BED-FAST
FOR MONTHS.

Rev. Sidney C. Davis, Pastor of First Baptist Church, Berrien Springs, Mich., writes: "I wish in this letter to express my gratitude for Mrs. Davis and myself for the great good which has been accomplished in her case by the use of your proprietary medicines. When we look back to the 'dark ago' of our married life, when disappointment and discouragement howered like a cloud of thick darkness about our home, we rejoice together and thank God that in your treatment was found the power to dispel darkness by bringing back health and joy. Mrs. Davis is now strong and vigorous. We have a daugiter fourteen months old who, as yet, has known no sickness. Those who visit us from our old field of labor, and were acquainted with Mrs. Davis' condition while there, express the greatest surprise to see how thorough is her recovery. It has now been nearly two years since Mrs. Davis ceased taking the medicine. When we consider that she had kept her bed the greater part of the time for fourteen months, and would lose repeatedly the advance she had made, her cure seems miraculous. We had almost lost confidence in medical practitioners and advertised remedies, but have found in your Dr. Pierce's Favorite Prescription and Pellets the remedies needed."

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent or over-busy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's FAVORITE PRESCRIPTION, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

PHYSICIANS

Mrs. E. F. Morgan, of No. 71 Lexington St., East Boston, Mass., says: "Five years ago I was a dreadful sufferer from uterine troubles, that it was a dreadful sufferer from uterine troubles, alone. I began taking Dr. Pierce's Favorite Prescription and using the local treatment recommended in his 'Common Sense using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cured, and have had no trouble since. I myrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to say one writing me for them, and enclosing a stamped-envelope for reply. I have received over four hundred letters. In reply, for reply: I have described my case and the treatment used, and have carnestly advised them to' do likewise.' From a great many I have needly second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 trequired for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already.'

Indispensable.—John L. Bufkin, of Vossburg, Miss., says:

"We have been using your medicines for many years in our
family, and they have given wonderful satisfaction. My wife
thinks they have not an equal; especially does she regard your
'Favorite Prescription' as indispensable."

JEALOUS

Of Crystal, Mich., writes: "I was troubled with female weakness, leucorrhea and falling of the womb for seven years, so I had to keep my bed for a good part of the time. I doctored with an army of different physicians, and spent large sums of money, but received no lasting benefit. At last my husband persuaded me to try your medicines, which I was loath to do, because I was prejudiced against them, and the doctors said they would do me no good. I finally told my husband that if he would get some of your medicines, I would try them against the advice of my physician. He got me six bottles of the 'Piscovery', for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' also six bottles of the 'Discovery', for ten dollars. I took three bottles of 'Discovery' and four of 'Favorite Prescription,' and I have been a sound woman for four years. I then gave the balance of the medicine to my sister, who was troubled in the same way, and she cured herself in a short time. I have not had to take any medicine now for almost four years."

All my troubles seem to be leaving me under the benign influence of your medicine, and I now feel smarter than for years before.
