

## Singer

Sewing machines were introduced to the world by Singer. We then spread our innovation hire purchase/installment system around the world, making it possible for millions of people to enjoy the benefits and value of one of the greatest inventions of all time – the sewing machine. That was 140 years ago.

The SINGER company was acquired in 1989 by Semi-Tech, a company headed by Mr. James Ting, a prominent, Canadian entrepreneur. Under his dynamic leadership the company continues its commitment to both growth and innovation.

Today, the Singer product range has been widened to include televisions, VCRs, mini-compos, refrigerators, air-conditioners, furniture, gas ranges, blenders, sandwich makers, and a whole range of other appliances – almost everything that adds to the quality of life in the home.

SINGER's long-standing commitment to innovation now brings to millions of households in over 100 countries steam and dry presses to make the chore of ironing a thing of the past.

For 140 years, SINGER's motto has been quality and service. Our quality has satisfied the most discerning customers and, of course, the Singer service has always been with a smile. In the decades to come we will continue to dedicate ourselves to the service and satisfaction of our valued customers worldwide.

## Regal Choice

Regal Hotels International is a dynamic and innovative hotel group of companies which owns, operates and manages luxurious hotels.

In Hong Kong, Regal Hotels International currently owns and Manages three hotels: Regal Meridien Hotel, Regal Airport Hotel and Regal Riverside Hotel. A fourth one, the Regal Plaza Hotel, which is under construction in Causeway Bay is scheduled to open in the fall of 1992.
