STRENGTH IN CORN FEATURES MARKET

Advance at Buenos Ayres
Cave Fillip to Quotations
—Wheat Also Firm.

CHICAGO, Jan. 29.—Wheat and corn advanced in helping each other today, but the latter was the stronger at the close. Oats gained slightly, while provisions declined.

Wheat dipped early on easy cables, but shorts ran the price up later until a variety of influences. The north-west reported deliveries light; the west supply corresponded well a year for the primary receipts were under the average of the previous week, and the foreign authorities issued a bullish report, remarking that Russia and Roumania were shipping before spring. The closing corn strength was an added bullish factor.

The close was 1-4 under the top and 1-2 better than the previous close for May.

Clearances of wheat and flour equalled 100,000, while primary receipts of wheat were \$1,000 against 518,000 a year ago.

Argentine Corn Damaged.—The Argentine news again held the center of the stage in the consideration of the corn market. Buenos Ayres advanced an extreme 1-2, and the local market inclined to hold on to it, and the local market held the belief that late seeded corn in Argentina had suffered visible damage. The wheat advanced, in mid-session, helped corn here, but later took the leadership itself. Primary receipts were 300,000 bushels under those of a year ago. Important shorts were held, but buyers and the close was within a shade of the top.

Oats were dull. May closing 1-80 up with corn. Spot advanced 1-4 in the sample market.

Provisions opened easy, but advanced early on buying by commission houses, of which grain houses did the most. Prices eased off toward the close on selling decided to packers.

ST. LAWRENCE MARKET.

Receipts of farm produce were 500 bushels of grain and 40 loads of hay. Prices for both grain and hay were reported unchanged from Tuesday's quotations.
