

Order Paper Questions
MANUAL ON ISOLATION TRAINING

Question No. 1,421—Mr. Jones:

1. Is the Manual on Isolation Training available to civilian health personnel and, if so, when will it be available?
2. Is the Department of National Defence preparing this bulletin?
3. Does the department feel that a core of isolation trained experts would be advisable in all provinces and territories and, if so, would periodic refresher courses not be required in this regard?

Hon. Barney Danson (Minister of National Defence): 1 and 2. A training manual for the maintenance and operation of the "Containment Bed Isolator" is being written at this time and is expected to be completed by mid-1979. A second piece of isolation equipment, the "Transit Isolator" is being evaluated by DND and a manual will also be prepared for this equipment, however, no date is available for its completion. Both manuals will be available to civilian health personnel.

3. Yes. Until such time as provinces develop their own expertise for local training DND nursing personnel will be available to offer refresher training on an as-required basis to those agencies acquiring isolation equipment.

Mr. Speaker: The questions enumerated by the parliamentary secretary have been answered.

QUESTIONS PASSED AS ORDERS FOR RETURNS

[*Translation*]

Mr. Yvon Pinard (Parliamentary Secretary to President of Privy Council): Mr. Speaker, if questions Nos. 135 and 713 could be made orders for returns, these returns would be tabled immediately.

[*English*]

Mr. Speaker: It is proposed that questions Nos. 135 and 713 be deemed to have been made orders for returns, with the returns to be tabled immediately. Is that agreed?

Some hon. Members: Agreed.

DEPARTMENT OF FISHERIES AND THE ENVIRONMENT—
RESEARCH CONTRACTS

Question No. 135—Mr. Crouse:

1. Were research contracts undertaken by the Department of Fisheries and of the Environment, Department of Supply and Services or any other department concerning science contracts on behalf of the Department of Fisheries and of the Environment and, if so, what (a) is the name and address of the individual or company carrying out the contract and what are their qualifications (b) was the nature of the work undertaken?
2. What are the names and addresses of the chief officers of any company employed?
3. What were the names of the ships utilized for this work and the number of men employed?

[Mr. Danson.]

4. What was the total amount of the contract awarded to each individual or company employed?
5. How much time was spent carrying out fisheries research?

Return tabled.

MR. T. G. BEYNON

Question No. 713—Mr. MacKay:

1. On what date did Mr. T. G. Beynon of Statistics Canada take over the position of Director, Manufacturing and Primary Industries Division, and on what date did he leave the position?
2. Did Mr. Beynon take over the position as a result of a competition and, if so (a) who were the board members and, in each case, what was his/her title, rank and salary range (b) how many candidates were interviewed and how many qualified?
3. What was the salary range of the position on the date Mr. Beynon started to work in the Division and when he left the position?
4. (a) What surveys were conducted by the Manufacturing and Primary Industries Division during the period Mr. Beynon was its director and what (i) was the name of each survey, periodicity of data collection, coverage (description of universe and of each sample, if appropriate, industries covered) (ii) were the names of the resulting publications and/or reports and their periodicity (b) in the case of each survey, were any questionnaires used and, if so, in each case (i) was the content of the questionnaire, when completed, confidential or otherwise restricted under the provisions of the Statistics Act, or any other instrument of the government (ii) what were the questions asked (c) did any of the surveys involve (i) automobile manufacturers (ii) automobile dealerships (d) was Mr. Beynon, by virtue of his position as Director of the Division, entitled to have access to any of the completed questionnaires?
5. Was Mr. Beynon sworn to secrecy under the Statistics Act and/or under the provision of any other instrument of the government?
6. On what date did Mr. Beynon of Statistics Canada take over the position of Director, Labour Division?
7. Was he transferred to the position without competition and, if so, what is the name, title rank and salary range of the individual responsible for such decision?
8. What was the salary range of the position on the date Mr. Beynon started to work in the Labour Division and on November 12, 1976?
9. (a) What surveys were conducted by the Labour Division during the period of Mr. Beynon's arrival to the Division and November 12, 1976 and what (i) was the name of each survey, periodicity of data collection, coverage (description of universe and of sample, if appropriate, industries covered, etc.) (ii) were the names of resulting publications and/or reports and their periodicity (b) in the case of each survey, were any questionnaires, when completed, confidential or otherwise restricted under the provisions of the Statistics Act or under the provisions of any other instrument of the government (ii) what were the questions asked (c) did any of the surveys involve (i) automobile manufacturers (ii) automobile dealerships (d) did any of the surveys involve automobile dealers in (i) Arnprior, Ontario (ii) the Ottawa metropolitan area and, if so, in each case, what was the name of the survey?
10. Did Mr. Beynon, since he became Director of the Manufacturing and Primary Industries Division and until November 12, 1976, have access to other data within Statistics Canada, than those generated and/or stored by the Divisions of which he was (or is) Director, and which were confidential under the provisions of the Statistics Act or any other instrument of the government and, if so, what kind of data were involved?

Return tabled.
