VACCINATION OF EMPLOYEES

THE FOLLOWING IS PUBLISHED FOR THE INFORMATION OF THE PUBLIC, GENERALLY, AND ESPECIALLY OF THOSE DIRECTLY CONCERNED.

"1. Section 30 of The Public Health Act, 1918", being 8 George V. Chapter 36, is hereby amended by adding after the last paragraph thereof the following paragraph:

No person shall be employed in any camp, ship, factory or other place wherein the employees come at frequent intervals into close and prolonged contact one with another, unless until such person produces to the employer or the employer's representative a certificate, signed by a regularly qualified medical practitioner, of successful vaccination, or a like signed certificate that he is immune to vaccination as proven by three consecutive non-successful vaccinations, or that he is immune to small-pox by reason of having had the disease, and no employer shall employ any person in employment as set forth above, without such certificate being produced. When any person contracts small-pox, charges and expense may be used for his sickness employed as set out in this section, or who was so employed within fourteen days prior to the inception of his sickness and who has not complied or been required to comply by said employer or employer's representative with the foregoing provisions prior to his employment, then in such case the employer shall be prima facie liable to pay all such costs, charges and expenses as the sub-district Board of Health concerned may have incurred in necessarily protecting the public health; provided such charges, costs and expenses were incurred, in or about the necessary precautions relative to, or immediately appertaining to, any such case of small-pox and such costs, charges and expense may be used for and recovered with costs, in the name of the Chairman of the sub-district Board of Health, in any case, in any court of competent jurisdiction, within six months of the recovery or death of any such person. Such liabilities shall be in addition and without prejudice to any liability for any penalty provided for any violation of the provisions of this Act.

The terms and conditions of this section shall not become operative until the first day of July A. D. 1920."

DEPARTMENT OF HEALTH, N. B.

Fredericton, N. B., June 12, 1920.

Vote FOR Prohibition
Saturday, July 10th

ELECTION INFORMATION

The Act in Brief

The present Prohibition Act legislates against the sale of intoxicating liquors for beverage purposes, and only allows it for manufacturing, sacramental and medicinal purposes.

The Act also provides for enforcement of the law and penalties for violation.

This Act was a war-time measure and the Government now wish to know from the electors whether they want Prohibition continued or not.

We Know Its Faults

The Act is weak in that it allows too much latitude in the case of doctors, druggists and vendors who have practically the dispensing of liquors within their own hands.

Further Legislation Depends on You.

Application has already been made by the Temperance people to have the Act amended in regard to the recognized weaknesses and the Government is sympathetic—BUT NOTE THIS—the Government put off the granting of these improvements to make the Act more effective.

until the result of this election PROVES that the people want Prohibition, and by the majority of the vote the Government will know just how badly the Electors do want it.

You Vote

at this Election may have very important influence on the future action of the Government.

WHAT YOUR BALLOT CAN DO JULY 10th

FIRST—Provide the way for necessary Amendments to the Act that will make it really effective.

SECOND—Show the Government that the people demand Prohibition, and want the laws enforced.

Are You Aware of This?

In 1919 an Act Passed the House, providing that the Government shall take over the entire liquor business within the Province, for the three purposes contained in the Act, and also giving them more stringent control over the sale of extracts, tinctures and tonics—BUT MARK YOU, the Government has refused to take action on this amendment, until the vote of the people has been heard at the coming election.

Stop Importation Our Next Move.

Authority to Prevent the Importation of Liquor into the Province does not rest with the Provincial, but with our Dominion Government, which has already stated that a vote may be taken on the question in New Brunswick, on the recommendation of the Legislature. If the result at the coming election satisfies them that the people actually want Prohibition—we are sure to get it.

REMEMBER You are Voting for Prohibition as Against a Return to the Bars.

Don't Fail to Do a Man or Woman's Part July 10th.

TYPHOID FEVER AT BATHURST

Serious Outbreak at West Bathurst—Several Deaths Reported.

St. John, June 21.—The provincial department of health is giving much attention to a serious outbreak of typhoid fever in West Bathurst and vicinity. Nearly half a hundred cases of the disease have appeared, and several deaths have occurred, including that of John P. Robichaud, a student at the Euclid Fathers' seminary. He was studying for the priesthood. A young man also died of fever at Petit Rocher. He was Wilfred Doucet.

West Bathurst has many sources of water supply and it has been difficult to tell which sources had become contaminated. Fourteen samples of water have been taken by the provincial authorities. Not a single case of fever has occurred at houses which use the town water supply. Many old wells have been closed as dangerous. The town water supply, which has been tested, has been found pure.

Three nurses have gone from St. John and the staff of the J. H. Dunn hospital is doing excellent work in caring for the fever patients. Dr. G. G. Melvin, chief medical officer of the province, and Dr. Desmond, medical health officer in charge of the district, are giving much attention and care to the fever outbreak and an early improvement in the situation is looked for.

Local Cases.

Three suspected cases of typhoid fever have been reported to the board of health and are under examination by private physicians as well as the board officials. Several tests have failed to prove the cases to be typhoid but all precautions are being taken.

About the Life of Gauss.

The life of a gun depends upon the progress of erosion, which sooner or later is certain to impair the accuracy of fire. Erosion is caused by the action of the explosive gases at high temperature and pressure. The hot gases cause a thin film of steel to absorb heat. The film expands and becomes set. Upon the release of the pressure it contracts, which action causes minute cracks that grow larger with every discharge. As they increase in size they form passageways for more hot gas and that tends to enlarge them still further. The inner surface thus becomes roughened and the barrel begins to corrode.

Finally the bore becomes so enlarged that it allows the gases to escape. The shell does not then acquire its proper rotation, and its flight becomes erratic. All guns except small ones are now constructed with linings in the tube, which, when the bore is worn out, are removed and replaced by new ones. The cost of relining a gun is approximately 20 per cent. of the cost of the gun. There appears to be no limit to the number of times that a gun can be relined.

Small naval guns can be fired about 1,000 times before they are regarded as worn out. Large twelve-inch and fourteen-inch naval guns are considered to have a life, on one lining, of from 150 to 200 rounds. Low velocity guns, such as howitzers and mortars, have correspondingly longer lives than high velocity guns of the same calibre, because of the pressures they develop, and hence the lower temperatures.

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE
8228 Union St., Vancouver, B.C.
"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused."

Then, I started taking 'Fruit-a-tives', and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

MRS. M. J. GORSE.
Box a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited Ottawa, Ont.

BLACK CAPES.

On Sunday the 13th, Rev. J. F. McCurdy of New Carlisle, occupied the pulpit in the Presbyterian church here in the afternoon, speaking on the Forward Movement Campaign.

Rev. George A. MacLellan, District Secretary of the Quebec Bible Society, occupied the pulpit in the Presbyterian church here on Sunday evening, and delivered a very able address before a large congregation.

Miss Maudie and Bella Johnston have returned to Toronto after spending a short vacation at their home here.

Mrs. Angus N. Campbell and Mrs. Steele Campbell are visiting in Dalhousie Junction, Quebec River and Bathurst.

Miss Elva Howatson has returned from Dalhousie. She intends spending the summer at her home here.

Miss Ruby Steele is visiting relatives in New Carlisle.

Miss Lina Campbell has returned from Waltham, Mass., and will spend the summer at her home here.

Miss Nellie McEllan has returned from MacDonald College where she has been taking a four month course.

Mr. and Mrs. A. E. Ward are receiving congratulations on the arrival of a baby girl at their home.

Mrs. Edward Nevins and little daughter of Toronto are visiting Mrs. Nevins' former home here.

Mr. Evan Johnston has returned to Windsor, Ont., after spending a short vacation at his home here.

Mr. William Johnston of Windsor, Ont., is visiting his home here.

Mr. Evan McKenzie has returned to Windsor, Ont., after a short visit at his home.

Rev. L. J. King of Point la Garde, School Inspector, visited our two schools recently and was much pleased with the good progress that has been made during the past term by our teachers Miss Hamilton and Miss Steele. Much credit is due these young ladies for the valuable work which they have rendered.

CORNER STONE TO BE LAID ON JULY 1st

Board of Trustees Making Plans for Laying of S. M. Hospital Corner Stone.

On July 1st, 1920, at 2.30 p.m., the corner stone of the Soldiers' Memorial Hospital, Campbellton, will be laid by Lieut.-Col. Alexander McMillan, D.S.O., of St. John, N. B., formerly of the 26th Batt.

At the present writing the complete programme of the ceremonies has not yet been arranged for, but those in charge have the matter well in hand, and within a few days the complete programme will be available.

Following is the programme so far as yet arranged for:—

Procession will leave Hotel St. Louis at 2.15 headed by Band and Guard of Honor of Returned Soldiers.

All citizens are cordially invited to be present with their cars and take part in the procession, and attend the ceremonies.

On arrival at the Hospital Grounds there will be a Selection by the Band.

Prayer by Rev. Mr. Camp.

Address by His Honor Judge McLatchy, President of the Hospital Board.

Address by His Worship Mayor Murray.

Addresses by Mr. A. T. LeBlanc, M.L.A., and Hon. Wm. Currie, M.L.A.

Address by Rev. Hugh Miller, M.A. Selection by the Band.

Reading of the Names of those who laid down their lives in the Great Cause.

Address by Lieut.-Col. Alexander McMillan, D.S.O.

Laying of Corner Stone, in which will be deposited a copy of the latest issue of the local newspapers, the date of the laying of the Corner Stone and the name of the person by whom laid, a copy of the official programme for the day, the names of the present members of the Hospital Board of Trustees, and the names of the present Mayor and Town Councillors.

NEW RICHMOND, QUE.

The many friends of Mr. and Mrs. Robert Woodman sympathize most sincerely with them in their recent sorrow. Their only child, a lovely boy of sixteen months, died on the 19th inst.

James Gail was stricken with whooping cough and influenza and he had not strength to throw off the effects of both diseases.

The funeral was well attended showing the esteem and sympathy of neighbors and friends. He has gone before, but the remembrance of his winning baby ways will never be forgotten. The baby has gone to Jesus.

But remember that Paint Quality varies

YOU cannot save the surface with a poor paint—unless you re-paint frequently. That is extravagant—so you naturally seek the paint of utmost durability. Your search for such a paint will lead you ultimately to the pure and permanent

B-H "ENGLISH" 70% Pure White Lead (Standard Genuine B.H.) 30% Pure White Zinc 100% Pure Paint

Its outstanding merit is primarily due to its white base: zinc white and Brandram's Genuine B.B. White Lead, which for two centuries has been the standard white lead of the world. The purest linseed oil (from our own mills) with best turpentine, aids in giving a tough air-tight coat. You cannot prove these high claims until you've used the paint—but you can meanwhile accept as your guide the experience of your neighbors. Ask any man who ever used B-H if it is not true that it goes farthest—and lasts longest. You will find unvarying conviction among experienced paint-users that the quality and durability of this brand are such as to make it the supreme surface-saver. You will probably find in your neighborhood houses painted with B-H long ago that look as if they were painted but recently.

Something Fascinating About It

THE joy of the dance—the laughing lilt of the latest rag—a bounding, resounding cataract of soul-stirring sound—isn't that the picture your mind calls up when you think of music?

Perhaps that's the phase of music you best appreciate—the glad, joyful abandon, the vim and vigor of echoing melody.

Then—when you come to buy your piano it's the big feature you'll look for—the power to lift you out of yourself with the care-free, bountiful cheeriness of its song.

You'll be wise to hear first and foremost the flexible tone of Canada's Greatest Piano

Note how it responds to the happy mind, makes the last red
