iron and Phosphorus, and that one is FERROL. If you feel the need of a Restorative see that you get FERROL and do not be put off with something "just as good"—there is nothing half as good—nothing "just the same." **FERROL** is the only Emulsion of Cod Liver Oil, Iron and Phosphorus that has been known and recognized for many years by physicians and the public. Some day a satisfactory combination of these remedies would be perfected and the full

benefit of their life-giving properties made available. In "FERROL," that hope has at last been fully realized, and the practical benefits resulting from its use have far exceeded the most sanguine expectations. These results are combined in a scientifically prepared Emulsion so palatable that even a nursing infant can and will take it readily, even greedily; so easily assimilated that the most delicate digestive organs will dispose of it with less difficulty than they would experience in the digestion of the plainest food. **WHAT IT IS.**—"FERROL," as its name implies, is composed mainly of Oil and Iron, in short, a PERFECT EMULSION OF COD LIVER OIL AND IRON, with a solution of Phosphorus added, and is positively the only preparation combining these ingredients. The apparently extravagant claim that it has no equal in its peculiar sphere is based on the following common sense reasons: It combines in palatable form Cod Liver Oil, the greatest tissue-builder and flesh-producer known to medical science; with Iron, the one and only agent which will supply impoverished blood with the red corpuscles which it must have in order to insure a healthy condition, and Phosphorus, which acts as a tonic to the nervous system.
