## POW COMPANY AT OLD TRICK

Has Been Fencing In Property Along the Beach Again.

Danger of Flooding from Mountain Drain Not Over.

### Plans for New Normal School Have Been Received.

The trouble with the Toronto & Nia gara Power Co. over the Beach is not a an end yet. The company has been fenc-ing in the cross roads to the lake and the Beach people are unp in arms. Reeve Ptolemy and Councillors Dewar and man waited on the Mayor this orning, and acquainted him with the fice facts. They have already made a protest to the power company and say that afternoon on a warrant charged with unless the work is stopped an injunction will be applied for.

decided to expend \$13,000 building cement walls and improving it, W. A. H. Duff wrote Mayor Biggar to-day to say that in case of a big thaw the Ilooding is likely to be worse than eyer. The work on the drain has not been completed yet, but the engineer department was say. Duff wrote Mayor Biggar to-day to say that in case of a big thaw the Hooding is likely to be worse than eyer. The work on the drain has not been completed yes, but the engineer's department was satisfied that what had been done would prevent any flooding. There is supposed to be a grade of five feet to the mile from Mount Albion. Instead of the water running to the east Mr. Duff says it is going to the west and if something is going to the west and if something is not done there will be a serious flood with the first big thaw. The letter has on referred to the city engineer's d

Although the Hamilton, Waterloo Although the Hamilton, Waterloo & Guelph railway received another set-back on Monday night, when the Council refused to comply with John Patterson's request to approve of the plan through the parks, the scheme is not likely to be abandoned. Mr. Patterson has promised to lay Ald. Baird's scheme for going down York street before the promoters of the road.

City Engineer Barrow is confident age system will carry by a large major ity. Many of the manufacturers, he ays, were promised a good sewerage system when they located in East Ham-lton. Should the by-law be defeated e thinks it would put a big crimp in amilton's industrial boom. The ma-Hamilton's industrial boom. The maiority of the workmen will support it.
Mr. Barrow, says, because they spend
the most of their time in the factories
trid it is to their dayantage to have
the best sanitary conditions. The small
cost of operating the sceptic tank system is another argument in its favor.
The reasons already advanced or the
electric nums, the engineer thinks are etric pumps, the engineer thinks, are sufficient to carry the by-law.

Mr. J. Orr Callaghan has received the Mr. J. Orr Callaghan has received the plans for the new Normal School, and they are now in the hands of Secretary Poster. They are the same plans as are being used for the schools at Stratford, Peterboro and North Bay. All the frills have been cut off, so that the buildings can be erected for \$78,000. This, is what the Whitney Government is giving Hamilton in place of the Normal Collece, which goes to Toronto. ### Late Sporting News

Rochester, N. Y., Jan. 2.—(Special.)—With a tie score of 33 to 33 at the end of the second half in the basketball game between the Hamilton and Rochester teams here last night the former won out by speedy work. The game throughout was the most interesting that was ever played in this city. The Hamilton boys were superior in passing and combination plays, and to this was due their winning the game. It was agreed at the end of the second half, when the score was tie, that both teams should play ten minutes longer. Hamilton gained 14 points in this time and Rochester made 4, the score at the end being 44 to 37 in favor of Hamilton.

Port Perry, Ont., Jan. 2.—In an exhibition hockey match played here last night, Port Perry defeated the Rangers of Toronto, score 11 to 2.

Wm. Walton, who won the Provincial checker champtonship here on Monday night, made a visit to his old home in Seaforth vesterday. He was given a very warm reception. Mr. Walton is still at Seaforth.
