

HELDERLEIGH
FRUIT FARMS
NURSERIES

-400-

(Four Hundred Acres in Extent)
Established 1882.

There is no place in Canada where the season is longer than here. Hence we get trees brought to the fullest maturity, capable of withstanding the severest cold. Having one hundred acres in fruit, from which cuttings, buds, scions, etc., are taken, I can safely guarantee the purity of my stock to be equal, if not superior, to any other nursery. The soil is specially adapted to produce vigorous, hardy trees, a grand lot of which are now growing and for sale. All the leading sorts of both old and new varieties deemed worthy of propagation. Catalogues free on application. Agents wanted in every township.

Sections Cheap.

We have a job lot of sections for sale; they are good planed sections, but not POLISHED as we make at present. We offer them at following prices—FIRST COME, FIRST SERVED.

10 thousand	4½x4½x1½ in.	at \$2.25 per thousand
2 "	4½x4½x1½ in.	at 2.25 "
12 "	No. 2, 4½x4½x1½ in.	at 2.00 "
4 "	No. 2, 4½x4½x1½ in.	at 2.00 "
7 "	3½x4½x2 in.	at 2.00 "
11 "	3½x4½x1½ in.	at 2.00 "

The above are a bargain, and with the exception of those marked as No. 2, have been selling for \$3.85. We want to dispose of them to make room for the present season's choice sections.

To the Bee-Keepers of Canada.

The Ontario Bee-Keepers' Association desire to have as large a membership possible of those interested in apiculture, and as the bonus to members is worth more than their annual membership fee it seems but reasonable that all interested should become members, as the object of the Association is to benefit the industry and the engaged in it as well as being a benefit to the country at large.

THE CANADIAN BEE JOURNAL, of which the annual subscription fee is \$1.00 will be given to members of 1895. The report of the annual meeting is also given, which is a full report of all interesting discussions as well as giving financial statements, etc.

There is no doubt but what the Association is doing a good work in many ways such as having a Foul Brood Inspector going through the apiaries in the Province curing and clearing the country of that dreaded disease where found, and in getting laws passed by the government to protect the industry, even as to prevent the spraying of fruit trees with poisons which has been very injurious and caused great loss to the having bees poisoned where spraying was done at the wrong time.

The Association can fairly claim the support of all interested in bee culture and trust that all seeing this request will respond by remitting the annual membership fee of one dollar, (\$1.00) by registered letter or Post Office Order.
