Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Rice 497A Main St. Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together, so that the opening closes naturally, and the need of a support or truss is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small ane innocent little rupture, the kind that has thrown thousands on the operating table? A host of men and women are daily running such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing, and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

In FACE WHILE HUNTING

Montreal, Dec. 30.—Shot in the face by the discharge of a gun and lying on the slopes of a hill for eight hours scoured the environs of Mount Tremblant, in the Laurentian Mountains, during a heavy snowstorm, was the experience on Tuesday last of lan Ross, 17, of the Royal Military College, Kingston, and son of D. W. Ross of this city.

He was hunting with another young man when the accident occurred, and his companion ran four miles to the camp where the young man's father was staying. The vletim is now in the Royal Victoria Hospital here convalescing. He received 20 pellets in the face but luckily his eyes were not in-
