

BISHOPS REJECT BASIS OF UNITY

Scheme in Present Form Would Imperil Church's Internal Harmony, It Is Stated.

Ottawa, April 24.—The Canadian Press is authorized by Archbishop Hamilton to publish the following statement bearing on the proposals for church unity recently put forward by certain Anglican clergymen in Canada: "The bishops of Eastern Canada having given attention to a circular entitled 'An Appeal on Behalf of Church Unity,' signed by certain clergymen within their jurisdiction, deem it their duty to make the following pronouncement:

"While earnestly desirous of promoting the visible unity of the church, they deeply regret the publication of the circular in question, believing that such unauthorized action will inevitably hinder rather than promote the cause of real and lasting unity. While recognizing the right of every churchman to his views on things non-essential, they regard the specific proposals of the circular as calculated to subvert the church's historic order, to imperil her internal harmony, and to retard the progress of her legitimate work.

"They admonish the brethren, clergy and laity alike, not to act precipitately, and to be beware lest, in their anxiety to come closer to the brethren in non-episcopal communions, they weaken the bonds by which the Church of England in Canada is united to the Anglican communion throughout the world."

AMUSEMENTS

"The Rainbow" Tonight.

Henry Miller appears at the Grand tonight in "The Rainbow." He returns to Canada in a play that has proved as great a success as his former famous hit, "The Rainbow," is nearing the end of its second season, but its two years of life on the stage have been passed in just a few of the bigger cities of the United States. It ran all last season in New York, attracting even larger audiences than were drawn by "The Great Divide" in its first New York season. This season it has had long runs in Boston, Philadelphia and Chicago, and in each of those cities, as well as in New York, it was hailed as the most beautiful play ever written by an American author.

Marks Brothers.

"The Girl From Sunny Alberta," a pleasing four-act pastiche, drawn to be produced by the Marks Brothers' Company and Miss Grace Marks at the Grand Opera House twice tomorrow, embraces a story of a heroine of the Canadian West, the story which is the work of Canadian author, follows the fortunes of a cowboy girl, whose father has made millions in ranching and mining, and who is hailed as the most beautiful play ever written by an American author.

"The Quaker Girl."

The one un-Americanized musical comedy is the way a famous New York reviewer described "The Quaker Girl," which comes to the Grand Monday evening. The big musical comedy will be presented here exactly as it was presented for one year at the Park Theatre, New York, with Victor Morley in the principal male role. Over 100 picked singers are in the company, which comes and goes in state by special train, and carries the scenic embellishments to stage two ordinary musical shows. The history of "The Quaker Girl" is pretty generally known by this time, but for those who have not heard of it, it is a story of a young man who is explained that the piece was originally produced by George Edwards in London and appeared there for over two years, while the other company was sent to Paris, where it scored an equal hit.

New Treatment Now Advocated For Bronchitis

IS HAVING WONDERFUL SUCCESS AND IS MAKING REMARKABLE CURES.

For bronchitis a different form of treatment is now advocated. It consists of a scientifically devised vapor that penetrates to the uttermost recesses of the lungs and bronchial tubes. Every spot that is sore, every surface that is irritated is at once bathed with soothing balsams and healing essences that make chronic bronchitis an impossibility.

This treatment now so universally employed in bronchitis, throat trouble, colds, etc., is called CATARRHOZON. It acts just as all of the pine woods acts, as a healing antiseptic remedy for all diseases of the breathing organs. Just think of it—a remedy that can be carried with you, that you breathe to the seat of bronchial or catarrhal inflammation. A remedy powerful enough to kill germ life and yet so healing that it does not harm it. Catarrhazone is truly a wonderful remedy. In many lands it has won its way, and is affording grand results to sufferers from colds, catarrh, throat weakness, asthma, and bronchitis. There is no sufferer from a grippiness or cold or any winter ill, that won't find a cure in Catarrhazone, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months and costs \$1.00 and is guaranteed; small size 50c, sample size 25c, all stores, druggists, or The Catarrhazone Co., Buffalo, N. Y., and Kingston, Canada.

NO SURRENDER IS CALIFORNIA'S SLOGAN

Firm in Stand to Pass the Anti-Alien Land Legislation.

Sacramento, Cal., April 24.—Not the dignity of Japan, but the dignity of California, is at stake, in the controversy over the alien land law, according to Governor Johnson, and if the plans of the majority party here gives offense to the Government of Tokyo, the California executive abhors the state from blame, on the ground that federal statutes already have drawn the line which the state now seeks to establish.

In a statement issued today Governor Johnson defined the position of the legislative authority in the matter, trusting that Secretary of State Bryan, who is en route from Washington to Sacramento, to present the views of the federal administration, might learn thereby the attitude of California toward a law denying land ownership in the state to aliens barred from citizenship in the nation. That this restriction applies to the subjects of Japan or any other nation is not the fault of California, according to the views of the governor.

Such a law is being drafted tonight by Senator Thompson. It will be known as the alien land act and will apply solely to members of foreign races described in federal laws and judicial decisions as ineligible to citizenship in the United States.
