SWEET, PURE MILK—always on hand when you want it!

If you have never used Libby's Evaporated Milk, you will be amazed to find how good, how convenient and economical it is. Many women who first tried it in some emergency now use it always—they find it gives such satisfactory results.

There's no waiting for the milkman—you can always keep several cans on the shelf and in summer there's no bothering with ice, and in winter the milk wagon can get stuck in a heavy drift of snow as often as it wants to!

And there's less waste—a can of Libby's Evaporated Milk will keep indefinitely before being opened—and after you have opened a can you can use just what you need; the rest, put in a cool place, will keep several days.

Libby's Milk comes from the finest dairying section of America and is processed in our own sanitary condensaries—it is not the "distributed" product of an unknown and nameless plant.

Order a tin from your grocer to-day.

Wedding Bells.

CARLTON-JOYCE.

The Methodist Church at Souris, P.E.I., specially and beautifully decorated with autumn leaves, ferns, asters and dahlias, and filled with people at seven o'clock on the morning of September 14th, was the scene of a quiet but pretty wedding. The contracting couple were Rev. J. G. Joyce, R.A., S.T.B., son of Edward and the late Miss Joyce, Carleton Place, and Miss Sue Mallett Carleton, niece of Mr. C. C. Carlton, Souris. The bride entered the Church leaning on the arm of her uncle and unattended to the strains of Mendelssohn's "Wedding March" and Schuman's "Träumerei" was played very softly during the ceremony, performed by the pastor, Rev. G. Stanley Helps, M.A. Mrs. Frank Dierwell sang very softly "O Promise Me" during the signing of the register, after which Lehaugen's "Bridal Chorus" pealed forth and the happy couple retired. The bride was given in marriage by her uncle and wore a very becoming travelling suit of navy blue tulle with moleskin trim, the gift of her aunt, and a large hat of black panne velvet with a moult of silver-toned oak feathers. She carried a shower bouquet of opalis roses. The bride was a student of Mount Allison College and the Conservatory of Music in '14, '15, and '16, and in '15 was awarded Birk's gold medal for the highest prize of the college for obtaining the highest general average. She is a graduate of Union Commercial College, Charlottetown, where she won in 1920 the gold medal, the highest award of the institution. Various organizations of the Church received her attention and with marked success she was the efficient Church organist. The groom was a student at Mount Allison from 1912 to 1914, and graduated from the Theological Department and later studied in Boston. Following the ceremony a dainty wedding breakfast was served at the bride's home—her uncle's—after which the bridal party motored to Charlottetown and Mr. and Mrs. Joyce left en route to the United States on a short honeymoon trip before making their home at Britannia. The bride was the recipient of many beautiful and valuable gifts, among which were a silver service from the congregation of the Methodist Church, substantial check and fur coat from her uncle, an elaborate cabinet set of silver from her three brothers, and checks from the groom and his sisters. The Telegram extends heartfelt congratulations to Mr. and Mrs. Joyce and wishes them a very happy life.

As the North Sees it

(Twillingate Sun.)

The Telegram is advocating a slogan "Down with the Prices," but we hope this will be done by the sellers, and will not have to be forced by the iron hand.

THANK YOU!

We thank the newspaper men of our country for their notes mentioning our position and wishing us success in the venture of keeping the Sun going. We must say in passing that we did overlook to sign our introduction in the first issue, but we do not profess to be free from making an occasional error; but we have been rushed in the past three weeks.

So again we thank you for your word of cheer.

OUR COUNTRY.

The Prime Minister Sir R. A. Squires when at Montreal, and interviewed by the Montreal Star, made with others the following statement:—

"Newfoundland is the best thorough admixture of the English, Irish and Scotch races in the New World. The people who came and colonized the country, before Canada was known, at least as a Confederation, were the Vikings of the British Isles, who came as the makers and developers of the New World. It is their descendants, born and bred in the atmosphere of the sea, who constitute the present inhabitants of Newfoundland, and that breed of men does not go under because it is a rainy day."

We hope for the sake of the super-taxed people that the rain will soon clear off. Who caused such torrents of taxation, and what party passed such restrictions on the descendants born and bred in the atmosphere of the sea?

Sable I's Passengers.

The following passengers are booked to sail by s.s. Sable I. leaving this evening for North Sydney: Jack Woods, Miss M. E. Butler, Miss A. Pitcher, Miss G. Guy, J. C. Cummings, J. Seymour, Miss R. Wheat's Linctus used by Physicians

Newfoundland Boy

Creates Sensation Among Poultry Enthusiasts.

The following item has been copied from the Springfield Journal. The young man mentioned, who will be remembered by many of his old associates at Bishop Field College, is a son of Mr. Harry Bibbings, former proprietor of that well known barbering establishment now owned by Mr. W. C. Donnelly, opposite Marshall House, on Water Street. We understand that this reception, a very different one from a number of around New York, and reporters with camera men representing some of the leading American Newspapers were sent to photograph and write it up. The Springfield Journal contains a photograph of Mr. Bibbings, the prize hen and the prize egg, described below.

CRATE COVER CAN'T BE NAILED DOWN OVER HEN'S EGG.

BROOKFIELD, Aug. 15.—Howard G. Bibbings, of South-Maple Street, has a thoroughbred leghorn hen, which varies a consistent laying record by occasionally producing an egg of unusual size. About every two weeks, according to records at the Bibbings poultry yard, the prize hen lays one of the unusual eggs. Her production yesterday was even larger than usual. The egg stood three inches high, measured 4 1/4 inches in circumference, and weighed 3 1/2 ounces. It was so large that when packed in a regulation egg shipping crate, the cover could not be nailed down, and as a result the egg is destined never to reach the market. Mr. Bibbings is a boy of 20 years, and has made a great study of poultry, and is successfully conducting a farm numbering now 300 fowls. It is his plan to increase the flock next year to 1,000. He has been under construction a number of hen-houses being built in accordance with his plans and erected by himself.

Every Woman

Should Know

That Lantic Sugar in yellow packages is cleaner and finer than sugar exposed to dust and germs in an open barrel.

That Lantic Sugar in 2 lb. and 5 lb. dust-proof yellow packages is finer than sugar in barrels.

That fine sugar is bulk for bulk, sweeter than coarse sugar.

That Lantic Sugar, in the yellow packages, is therefore sweeter sugar.

That Lantic Sugar is therefore more economical than coarse sugar.

That Lantic Sugar is purest cane sugar, absolutely unadulterated.

That this best of all sugar, Lantic in packages, is sold at the same price as sugar out of a barrel.

That intelligent women prefer Lantic and that the best shops sell Lantic. IT'S CLEANER AND SWEETER.

COLIN CAMPBELL, LTD., sep 13, 31, tr, th, m. Distributors of Lantic Sugar.

More About Rents.

Editor Evening Telegram.

Dear Sir,—I saw in last evening's Telegram a letter signed "Tenants" re the Housing Problem of St. John's. I have watched for a long time the obstructions that are in the way of getting fit or half decent houses to live in. There are I suppose about 90 per cent. of the City's population living in rented houses, a large proportion of which are not fit to put cattle in and yet there is nothing being done to prevent the landlord from claiming the most exorbitant rent from month to month. The trouble is, as the writer in last evening's paper stated, the landlord knows right well what a trying time poor people have to obtain houses, and it is only a matter of sickening on rent and let the house go up, for ought he or she cares as far as repairs go. Regarding the latter I have written on this matter two or three times and I suggested in one of my letters last year, the formation of a tenants' association. Again I beg to introduce the same scheme. I suggest that a meeting of all those paying house rent should be called and the matter discussed. It is a wonder to me that our worthy friend Mr. Geo. W. B. Ayre has not taken this matter up long ago. He is I think the poor man's friend, and would be a capable man to organize and protect the tenants of St. John's. The suggestion may be simple but I do not see for the life of me why the tenants are not organized as well as the Tailors or Longshoremen. Let us get together as a body and see this thing through. I am willing to assist in any manner possible. I trust that some able pen than mine will take this matter up and bring it to a head.

Very truly yours, L. M. K.

Sept. 20, 1921.

PERSONAL.—Mr. George R. Vokes, Wholesale Manager, Northway Motors Sales Co., 1 Beacon Street, Boston, Mass., left by this morning's express for the North. Mr. Vokes will return to St. John's again before leaving for the United States.
