

KOLA..

FRESH Kola

Fresh (UNDRIED) Kola

Fresh (Undried) TRUE AFRICAN

..KOLA

Is a Valuable Drug!

ALL kinds of Kola can't be depended upon, whether they be the various varieties which do not come from Africa, or whether they be the ordinary commercial DRIED nuts which do. We introduced Kola commercially to America, and did it in a fair, ethical manner, advertising it only to the medical and pharmaceutical professions, never to the laity. We were the first (and we believe we are still the only) house to import the fresh (undried) nuts direct from Africa.

Properties of the Kola Nut

Kola now occupies a position of importance, both as food and medicine. Being a conservator of energy, it is ranked as a food; and, possessing special merits in the treatment of debilitated states of the system generally, it has obtained reputation as a medicine.

Our Preparations of Kola

may be depended on to faithfully represent the drug in the fresh (undried) state. We offer the following to the trade:

KOLA-STEARN'S

A special aromatized Fluid Extract of fresh (undried) true African Kola, each minim (drop) representing one grain of fresh Kola Nut. It is the ONLY palatable liquid preparation of fresh (undried) Kola in CONCENTRATED form. Kola-Stearns is put up in 6-ounce bottles (96 doses of one-half teaspoonful) at \$8.00 per dozen.

KOLAVIN (Stearns)

The Original Wine of Kola, prepared from the fresh (undried) true African Kola Nuts. Indicated in cases where a mild alcoholic stimulant in combination with Kola is desired. Kolavin (Stearns) is put up in full 16-ounce bottles at \$8.00 per dozen.

KOLACYLS (Stearns)

A confection made by covering a soft extract of the fresh (undried) true African Kola with a soluble coating of sugar. It is the ideal Kola preparation for bicyclers, pedestrians, athletes, students, etc. Kolacyls (Stearns) are put up in screw-top flasks and sold at \$4.00 per dozen.

The above preparations are sold by all jobbers,
or can be ordered direct from
