J. R. Heintz & Co. (R. B. Holden) furnish the following Broomhall roreign weekly crop summary: United Kingdom—Quite a large area of grain sown shows the plant weak, and this will probably make some re-sowing necessary ,especially to bariey and oats. Offerings of wheat are small.
France, Italy, Bulgaria, North Africa

make solite. Test of the crops of wheat are small.

France, Italy, and oats. Offerings of wheat are small.

France, Italy, outlook for the crop is unchanged from, our last report, which was given as favorable.

Germany—The outlook for the crops is satisfactory, supplies of native wheat are smaller, and this country continues to be a free purchaser of both Argentine and Pacific coast wheat.

Russia—Notwithstanding the improvement reported to the winter wheat outlook in the southwest, only one-third of a crop is expected. Prospects for the spring wheat crop are good, but spring wheat is less reliable. Elsewhere there has been plenty of snow, and prospects are excellent. The poor outlook for winter grain may retard the seeding of spring wheat. Supplies of wheat are very light almost everywhere.

Roumania — Weather seasonable and wheat already seeded promises well. The trade in wheat is local.

Hungary—The weather is unseasonable, and stocks, are decreasing.

FIRE ALARM SUPERINTENDENT DOESN'T GET HIS INCREASE

The fire and light committee, having failed to obtain a quorum when called by Chairman Ald. McBride last week, was convened again yesterday. The special object was to consider Chief Thompson's recommendation that J. Craig, superintendent of fire alarm telegraphs, be given an increase in salary from \$1300 to \$1500. Ald Whytock suggested the salary be made \$1400, and Ald. Chisholm supported, but Controller Ward and Ald Mcbut Controller Ward and Ald. ket as reported by the railways were 70 car loads, composed of 1376 cattle, 520 hogs, 354 sheep and lambs, 105 calves and 8 horses.

The quality of cattle was simply a repetition of what has been coming for some time—a few good and many half fat, and many more positively lean.

Trade was not good at the Junction on Monday, but it was worse here, being slow, with cattle selling at lower prices. Even the best lots of cattle, some of them sold at prices that would not let the drover out, many of them losing from \$25 to \$50 per load, and many more were glad to get what they paid in the country, to say nothing about the loss of freight and time.

PAY WHEN CURED.

I have cured thousands of men who have squandered the savings of years in useless doctoring.

My Belt is easy to use; put it on when you go to bed; you feel the glowing heat from it (no sting or burn, as in old-style belts), and you feel the nerves tingle with the new life flowing into them. You get up in the morning feeling like a two-year-old.

to be as big and husky as any man you see on the streets?

Men with small, flabby muscles, thin-chested, dull - eyed, short of breath, without endurance, courage, sand or grit in their make-up, are WEAK MEN. If they were not born weak I can make physical giants

of them.

I am not performing miracles. I have only discovered that what makes all this strength, this steam, this FORCE in a man is his Animal Electricity. That is what makes muscles and heart strong. When I find a man who has lost that power and feels only half a man, I want to give heart man, and I can do it, for I have done it for thousands.

There are men in every town in this country now who thank me for making them feel once more like the greatest of God's creatures—MAN.

YOU RUN NO RISK IN USING MY BELT. I TAKE ALL CHANCES.

Any man or woman who will give me reasonable security I will send them the Belt, with all the necessary attachments suitable for their case.

MR. C. W. M'WALTERS, Searchmont Cut, Ont., says it cured him completely of Lumbago. He values it very highly and is willing to recommend it to anyone.
