		Government representation (est.) ³	125.8
		Unallocated services	40.7
			372.4
Government transactions payments	594	Health services (11)	26.3
		Protective services (93) (i.e. defence) and Admin. services (int'l orgs) (911)	357.3
		Postal services (73)	10.7
		Advertising (74)	52.4
		Total allocated services	446.7
		Government representation ³	133.0
		Unallocated services	13.8
			593.5

³ Taxes and government representation abroad are not classified as services in the Classification of Services used in this report. The cost of government representation is reported separately from other government expenditure on the payments side, but not on the receipts side. I have estimated the split on the receipts side by applying the corresponding ratio from the payments data.
