Special to C. E. Turner, broker, Masonic Temple, from Walker & Co. Chicago, Aug. 28.-Market continues its weakness; also foreign markts. Our Leavy stocks in store anchors the trade. It finds it impossible to lift prices, and in the new spring wheat movement there is not any encouragement for holders. Manitoba has a 30,-000,000 bushel wheat crop, and the spring wheat chop will want buyers immediately for as much as transportation can carry away probably. Wheat is low, but there is no heart in the trade. Oats and other feeding stuffs—Stocks

BRITISH CATTLE MARKETS. John Swan & Sons, Ltd., Edinburgh, in their weekly report of Aug. 16 say: There have been fairly large supplies of fat cattle on offer. For the best classes a good trade has been experienced all over. The warm weather has been rather against the demand in the meat market, but the lighter supplies kept prices firm. Irish cattle all over were again a good lot. There have been 1,160 State and Canadian cattle at Yorkhill trade for which was quieter by about 15s a head less money. The numbers of sheep and lambs have been smaller. Trade throughout steady and as nearly as possible last week's prices obtained, except for secondary ambs, which made rather less money. Fat calves met a fair trade, any alteration being in favor of buyers. Fat pigs sold quite as well. At the various lamb sales a good demand has been experienced at prices generally satisfactory to sellers. There were more store cattle on offer, and for nice de-\$5 15.

THE CRUSHER BROKE,

And a Large Force of Pavers Were Laid Off.

A Delay in the Work-The Rails Are Here-Leveling the Tracks.

Today at noon the large force of men who were at work laying the concrete foundation of the asphalt pavement on Richmond street, were obliged to quit work on account street, were obliged to quit work on account of a break in the stone crusher. This deprived them of broken stone. They will probably be at work again in the morning. Another force of men have completely stripped Dundas street west of cedar blocks. and the whole of the north side of the street between Ridout and Richmond has been rolled by the roller. Dundas street is being undermined in about a dozen places by waterworks employes, although the city engineer has written a warning letter to the

commissioners as to its effect on the pave-The imported rails for the street railway company arrived today and the work will be pushed rapidly ahead. There is no shortage of binder irons as stated. Rails have now been laid from Wellington to York street on Dundas and Richmond, and workmen are putting on the finishing touches and leveling them.

GETTING DOWN TO BUSINESS. Bostor, Mass., Aug. 28.—The business of the 26th triennial conclave of Knights Templar to-day was begun in earnest by the Grand Encampment, while the round of pleasure was resumed by the great buly of Knights with lively enthusiasm. Sessions of the Grand Encampment were

held both morning and afternoon at Masonic Temple, and grand competitive drill of the crack commanderies of the United States, was held at the South End baseball grounds. Many grand and subordinate commanderies kept open house all day, while excursions almost without number, to the various harbor resorts and historic points near by, attracted thousands of Knights and ther ladies and guests. Thy thoughts after Thee!" is a type of Professor Farrar, who eccupied the chair of natural philosophy at Harvard University two-thirds of a century ago, was a man possessed of this enthusiasm for his work, and beloved by his

pupils, whom he inspired with something of his own spirit. One day the class entered the lecture room and found the professor walking backward and forward, with kindled eye and working face, holding a ball in his hand. Presently he stop-ped and confronted the class, and exclaimed, suiting the action to the word: "I toss this ball into the air; the

earth rises up to meet it, and the stars bow down to do it reverence:" Probably no member of the class who heard these words ever forgot their absolutely, accurate lesson; that action and reaction are equal; that the apple which falls to the earth, at the same time draws the earth to itself in the exact ratio of their relative weight and disturbs even the course of the planets and stars. Still less could they forget the grandeur and unity so viv
