

## Chips.

THE Rathbun Company have established a lumber agency on Wolfe Island and appointed Mr. Thos. Hogan as agent.

THE New Brunswick and Nova Scotia Land Company's timber licenses on the Keewick river, sold on the 1st, Sept. for \$7,000.

LETTERS patent have been issued incorporating the Henderson Lumber Company of Montreal, with a capital of \$100,000. The parties interested are Messrs. D. H. Henderson, Norman Henderson, Chas. H. Walters, Selkirk Cross and A. W. Henderson.

Up to September 1st, buildings to the number of 165 had been erected in Montreal, this year, at a cost of \$602,805. Several fine business structures and rows of costly residences have been erected. A considerable amount of building of a high class is now in progress.

ON Wednesday evening Messrs. A. & P. White, of Pembroke, sold their Mississippi limits to Messrs. Sherman, Lord & Hurdman. The price received is said to be \$250,000, the plant to be taken at a fair valuation. This is one of the largest sales that has been made this year. — *Pembroke Observer.*

THE English Lord Chancellor deciding a case which covered \$24,000 worth of fine larch trees which had blown down ruled that if any trees had been entirely severed, even though some of the fibres were covered with earth, they would belong to the executors, but so long as the tree remained attached to the ground by ever so slender a fibre, it was real estate, and went with the land to which it was attached.

A DESPATCH from Chicago recites that Miss Nellie Dean, daughter of a millionaire lumber merchant of that city, has created a sensation by going to work in a spinning mill at 60 cents a day. It seems her father offered to give her a dollar for every cent she earned. It is not likely that Miss Nellie Dean's action will have any marked effect on the labor market, and as she receives \$60.60 per day, she may be regarded as in very good luck.

AN English journal, commenting on the fact that Great Britain, in its colonial dominions, possesses 340,000,000 acres of forests, and whose imports of forest produce are estimated at \$150,000,000 per annum, says protection is made against fires by forest roads and fire-breaks, and by rewards for extinguishing fires. One of these fire-breaks in an Indian forest in Scinde is 174 miles long and 100 yards wide.

A DESPATCH from Ottawa on Sept. 18th says: Wages for shantymen are decreasing here, a fall of two dollars per month having taken place within the past week. This arises from the fact that firms intend making a large curtailment in their cut this coming winter, and consequently will require less men for operations, and second, a general exodus of shantymen from the Lower Province has lately taken place to Ottawa and vicinity on account of the reported good wages.

IN some tests made with small squares of various woods buried one inch in the ground, the following results were noted: Birch and aspen decay in three years; willow and horse chestnut, in four years; maple and red beech in five years; elm, ash, horn-bean and Lombardy poplar, in seven years; oak, Scotch fir, Weymouth pine and silver fir decay to a depth of half an inch in seven years, larch, juniper and arbor vite were uninjured at the expiration of seven years.

A PRIVATE note from a lumber firm at Ottawa, Ont., explains that possibly the cause of the activity in the demand for English deal, this season, was in the alleged attempt of parties to control the market by making heavy purchases; in other words, it was thought to create a corner in deal. These heavy purchases stiffened prices, and stimulated production. It is likely that the unusual demand for deal in northern Michigan, this year, was the effect of the same cause. The call for deal also tended to strengthen prices of high grade lumber, throughout Canada, for American export. — *Northwestern Lumberman.*

## A SMART DRUMMER.

"I'll tell you a good thing," said the Iowa dealer from Fort Dodge who came in "just to have a chat." "It illustrates how green a drummer sometimes is. A man from Wisconsin, say Oconto, for instance, sold a yard man in our town a load of cedar posts. There were 633 posts all told, the price was ten cents apiece, and the amount \$63.30. The freight bill was \$69.42 which our lumber dealer paid. He then asked the Wisconsin post dealers to remit him the difference, \$6.12, and they would be square. The Wisconsin men went to talking about the pay for their posts, but our townsman said he owed them nothing, but that on the other hand they owed him. He had bought the posts delivered. An attorney was consulted by the Wisconsin gentlemen, but he told them they had no case. The drummer, I suppose, knew a cedar post when he saw it, but it probably did not occur to him that the railroad make any charge for hauling." — *Northwestern Lumberman.*

"I Don't want Relief But Cure." Is the exclamation of thousands suffering from catarrh. To all such we say: Catarrh can be cured by Dr. Sizer's Catarrh Remedy. Your danger is in delay. Enclose a stamp to World's Dispensary Medical Association, Buffalo, N.Y.

## An Important Arrest.

The arrest of a suspicious character upon his general appearance, movements or companionship, without waiting until he has robbed a traveler, fired a house, or murdered a fellow man, is an important function of a shrewd detective. Even more important is the arrest of a disease which, if not checked, will blight and destroy a human life. The frequent cough, loss of appetite, general languor or debility, pallid skin, and bodily aches and pains, announce the approach of pulmonary consumption, which is promptly arrested and permanently cured by Dr. Pierce's "Golden Medical Discovery." Sold by druggists.

## Catarrh—A New Treatment.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street West, Toronto, Canada, and enclose a stamp for their treatise on Catarrh. — *Montreal Star.* 1912.

## TRY

For PURITY,  
WHOLESOMENESS,  
And STRENGTH  
It stands without a Rival!

Pure Gold Manufacturing Co.  
FAIRPORT, N.Y., and TORONTO, ONT.  
1912

## STRAM.

## The Hancock Inspirator

Best Feeder known for Stationary, Marine or Locomotive Boilers.

## The Injector Perfected!

All sizes lift water 25 feet.  
No adjustment required for varying Steam Pressures.

Over 70,000 Now in Use.

MANUFACTURED BY THE  
Hancock Inspirator Co'y

5 Custom House Lane,  
MONTREAL, P.Q. - CANADA

Manufacturers of Inspirators, Ejectors,  
and General Jet Apparatus. 1911

## HUGH GIBSON,

MANUFACTURER OF

KNIGHT'S PATENT "EXCELSIOR"

## SAW MILL DOGS

## The Sawyer's Favorite

For Holding Logs upon a Saw Mill Carriage  
while being Sawn into Lumber.

These Milldogs I guarantee to give satisfaction in every case. They will hold a frozen log as well as a soft one, for cutting Scantling, Square Timber, &c. These Dogs cannot be excelled, I sell them all on their own merits, give ten or fifteen days trial, and then, if not satisfactory, return them to my order, as I have no agents on the road this year, I will sell them at a reduced price. Send for Circular and price list.

Manufactured by HUGH GIBSON, CHATHAM. EXCELSIOR DOG.
