**HARBOR GRACE CONGRATULATES ST. JOHN'S.**  
(Special to Evening Telegram.)  
HARBOR GRACE, To-day. Coaker-Squires supporters here are sick as they see the tide for the Government swamping them. They are now blaming each other for not selecting Mr. Dugal Munn in preference to the slacker, Archibald, and his chum, Barnes. They are reporting all sorts of rumors to try and make breakwaters to save the situation. Congratulations to St. John's on determination to down Squires and Coaker. Depend on Harbor Grace for three men—Picoott, Parsons and Josiah Gosse. All other reports false. Squires' friends now trying the betting bluff, but they are taken up every time. Cashin will come back. Squires Coaker combination cannot be trusted.

### At the Majestic.

The greatest picture that was ever shown in this city was screened at the Majestic Theatre last evening, and the packed house sat entranced from the very first scene to the end of the ten-reel picture, and this morning the talk of the town was the stupendous production. Geraldine Farrar, famous as an emotional actress, took the lead, playing the part of Joan d'Arc. As an actress of this type she has no peer, and in this picture her supreme powers are brought into play. The picture, "Joan the Woman," produced by Cecil D. DeMille, that giant of the American moving-picture world, is possibly the greatest ever made, and for this purpose the Majestic is putting it on for three evenings—last night, to-night and to-morrow. As suggested by the title, the story deals with that most tragic of all historical figures—Joan d'Arc of Orleans, of whom every school-boy has read but the real story of whom has never before been depicted until now. There is not a person in St. John's, whether old or young, who should not see this wonderful production, and it is not exaggerating to say that one's education is incomplete without it. The entire story of the noble girl of France, told in words best by the immortal Mark Twain, is given in a manner that is marvellous and awe-inspiring. The fighting scenes were the most realistically thrilling ever seen in a picture, and were alone worth seeing. The picture will be shown but twice more, and we seriously advise every man, woman and child in the city to go and see "Joan the Woman," a picture whose equal was never seen here before and never will again.

### MORE GERMANS ON DEATH LIST.

BRUSSELS, Oct. 29. The Belgian Minister has given his approval to a list of 1,150 Germans, soldiers and civilians, who will be prosecuted on charges arising from violation of laws of war at the time of the invasion of Belgium and during the occupation of this country by German troops, according to "Independence Belge." The list is to be sent to the Peace Conference.

### RIOTING IN EGYPT.

ALEXANDRIA, Egypt, Saturday. Two rioters were killed and ten others injured and twenty-seven policemen were hurt in a serious Nationalist demonstration yesterday. The trouble arose when the police attempted to suppress a peaceable demonstration, such as recently been weekly features of political activity in Alexandria. Sticks, stones, bottles and police batons were first used. The arrival of the Governor restored order for a time. Then two motor lorries with troops appeared on the scene and eventually shots were fired at the crowd. To-day there was some recurrence of trouble at harbor side but it was of a comparatively minor character.

### CAIRO, Saturday.

"Follow Alexandria," shouts of "We don't want the Milner Commission," interrupted the band playing God Save the King at the public gardens yesterday, giving the signal for the Nationalist demonstration. The trouble was quelled by the authorities, who placed a number of students under arrest.

### A Protest.

THE RECTORY,  
Spaniard's Bay,  
October 29, 1919.  
Editor Evening Telegram.

Dear Sir—At a largely attended meeting of the clergy of the Deanery of Conception Bay, held at Spaniard's Bay on Oct. 28th, the following resolution was unanimously passed:—  
"BE IT RESOLVED,—That in the opinion of the clergy here assembled, the tone and spirit of the 'daily press of St. John's during the present political campaign is such as to seriously militate against the moral welfare of the people of Newfoundland and that 'we would be failing in our duty if we did not pronounce our emphatic protest against it.'  
AND FURTHER,—That in our 'mature opinion the political discussions and articles should have reference only to the merits or demerits of the political programs and personal recriminations should be entirely eliminated.'  
signed:—
