

CABLE NEWS.

QUIET ON BRITISH FRONT.

LONDON, July 29. Reporting military operations on the British sector of the Austro-Italian front, a war office statement issued to-day says that in the past week the situation on the British front was quiet. Six hostile airplanes were brought down. Two of ours failed to return.

REMAINS IN THE CROWN.

LONDON, July 29. By a decision of the Privy Council, announced to-day the domination of some 48,000,000 acres of land in Southern Rhodesia remains in the Crown, but the British South African Company will continue to administer the land and may be reimbursed in financial matters.

WANTS IT REFERRED TO WILSON

LONDON, July 29. In the debate in the House of Commons to-day on his motion regarding Ireland, John Dillon, the Nationalist leader, proposed the reference of the question to President Wilson.

CONDITIONS UNFAVORABLE IN FLANDERS.

WITH THE BRITISH ARMY IN FRANCE, July 28. (By the A.P.)—Continued rain has turned the Flanders front in many places into an impassable mire, while other parts of the front are wet and soggy. Such conditions are most unfavorable for launching an assault against the British lines, even if the enemy, who is busy trying to save his troops north of the Marne from further defeats, should have some such plan in mind. Large quantities of gas have been projected against various sections of the German lines which have also been shelled freely, and according to prisoners the enemy units are losing little by little. So far as the German soldiers themselves are concerned they seem perfectly satisfied with such matters, for their officers have been telling them extraordinary tales in order to make them fight instead of submitting to capture when they come in contact with the British. Prisoners taking during recent minor operations say that they had been warned before leaving their own lines that they would be offered cigarettes, and when directly asked if they would accept the offer, they declined to accept cigarettes.

HARDEN'S VIEWS.

AMSTERDAM, July 28. Maximilian Harden devotes practically the whole of to-day's Die Zukunft to proving that Chancellor Von Hertling's charge against the Allies that they want to annihilate Germany is untrue. Harden quotes President Wilson's recent speech to show how bitter the Entente nations are against militarism, but that they are ready to give the German people a fair chance. He compares these speeches with those recently delivered either by the German Chancellor or various Junkers in the Prussian Upper House, where the demand for unlimited annexations is continually heard. He concludes by saying Germany must begin to see clearly on which side is the will to annexations. Germany

must begin to fight against this power in its midst—a power with which Germany herself long ago became disgusted.

NET HUN SUB.

AN ATLANTIC PORT, July 28. (By the Associated Press)—Passengers of a British liner arriving here yesterday, said that last Friday their ship gave battle to a German U-boat, 650 miles off the New Jersey coast, and last night fired three shots at what was believed to be an American submarine. Apparently neither submarine was hit. This liner was one of the several which was being conveyed with the giant Justicia when that vessel was torpedoed and sunk off the North Irish coast on July 20th. According to the passengers a torpedo, coming to the surface, passed astern of their own ship and narrowly missed another merchantman before finding its goal.

ENQUIRY INTO CONDITIONS.

LONDON, To-day. Winston Spencer Churchill, Minister of Munitions, announced to-night that the work having been resumed in the munition factories in Birmingham, he intends to appoint an inquiry committee to investigate the labor conditions which rendered the munition workers in Birmingham necessary. Mr. Churchill and the Union Advisory Committee had been called to meet Wednesday to name its representatives for the investigations.

ITALIAN REPORT.

ROME (Official), To-day. There has been considerable activity by both armies in the Delta Brenta Valley and on the Piave, River above St. Donadi, Piave. In Albania on the Senir River at the Knol bridge enemy attempts to advance were singularly repulsed.

WENT TO GERMANY.

WASHINGTON, To-day. An official despatch from France to-day says German papers report King Ferdinand of Bulgaria going to foreign lands for some time, on account of his health. According to the Neue Freie Presse, a Bulgarian newspaper on his way through Vienna some one has heard through Vienna sources that the Bulgarians were very tired of war and had prospects of a poor harvest.

TAKING FOLLOWED DEMAND.

LONDON, To-day. The Exchange Telegraph Co.—The excitement against Germany, in King's speech, has been growing, particularly after last week's events. The Germans recently demanded the cruiser Hamidieh, the one large ship in possession of Turkey, as compensation for the Breslau, the former German cruiser which was destroyed in the Dardanelles while under Turkish flag. Despite Turkey's protest the Hamidieh has departed for Sebastopol with the German flag flying.

MISTAKEN LENIENCY.

LONDON, To-day. Sir Joseph Jonas, former Lord

Mayor of Sheffield, was fined £2,000 and charges, and Alfred Vernon, a former employee in the Ministry of Munitions, was fined £500 with costs, in the Old Bailey Court yesterday on charges that they had conspired to violate the Official Secrets Act by obtaining and communicating information that might be useful to his enemy. The jury found that they were not guilty of felony but that they committed a misdemeanour. Carl Hahn, another defendant in the case, was acquitted. The charges against the three men were based on information given to Germany in 1913 relative to the intention of a British firm to manufacture rifles.

DILLON'S MOTION DEFEATED.

LONDON, To-day. The debate in the House of Commons yesterday on the Irish question, which hit the Justices, and the motion of John Dillon, the Nationalist leader, condemning the Government's proposal to make an inquiry into the Irish question, was rejected by vote of 245 to 108. Mr. Dillon's suggestion, that the question on Ireland be referred to President Wilson was well received in the House, but as former Premier Asquith pointed out, it couldn't be expected that the President of the United States would undertake such an arduous task at this time, and the matter was obviously one which the British people have to settle themselves. This question was one of overwhelming importance, Mr. Asquith declared, and he made a strong appeal to the Government to make an extra effort, even at the eleventh hour, to settle it. The Chief Secretary for Ireland, Edward Short, made a speech conciliatory in tone but it did not conciliate the Nationalists. They received the warmest support from the Labor Party, whose spokesman, Wm. Adams, member of the West. Mr. Dillon's motion would receive its support. The Labor Party believed that the Irish question could be settled by a general measure of Home Rule, and he added, the British people ought to grant it now.

TOO LATE FOR THIS WAR.

PARIS, July 29. A giant plane, carrying a hundred men and equipped with engines equal in power to those in a medium sized steamship, will be developed within three years, said Gianni Caproni, inventor of the Caproni bombing plane, in an interview. The bombing plane now in use, Signor Caproni continued, will be more of a dwarf compared with those to be developed. There is a surprise in the store for the Germans. Instead of forty and fifty machines necessary to start on a bombing expedition it will be possible to do the same with the new machine as powerful as the whole squadron. The new machine will be much more effective and will prove a great saving in operation. A trip across the Atlantic could be accomplished in the present day machine during July and August and September, and probably October.

SUBMARINE CAMOUFLAGE.

AN ATLANTIC PORT, To-day. Three Trans-Atlantic liners which arrived here yesterday reported having been attacked by German submarines, each of them about two hundred miles off the American coast, in latitude 38.35; longitude 70. All three vessels by superior speed escaped undamaged. After a running fight which lasted several hours the master of another vessel, to-day, said that three days ago a wireless call was caught by his ship coming from a vessel in plain sight, asking for assistance, but while a closer observation proved to be a submarine with telescopic masts and was in many respects made up in the sailing vessel in a sinking condition.

REACHED ITS LIMIT.

PARIS, To-day. The fierceness of the fighting on Monday, it is believed here, is a sign that the German retreat has reached its limit, and that the enemy will make a stand with his right wing in the plateau south of the Oise and with his left on the Hill south of the Andre. For the defense of this line it is held the Germans will devote all of General Von Boehm's army and the reserve section taken from Crown Prince Rupprecht of Bavaria.

NO CHANGE.

PARIS (Bulletin) To-day. There was no change in the situation north of the Marne last night, says the statement from the War Office to-day. The statement reads: During the night no event of importance was reported from the front north of the Marne.

Here and There.

HERE TO FISH.—A number of fishermen from Bonaville Bay, fish from this port, arrived last week.

SLIGHT FIRE.—A spark from a shunting engine nestled in a crevice on the roof of an old shed near the Nid. Atlantic Fisheries Co.'s cold storage plant at noon to-day and started a slight blaze. The Central and West End Companies responded but before they reached the scene the blaze had been extinguished by a few of the hands working around the plant.

FOOTBALL.—Last evening, at the Tannery field, the second of a series of three football games between the Cathedral Junior Bible Class and the Dunfries Boys Bible Class, was played. The Cathedral Boys won by 3 goals to 1. In the first game, which was played last week, both teams drew, and the third, which will be played this evening may decide the championship.

McMurdo's Store News.

TUESDAY, July 30th, 1918. Cassell's Tablets have a great reputation in England for various nervous disorders, such as nervous exhaustion, neurasthenia, indigestion, nerve pains, brain fag, depression, nervous dyspepsia, etc., and their reputation in this country seems to be growing. At any rate many people speak well of them for these troubles. Price 60c a bottle.

Sanditen Tooth Paste, the old favorite, is still going strong, and its popularity is increasing. Sanditen cleanses the teeth thoroughly, leaves a clean pleasant taste in the mouth, and is a good antiseptic. Price 25c a tube.

Personal.

Mr. Jos. Meaney, of Avondale, was in town yesterday, having arrived from Spiney. Mr. Meaney's father died a few days ago, and having received word of his illness, he made preparations to leave at once, when he met with an accident, resulting in his arm getting broken. His detention in hospital for a few days prevented him from seeing the last of his parent, which was all the harder to bear, because of the fact that his brothers are all scattered over Canada, and could not get here either.

Reids Boats.

The Argyle is to leave Placentia to-day on arrival of train. The Clyde left Morton's Harbor at 5.20 p.m. yesterday, outward. The Dundee left Port Union yesterday.

The Ethie left Port Saunders this morning, inward. The Home left Lewisporte yesterday.

The Petrel arrived at Clarendville at 9.30 p.m. yesterday. The Fogota left Placentia at 9 p.m. yesterday.

"Blue Puttees" Coming

Editor Evening Telegram. Dear Sir.—Information has been received by the Department of Militia that two drafts are expected shortly, one consisting of fifteen Officers and one hundred and sixty-four other ranks; the other of seven officers and sixty-four other ranks. Of the foregoing, ten officers and ninety-eight other ranks are Blue Puttees men returning on leave.

Yours faithfully, W. F. RENDELL, Lt.-Col., Chief Staff Officer.

More Florida Water.

On Sunday a resident of James' Street bought a bottle of Nervine and one of Florida Water, which he mixed and drank. He soon became seriously ill and a doctor had to be summoned to report. The doctor found the man in a bad condition and had to work on him for over an hour. During that time his recovery was regarded as doubtful, but we are pleased to state that he has sufficiently recovered to resume his work, and will in future eschew all "soft drinks."
