SOME WONDERFUL ECHOES!

SOME WONDERFUL ECHOES!

They Have Astonished Visitors!—
Echoes from the Atlantic to the
Pacific!—Canadians Wonder!
An echo in Woodstock Park, Oxfordshire, repeats seventeen syllables by day
and twenty by night. One of the banks of
the Lago del Lupo, above the fall of Terni,
repeats fifteen. But the most remarkable
echo known is on the north side of the
Shipley Church, in Sussex, which distinctly
repeats 21 syllables. In the Abbey Church
at St. Albans, is a curious echo. The tick
of a watch may be heard from one end of
the church to the other. In Gloucester
Cathedral a gallery of an octagonal form
conveys a whisper 75 feet across the nave.
In Canada, although we do not possess
such edifices, remarkable for echo producing, our country can boast of a name
which daily resounds from the Atlantic to
the Pacific, and from the cold and dreary
north to the sunny plains and orange groves
of the south. It is a household word, and
is synonymous with joy, health peace and
contentment. It is none other than Paine's
Celery Compound, which restores the
nervous, weak, sieepless, broken-down,
dyspeptic, neuralgic and rheumatic to
sound health and robustness of body. Its
name is everywhere hailed with joy and
pleasure; its wonders have made it the
great and popular Canadian remedy. Paine's
Celery Compound, unlike the ordinary
preparations of our day, is an all-powerful
agent for the eradication of disease and
suffering, and cures without fail. Thousands
of the best people of Canada have sent in
their testimonials, and attest to wonderful of the best people of Canada have sent in their testimonials, and attest to wonderful

Forest City Business College.

This institution is increasing in popularity from year to year, not only with the citizens of London but with the people of Western Ontario. The attendance from London the present term is 25 per cent. in advance of any similar period in the school's history. Upwards of 125 students are now busily engaged in the different departments of the college. A course in the institution means vasily more than the ability to write up a set of books. The student handles the different kind of business paper, and is made familiar with the law relating thereto. He is taught how to write a business hand, and is expected to calculate quickly and accurately any ordinary work in business arithmetic, hence our students wherever they are placed hold their own against all comers. Upwards of 60 of last season's pupils received good positions, and the indications are that this season will outdo its predecessor. Miss Carrie Adams is bookkeeper for E. W. Leitch, Hardwood Lumber Company, Detroit, Mich. Mr. T. A. C. Campbell is employed as bookkeeper and stenographer with the Consumers' Oil and Refining Company, Petrolea. Miss Minnie McCallum has accepted a position in the office of J. L. Fitzgerald, grocer, Dundas street, as bookkeeper. Mr. Charles Betts, of Mount Brydges, resigned his position as shipping clerk in the office of J. Labatt, Eeg., to accept a more lucrative one in Saginaw, Mich. Mr. Hartley Laycock, invoice clerk for J. Wright & Co., hardware merchants, city, also resigned his position with that firm to accept a good offer from Chicago. Mr. Will Thirlwall, Ailsa Craig, writes us from Libertyville, near Chicago, that he isemployed in the office of E. B. Smith & Son, general merchants. Mr. Geo. Millar has accepted a position with R. C. Struthers & Co. as invoice clerk. Miss Edith Hartson has entered upon her duties as stenographer and clerk with the Wood's Faic. Forest City Business College A course in the F. C. B. C. qualifies a

young man to accept a position in the best houses in any Canadian or American city. During the past few weeks we have re-ceived applications from some good houses in the city for qualified assistants. We would esteem it a favor if others in need of office help of any description would call or telephone, as we are generally in a position to place students on short notice.

Guelph Presbytery.

The Presbytery, which met in Guelph on Tuesday, agreed to disapprove of changing the season for holding the meetings of the synod from spring to fall, and of the division of the synod in the meantime, but to approve of omitting the calling of the roll at the opening of that court, and of the appointment of a registrar with whom members may register their names immediately on their arrival. Dr. Dickson's notice of motion on the mode of appointing commissioners to the General Assembly was referred to a committee to consider and report at next meeting, Dr. Caven was unanimously nominated for the moderatorship of the General Assembly at its next meeting. John Davison tendered his resignation of his pastoral charge, when it was resolved to cite the session and congregation to appear for their interest at next meeting. Dr. J. K. Smith, at one time pastor of Knox Church, Galt, was present, and at request addressed the Presbytery on his journeyings and labors since he left the neighborhood. A report was read and considered from the Committee on Evangelistic Services. Other committees were not prepared with their reports. At their ownrequest an extension of time was allowed the Committee on Reports from the General Assembly to prepare their report.

On Mr. Alexander Newcomb's farm in Torbolton his 5-year-old daughter, Jessie, was accidentally drowned in a well.
