

NEW WAGNER BOOK.

A new book by Charles Wagner, author of "The Simple Life" and "The Better Way," is announced for early publication in Canada by William Briggs. It is another book along the line of "The Simple Life" in its plea for the preservation of home and family ties and has the same direct, straightforward appeal. It presents a delightful, practical gospel of mutual love, sympathy and kindness for brothers and sisters, husbands and wives, parents and children. It is a volume to help one get the greatest happiness out of the family life; a recall to simpler, truer and more sincere relations among the members of the household. The book is published in New

York by Messrs. McClure, Phillips Company, who announce that their first edition of it is "larger than the whole sales of many a popular novel." This speaks much for the impression that Pastor Wagner has made on the American public. President Roosevelt wrote to this distinguished French writer: "I preach your books to my countrymen." It is expected that the new book, "By the Fireside," will have a much larger sale than even "The Simpler Life." It will appeal more directly to the general public. The Canadian issue of the latter book has now reached nearly 2,000 copies. It is a cheering fact, in these days when so much is said of the frivolous class of reading of the general public, that books of such solid character as these should find so popular a sale.
