UNSATISFACTORY PEACE IS WORSE THAN BLOODY WAR

Premier Lloyd George Can See No Signs of Permanent Peace; U-Boat Menace Well in Hand; Losses Decrease

WORK IN HARMONY

Perfect Co-operation Between Allied Nations; Best Way to Shorten the War Is to Prepare for a Long Campaign

London, Oct. 22.—"I have scanned the papers intently," said Premier Lloyd George today, "and can see no signs in sight which will lead to ending peace. The only terms now possible would mean an armed truce ending in an even more frightful struggle."

The premier said he had hoped the enemy's terrible power might be broken in this year, but that the temporary collapse of the Russian military power had postponed this hope. But time was favoring the Allies, he said. Time once was neutral, but two things have changed this, namely, the advent of America and the increasing failure of the German submarine war.

The allies were working in the greatest harmony, the premier continued. He said they were on the eve of the most important inter-allied conference ever held at which for the first time representatives of America had of the Russian democracy would be present. He stated that the conference meant to determine the ultimate issue of the war.

The war, said the premier, was terrible in itself, but more terrible in the possibilities it revealed, of new blood on land and sea and in the air, he declared. If the war should be renewed after 30 years more of scientific application it would mean the death of civilization. Brute force must be destroyed for ever.

To realize what the advent of America meant, the premier went on, it was necessary only to look back on the rapid growth of the little British army. America was now starting, and its resources in man power were twice those of Britain.

Shipbuilding increased British shipbuilding, said the premier.

Too Nervous To Sleep

Nerves Wrecked by Accident—Was Afraid to Go in a Crowd or to Stay Alone—Tells of His Cure

London, Oct. 22.—Much sympathy fell in this city for Dr. Dorsey, who met with a distressing accident when his foot was smashed in an elevator.

The shock to the nervous system was so great that Dr. Dorsey was in a pitiable condition for a long time. He was like a child in that he required his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep because of the weakness and excited condition of his nerves.

Detroit doctors did what they could for him, but he could not get back his strength and vigor until he fortunately heard of Dr. Chase's Nerve Food.

It is no mere accident that Dr. Chase's Nerve Food proves to be exactly what is needed in so many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it succeeds where ordinary medicines fail.

Mr. Laurence E. Dorsey, 39 Stanley street, London, writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not go down alone, or go any place where there was a crowd. Sometimes I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better, can sleep well at night, can go out on the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

DO YOU SUFFER FROM BACKACHE?

When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be despondent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer.

The old, reliable medicine, Hood's Sarsaparilla, gives strength and tone to the kidneys and builds up the whole system. Hood's Sarsaparilla is a peculiar combination of roots, herbs and salts. No other medicine acts like it, because no other medicine has the same formula or ingredients. Accept no substitute, but insist on having Hood's, and get it today.

mier, has increased fourfold and America had done likewise. Germany laughed at the war declarations of China and other nations, but these declarations meant that most of the world's food and raw materials were under the flags of Germany's enemies, which could reduce Germany to impotence and desolation.

Mr. Lloyd George said Germany would make peace now on terms which would enable her to benefit by the war. He asserted that he would be encouragement to every buccannering empire in the future to repeat the experiment.

More than twice as many German submarines were lost in the first 10 months of this year as in all of last year, the premier asserted. The British tonnage lost monthly now is not much more than one-third of the total destroyed last April.

Mr. Lloyd George said that "Bolshevism" in all its shapes and forms should be looked out for.

"Beware of people who try to sow dissension, distrust and suspicion," he said. "The enemy is trying to rattle our nerves. Keep steady and we will win."

The way to shorten the war, said Lloyd George, was to prepare for a long war. He added:

Must Be a Long Peace
"I am not going to predict when the war will be ended. No man in his senses would prolong the war an hour longer than is necessary to secure a lasting peace, but it must be a lasting peace, not a prelude to a more devastating war."

The premier said eyes must be kept steadily on the great purpose of the war, which was destruction of the false ideal which would have intimidated and enslaved Europe if it had triumphed.

"Our real enemy," he continued, "is the war spirit fostered in Prussia. There would be no peace in the world until the shrine of the war spirit in Potsdam is shattered and its priest hood is dispersed and is discredited for ever."

Costly to Humans

Chancellor of the Exchequer Andrew Bonar Law, referring to air raids, declared it was impossible to prevent them, but Great Britain would make them as costly as possible. He added Germany has carried out a kind of aerial warfare which is detestable. We would avoid it if we could, but the enemy is determined upon it. So be it. Our enemies will find that what they full measure, pressed down and running over."

Bonar Law asserted that for many months the British air service has had priority over every other in arms supplied. During the last month at the front the British had dropped 8,000 tons of bombs behind the German lines, and the Germans had dropped only about 1,000 behind the British lines.

Right to One

"In one month," he added, "our air men in Flanders did damage to the enemy far exceeding all the damage they have done to us in all their raids." The chancellor said the British air force were doing well. They were slowly but remorselessly going forward in Flanders and the result was a mathematical certainty. The true battlefield in the war, he added, was in the soul of the nation.

"I predict that you will be a very different people after this war," Mr. Bonar Law continued. "You are learning your lesson and standing up to it."

TWO CLASSES DEMOBILIZED

Petrograd, Oct. 20 (delayed).—The troops comprising the classes of 1896 and 1897, 41 and 42 years old, have been demobilized. The general committee of the workmen and soldiers' deputies is protesting against the removal of the government to Moscow. The committee declares that it will not follow the government, but "will remain in Petrograd with the revolutionary proletariat until the last moment."

JAPANESE VESSEL LOST

Tokio, Oct. 22.—The Japanese steamship Hitaichi Maru, 6,556 tons, due at Delagoa bay, Portuguese East Africa, Oct. 1, is missing and is believed to have struck a mine with the loss of all on board.

LAURIER MISSED GREAT OPPORTUNITY TO SETTLE QUESTION

Had Golden Opportunity to Unite Both Races; Said to Have Committed a Crime in Not Grasping Opportunity

Quebec, Oct. 22.—In an interview here on Sunday, Hon. Albert Severyn, minister of inland revenue, affirmed that Sir Wilfrid Laurier committed a crime in refusing to unite the two great races that live in Canada. B. his attitude of rising to the height of the situation," said Mr. Severyn, "Sir Wilfrid Laurier gave the weight of his prestige and his influence to the Montreal dynamite, to the Quebec window-smashers and to the opportunists of this province."

As a result of his attitude, the Quebec minister said, Sir Wilfrid Laurier would have been prompt settlement of the Ontario and Manitoba difficulties. "Instead of rising to the height of the situation," said Mr. Severyn, "Sir Wilfrid Laurier gave the weight of his prestige and his influence to the Montreal dynamite, to the Quebec window-smashers and to the opportunists of this province."

Mr. Severyn roundly scolded the Liberals and the Nationalists in this province for the manner in which they have poisoned public opinion and worked up racial hatred. If the people in Quebec had not been misled by demagogues they would have shown all along how numerous in this province are honest and patriotic Canadians who are ready to sacrifice for the good of the country.

OUTNUMBERED, BUT HELD OFF SUPERIOR ENEMY FOR HOURS

British Cruiser Mary Rose Single Handed Fought the German Cruisers to a Finish; Hung Fired on Women in Open Boats

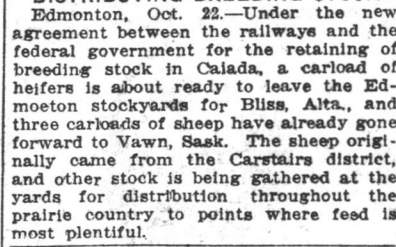

London, Oct. 22.—The British destroyer Mary Rose fought single-handed against the German cruisers in the convoy action in the North Sea, according to a story ascribed to a British officer rescued off Bergen and transmitted by the Christiania correspondent of the Times. The other destroyer, which should have been present, never appeared and it is thought likely that it was destroyed at the beginning of the action.

After fighting heroically for half an hour, during which she was subjected to the most terrific concussive fire, the Mary Rose sank. Ten members of the crew were found clinging to buoys and rescued.

The correspondent says that the reports of the butchers of the crews of the merchantmen pass description. Two women on one ship waves a piece of white cloth which was perfectly visible. They were silenced by a volley from the German cruisers.

DISTRIBUTING BREEDING STOCK
Edmonton, Oct. 22.—Under the new agreement between the railways and the federal government for the retaining of breeding stock in Canada, a carload of heifers is about ready to leave the Edmonton stockyards for Bliss, Alta., and three carloads of sheep have already gone forward to Wain, Sask. The sheep originally came from the Carleton place, and other stock is being gathered at the yards for distribution throughout the prairie country to points where feed is most plentiful.
