S. H. Kennedy's Concentrated Extract of

OAK BARK (QUERCUS ALBA).

"WHITE AND DARK."

Most Valuable Aqueous Astringent known to the medical profession, and superior to anything of its kind made. DR. J. MARION SIMS wrote of it in a personal letter under date of August 12th, 1871, in which he said, "I have used the Extract of 'White Oak Bark, Q. Alba,' to my entire satisfaction. I gave to one of my professional brethren some of it to test in his practice. After using it, he agreed with me that it was superior as a medicinal to the 'Hemlock Extract Pinus Canadensis.' I bespeak for this new 'Oak Extract, Q. Alba,' a cordial reception by the profession."
