

The difficulty confronting the City is its shortage of funds. It cannot incur a deficit without rendering its aldermen liable to disqualification. Nevertheless, in view of the publicity given to public unemployment relief, we believe that this matter of securing money is the City's problem, and not ours. We wish to have your assistance in bringing this home to the City.

Frank G. Pedley

Frank G. Pedley, M.D.
Secretary, Special Committee on Unemployment.
