BREAKING SPIRIT OF BELGIANS BY STARVING SYSTEM

Germans Use This Method to Force Them to Sign.

"According to the last information received here more than 100,000 Belgian workmen have already been thrown out of their homes and taken into slavery in unknown places. The mothers with children, who want to retain them, are driven back by the Germans and are torn with despair. "The Belgian Government has just sent bread, through the Swiss Government, to 10,000 of these unfortunates, actually kept together in Soltau Camp, and the Germans are breaking them with a starving system to try to get them to sign work contracts, "What do the American people,

Drink Hot Water

When food lies like lead in the stom-tch and you have that uncomfortable, listended feeling, it is because of in-ufficient blood supply to the stomach, suinteent blood supply to the stomach, combined with acid and food fermentation. In such cases try the plan now followed in many nospitals and advised by many eminent physicians of taking a teaspoonful of pure bisurated magnesia in half a glass of water, as hot as you can comfortably drink it. The hot water draws the blood to the stomach and the bisurated magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows the restoration of the normal process of digestion. People who find it inconvenient at times to secure hot water and travelers who are frequently obliged to take hasty meals poorly prepared, should always take two or three five-grain tablets of Bisurated Magnesia after meals to prevent fermentation and neutralize the acid in their stomach.—Advt.

How To Get Rid of Catarrh. Catarrhal Deafness or Head Noises.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms can be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parmint (Double Strength). This will not cost you more than 75c. Take this home and add to it 4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. A decided improvement is sometimes noted after the first until dissolved. Take one tablespoonful four times a day. A decided improvement is sometimes noted after the first day's treatment. Breathing becomes easy, while the distressing head noises, headache, duliness, cloudy thinking, etc., gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which are often overcome by this efficacious treatment. Nearly 90 per cent of all ear troubles are said to be directly caused by catarrh, therefore, there must be many people whose hearing can be restored by this simple home treatment.—Advt.

Toronto Believes the Reported Promotion May Be Perley's Olive Branch.

TORONTO, Nov. 30.—Press cablegrams received here today say that Sir George Perley, newly-appointed overseas minister of militia, has made the announcement that Major-General R. E. W. Turner of Quebec, is to be appointed to command the Canadian forces now in England. The same cables tell of rumors in old London that Brigadier-General Garnet Hughes, D.S.O., son of Sir Sam Hughes, is to be appointed to succeed Major-General Turner at the

Brigadier-General Hughes has a good reputation at the front, where he made a record for himself, and those who are inclined to give credence to the cabled rumor see in it more than a mere military change.

rines on this side of the Atlantic, had been sent out today, at least once every four hours. The warnings are believed to have come from allied cruisers patrolling the coast, and the British Government stations at Bermuda and Halifax, and were similar to those which have been sent broadcast for the last few weeks.

Foreign shipping, according to reports received here, again today avoided the regular lane off the Nantucket Shoals Lightship, where the U-53 operated October 8.

OVERCOATS That Men Admire For Many Reasons

Men do more than merely buy these coats, they grow enthusiastic over them-because they're different from the common garden variety that you can find everywhere. There's a smart snappiness; a perfectness of fit; a quality of tailoring; that'll impress you at a glance; they'll draw admiring compliments from all your friends. The modesty of our prices is more pronounced than ever, because of war time prices for quality coats elsewhere.
