

The Difference in Results

from the use of Lithia is due to the manner of its employment. If you have not tried

TABLET **LITHOS** *Effervescent,*

you cannot appreciate the superiority of this combination. **Indicated** in Chronic Rheumatism, Lithema, Gout, Cystitis, Uric Acid Diathesis, etc.

What About the Serum?

Our energies have been directed to the preparation of a high grade Concentrated Serum. The collective investigations of the American Pediatric Society and the Ohio State Board of Health prove that

Mulford's Concentrated Diphtheria Antitoxin

is superior to all others in promptness of effect and percentage of recoveries. Mulford's Antitoxin is supplied in a convenient unbreakable and absolutely sterile package.
