

INTENSIFIED FRUIT JUICES AN IMPROVEMENT ON NATURE

A Discovery that is Revolutionizing Medicine.

Remarkable Success Attends the Finding of a New Medicinal Compound by Combining the Juices of Apples, Oranges, Figs and Prunes.

Fruit helps to keep one healthy. Fruit in itself will not cure disease. The medicinal principle—or that part of fruit which has a curative effect—is in such infinitesimal quantities, that it is unable to overcome a diseased condition of the stomach, liver, bowels, kidneys or skin. Just here is where science stepped in. An Ottawa physician did what nature could not do. He first found that some fruits were stronger medicinally than others—and that apples, oranges, figs and prunes contained all the healing properties of other fruits. There are two principles in fruit juices—bitter and sweet. After extracting the juices of the four fruits mentioned, this physician succeeded in replacing one atom of the sweet principle by one of the bitter. This resulted in an entirely new combination being formed. This new compound was many times more

active medicinally than the fruit juices. Where eating fruit only helped to keep one well, this compound actually cured disease. To make it more valuable still, this physician added the finest tonics and antiseptics, and then, by evaporating the entire compound to a powder, made it into tablets. This, in short, is the method of making "Fruit-a-tives"—these wonderful tablets—the most reliable cure for Constipation, Biliousness, Stomach Troubles, Kidney and Bladder Disease and Skin Affections. Being made from fruit, "Fruit-a-tives" may be taken by women and children without fear of ill-effect. Don't take a substitute. If your druggist does not handle them, send for a box to Fruit-a-tives Limited, Ottawa.

BEAR RIVER

J. T. Ray and Mrs. E. Corey, of Clementsport, spent Sunday in town, the guests of Mr. and Mrs. W. A. Purdy.

The Ordinance of Baptism was administered to thirteen candidates by Rev. I. A. Corbett at Morganville on last Sunday afternoon.

Mrs. Josiah Purdy, who has been spending the winter with her daughter, Mrs. F. B. Bowater, York, Maine, returned home last Saturday.

Rev. I. A. and Mrs. Corbett attended the quarterly meeting of the Baptist Church, which convened at Weymouth, the first of this week.

Rev. B. D. Porter was the guest of Mr. and Mrs. C. W. Phinney over Sunday. He occupied the pulpit of the Baptist Church very acceptably on Sunday evening.

Miss Clytie Rice intends taking a trip to Cuba on bark, Ethel Clarke. While she will be greatly missed here, all will join us in wishing her a pleasant trip and safe return.

A team composed of ten members of the Bear River Civilian's Rifle Association went to Round Hill today for a friendly shoot with members of the association at that place.

W. A. Purdy left Monday for New Germany and Bridgewater on business. Mrs. Purdy will spend a few days with her daughter, Mrs. Horton W. Phinney, Lawrencetown, returning next week.

Mrs. John Turbott, who was on her way to Yarmouth where her son, Edward M., is accountant in the Union Bank of Halifax branch, spent a few days of the past week with her sister, Mrs. J. A. Purdy.

Messrs. Hugh S. Cox and Carl B. Miller made a very successful trouting trip to the "Indian Gardens" last week, their combined catch being six dozen of the speckled beauties.

M. Armstrong, our popular butcher, made a trip up the Valley last week. He returned home the first of this week bringing with him a colt by "Sir William," which he purchased from Ralph Schaffer, Lawrencetown. It is said he is a flyer. Any how "Mik" will soon know.

Mrs. John Yorke has made some very extensive repairs on her residence. The outside has been completely altered and a large veranah added to the front and one side. This, with other improvements, adds very much to its appearance. The work has been under the supervision of Samuel Snell and reflects much credit upon him as a workman.

We have noticed with pride the attention given of late to the raising of fine breeds of cows, strict attention being given to the milk and butter qualities, and as a consequence there are some excellent animals in this vicinity. One man, not many miles from town, in extolling the good qualities of one of his herd said she would make eight pounds of butter per week when dry.

What might have been a serious accident was prevented last Sunday by the prompt action of Charles Chute. While returning from Baptism at

Morganville, Leander Alcorn's colt got a little nervous in the crowd and in some way Mr. Alcorn fell out of the wagon, losing the reins and control of the colt. Mr. Chute quickly grabbed the reins bringing him to a stand-still, thus avoiding any serious results.

The Western Winter
Extraordinary Weather Conditions Made Traffic Difficult.

It will take some time for Western Canada to recover from the remarkable series of storms which occurred there during the past winter. The weather was extraordinarily severe and traffic at times was at a stand-still. The snow fell very heavy, this, of course, caused railway blockades and traffic at times was at a stand-still. Certainly spring is welcome in the territory west of us.

Lucy Ward, of Hill View Farm, North Battleford, in writing to the firm of Gourlay, Winter & Leeming, Toronto, makes reference to the severity of the weather as follows: "I am glad to say the Gourlay piano has weathered the most severe winter in the most satisfactory manner. We may secure another customer for you." There is satisfaction with the Gourlay expressed in every word of her letter, but Mrs. Ward is not the only owner of a Gourlay who is satisfied. On the morning her letter arrived there were three others in the mail. Mr. A. Walter, of Salt Spring Island, B. C., said: "We consider the piano a very fine instrument and it is generally much admired." Mrs. R. C. Pollock, "The Manse," Treherne, Man., said: "We find the piano to be all that you claim for it."

Mr. Fred L. Griffith, of Melbourne, Ont., was another who expressed satisfaction. His letter was as follows: "We are much pleased with the piano and we believe your pianos are finding favor in this community, for there are now five here." When customers write in this strain, it is a proof that the Gourlay stands high in character as a reputation.

What might have been a serious accident was prevented last Sunday by the prompt action of Charles Chute. While returning from Baptism at

SOUTH ALBANY

A very pleasant gathering took place in the school-house at South Albany on Wednesday evening, the 22nd, in the form of a pie social.

Both North and South were well represented and each vied with the other so making the occasion pleasant and profitable.

The object of the gathering was to express the good will of the people in a practical manner toward the Rev. W. P. Smith, who has given a monthly preaching service at the two settlements during the past year. Under the skilful management of Miss Wilson, the popular teacher of the South section, the school-house was transformed into a thing of beauty by the artistic arrangement of evergreen and brightly colored tissue paper. The ladies of the two sections fairly outdid themselves in the quantity and quality of the pies furnished for the feast. The enthusiasm and generosity of the assembly knew no bounds, when the beautifully wreathed pies were offered by Councillor J. C. Grimm, of Springfield, who made an ideal auctioneer. Kenneth Zwicker contributed largely to the entertainment by the evening with choice selections on the phonograph. Almon Oakes was kept busy recording the sales and collecting the tax and at the close announced to the satisfaction of the assembly that the proceeds amounted to \$27.50. Mr. Zwicker then announced that a subscription list circulated by him had resulted in \$25.50. Mr. Brown made a few remarks expressive of his gratitude for the kind and generous contribution of the friends. The event was regarded in every way as a grand success.
