EXPRESS ROBBERY CASE IS BEFORE JURY TO-DAY

Suit for \$25,000 Against Russian Dancers Stands-Reid's Death Investigated by Police.

HAMILTON, Jan. 9.—(Special.)—The winter assizes were opened this afternoon by Justice Teetzel. The important cases on the list attracted a crowd which filled the court room, but no progress was made in any of the big cases. The grand jury have only one bill to consider, the charge of theft against Chilman and Acheson in connection with the sensational Canadian Express robbery last September. After hearing some of the evidence in this case, the grand jury adjourned at 5 o'clock this afternoon and will take up the case again to-morrow morning. It will probably be to-morrow afternoon before the grand jury decided whether or not a true bill has been made against the accused.

The most important case reached by the court this afternoon was the \$25,000 damage action of Robert Shiverick against Mikale Mordkin and the Russian Imperial Eallet Company, for injuries received by the plaintiff while a spectator at a performance of Mordkin and Prylowa in the Grand Opera House here a year ago, when the blade of a sword used by Mordkin flew from its hilt and struck Shiverick in the head, inflicting a wound which nearly proved fatal, and which it is alleged, has permanently injured him. George Lynch-Staunton, on behalf of the defendants, asked that the case be postponed until the March assizes, on the ground that an amendment to the plaintiff's statement of claim virtually created an new action, which the defendants were not prepared by reason of the fact that Rige, a material witness, was at present in Australia. Justice Teetzel thought that the evidence which Rigo might be able to give, could be obtained from other sources, and set a week from Wednesday as the tral date.

The damage action of Cunningham v. the M. C. Railway, for injuries at Waterford, received by the plaintiff whi e in the performance of his duties, or April 30, 1911, was in progress when court adjorrned this evening.

Victim of Ful Play

Suspicion of foul play in the death of J. T. Reid, which occurred at the City Hospital last night, has been

henest b'dder, rather than to have them handled by one financial concern; was adopted by the board of control

this morning.

Benjamin Brass, 70 years of age, was found wandering around the yard of his home this afternoon, in the snow and biting cold wind, without any clothing, except a pair of trousers, and was taken to the city hospital, where trade done by the old firm of Heintzhe is now in a critical condition. His man & Co. Limited, 198-195-197 Yonge-

foronto Board Will Appeal to Legislature-Increase Responsibility of Officers.

The Toronto Library Board believes he public libraries of the city are not ecciving sufficient government aid. At a meeting of the board at the Collegestreet library last night it was decided to appoint a deputation consisting of Messrs. Gash, Huestis and Chief Lib-rarian Locke to wait on the proper mittee of the Ontario Legislature, to see if the amount of government aid given the Toronto libraries cannot be creased. Under the present Librardes Act, \$200 is given every municipal library in the province, or \$250 if there

is a reading room in connection is a reading room in connection.

"In this manner," said Member of the Library Board Gash, "any little 'one-house' library receives only \$50 less from the government than all the public libraries of this city. We shall ask that each branch here be given \$250, just as if it were the only library in the city. Whenever we take over a library in an outlying district which is ister annexed by the city, the grant to this library then ceases, as the institution becomes only one of our city system. But it is easy to see how greatly our expenditures are increased in this way."

Miller & Sons, Heintzman & Co., and oth rs. The firm intend to make a qu ck clearing of these instruments and have marked them at from \$50 to \$150, pianos that originally sold at from \$300 to \$700. Every instrument has been the oughly overhauled by Heintzman & Co.'s own workmen before being offered for sale. They may be bought on payment of 75c a week.

Means Higher Efficiency Say Militia Officers

General Cotton, when spoken to by General Cotton, when spoken to by General Cotton when spoken to by General Cotton when spoken to by The World re the training order that has recently gone forth from the Militia Department at Ottawa, said:

"The order has been given and it is just a case of obeying it. I don't wish to pass any opin on on it, but it is undowbtedly following up the suggestion of General Sir John French of the need of city regiments for more effective camp training."

Col. Sir Henry M. Pellatt, speaking about the matter, said:

"In my opinion the new order will be a great benefit to the militia in general and will no doubt go along way toward bringing the different city regiments up to a higher standard of efficiency. I do not think that the order will be compulsory to every man, and no doubt we will have to make arrangements for those members of the different regiments who will not be able to attend these camps."

Lt.: Col. Delamere of the Gremadiers expressed the opinion that the new order would be a great benefit to the cy regiments, as at the present time they get no opportunity of taking up field work to any great extent, and with a short period in camp the actual conditions of active service could be lemonstrated to greataer advantage.

Ind. further, if the five days were General Cotton when spoken to by

conditions of active service could be lemonstrated to greataer advantage. And, further, if the five days were elected so that they would fail on some week-end when the following Monday was a holiday, it would have a tendency to attract a great number of men to take up the training.

WANT NEW RAILROAD

Deputation From Algoma Sees Sir James Whitney.

In order to get government aid, if possible, for the building of the Bruce Mines & Algoma Railway, a deputation from Northern Ontario waited on Sir James Whitney yesterday afternoon. The visitors were introduced by A. Grigg of Algoma, and among those present were R. R. Gamey, M.L.A. and Robert Shillington, M.L.A. The proposed new rasilway will run along the north shore of Lake Superior to the Transcontinental for a distance of 300 miles.

Attention was drawn by the deputa-tion to the fact that the preliminary survey for the rallway has already been made. The spokesman remarked that the only way to open up New Ontario is to give assistance to the building of colonization raliroads.
