The St. John, N. B. *Gazette* of May 12th devotes six columns to an interesting sketch of "Our City Musicians," touching more especially on the conductor, programmes and instrumentation of the band of the New Brunswick Batt. of Garrison Artillery which seems to have had a very varied but successful experience and is now directed by Bandmaster Thos. W. Horsman, a native of Leeds, England, a graduate of Kneller Hall where he was an euphonium soloist of note, and afterwards had a highly experience as a teacher and conductor of several English military bands.

The band of the N.B., Batt. of Garrison Artillery, we may judge from our contemporary's sketch, has the advantage of being exceptionally well managed by its executive and to possess excellent musicians. Great praise is accorded the president, Capt. S. D. Crawford, Sergeant A. B. Farmer, Corporal Fred. Meneley and Mr. F. H. Watson, solo clarionetist. Quoting the *Gazette*: "This makes a band of 33 pieces with an instrumentation which places them in a position to perform the heaviest selections composed for full military band, and indeed the public have been treated on various occasions lately to some of the best compositions by the most eminent authors, and that the band has done itself credit in their rendition, need not be mentioned here, as the hearty and long continued applause they have received from their listeners is a sufficient guarantee that they did justice to their several pieces. * * * But it is in selections and overtures that the band excel, and a look through their repertoire is sufficient to convince the most skeptical that they have every reason to be called one of the best bands in America."

Mr. Stocks Hammond, Mus. Doc., of Reading Pa., has been appointed dean of the music for the Pennsylvania Chautauqua. July 1st to August 2nd of this year, at Mount Gretna, Pa. The appointment is a significant one as the institution is one of almost national importance.
