OXFORD FOUNDRY AND ENGINE WORKS

R. WHITELAW.

AMUNSTON, ONT., April 17th, 1891.

DEAR SIR, We have much pleasure in stating that the mill you built for us is giving entire satisfaction in every particular, both mill, engine and boiler. We are making an excellent quality of flour and cleaning up very close. With the addition of only one reel, we are turning out 125 bbls. per day, although contract only called for a mill of 100 bbls. As regards work-manship, we have been frequently complimented by visiting millers with having as complete a mill as could be made.

Yours truly,

JNO. MARTYN & CO.

R. WHITELAW.

WINGHAM, ONT., April 19th, 1891.

DEAR SIR, For systematic arrangement, durability of machinery, economy of power, quality of flour, finish and clean up, the mill you built for us is equal to anything in Ontario.

Wishing you success, we remain yours, etc.,

HUTTON & CARR.

R. WHITELAW.

McGONAG, MAN., Oct. 26th, 1890.

THESE have been running steadily since starting, and more so it and the engine and boiler are the best I know of, and I think you deserve great credit for the manner in which the work was done. It shows the difference between skilled labor and haphazard work to perfection. Everything is going like a charm.

Yours truly, GEO. ROGERS.
