BRANDON, THE CITY OF CHARTERED BANKS

There are ten chartered banks, most of which own their own homes, in the City of Brandon. Can you think of a parallel to this in any city of 13,000 people in Eastern Canada? There is a reason: Brandon is the money centre, the great natural market, for a territory covering a radius of seventy miles. It is the breeding and stock centre of Manitoba. It is the distributing centre for the fruit trade of the west. It is the centre of 1000 miles of Canadian Pacific western lines. Its railway service reaches out like a spider's web, embracing four transcontinental lines—the C.P.R., Canadian Northern, Grand Trunk Pacific and Great Northern.

A GREAT WHEAT CENTRE

Fifteen million bushels of wheat were marketed in Brandon last year. Payment for this places millions of dollars into the channels of Brandon's business. You see now why ten chartered banks are necessary. They have big, roomy offices, and Brandon is their base of operations for a wide area of western trade.

In a previous advertisement, we enumerated the colleges, schools and institutes that make Brandon a centre of

culture and of student life. We dealt with the railways, elevators and factories that infuse prosperity into every branch of human activity.

Brandon's population has doubled since 1905. It has fifty miles of railway sidings. Twenty thousand people have passed its Fair gates in one day. It will soon have a street railway system embracing East Kensington Heights.

Of 3,000,000 acres of Manitoba land under wheat, 2,500,000 are tributary to Brandon.

CITY'S CREDIT UNEXCELLED

The city's credit is indisputable. Its debentures are held above almost any financial institution in Canada.

Brandon is the head office of three fire insurance companies. The Government Experimental Farm is there, and the eyes of the west are upon it.

One hundred and twenty-five commercial travellers find it more convenient to do business out of Brandon than any other city of Manitoba.

Forty factories are engaged in the manufacture of vari-

ous articles of commerce, and the city will entertain no proposition from bonus-hunters.

CONSIDER THIS CAREFULLY

We are offering lots in Kensington Park, Brandon, to-day for \$60. The interest which we will retain in this section is far larger than that which we are sharing with the public. We will be candid in stating that we believe we are following a wise policy in getting others interested with us in Kensington Park. Your presence will enhance the value of your lands, as well as ours. The city is now built up right to our property, and we are in the line of the city's rapid growth. These lots are to-day worth more than we are offering them to the public. The land is rolling, well drained, and every lot guaranteed. The lots are 25 feet by 120 to a 20-foot lane. You may find that the lot you purchase to-day for \$60 is worth \$500 or more in less than two years. But one fact amounts to a certainty: Brandon is bound to grow, and every new family established in the city makes your land more valuable.

This is an exceptional sale. The merit of the offer will result in the whole block being taken up quickly. We will deal with the applications in the order that they are received.

He estimates the shipments other than American at 9,900,000, against 8,600,000 bushels, as given yesterday and Europe will take 8,900,000 bushels.

ST. LAWRENCE MARKET.

Receipts of farm produce, on Saturday

There were 200 bushels of grain, 12 loads of hay, one load of straw and a very large number of loads of mixed produce in the north building.
 Wheat—One hundred bushels sold at \$1.02.
 Barley—Two hundred bushels sold at 60c to 61c.
 Hay—Twelve loads of hay sold at \$16 to \$20 for timothy, and \$8 to \$10 for clover. Straw—One load of loose sold at \$8.50 per ton.
 Dressed Hogs—Prices were reported at \$11 per cwt.
 Potatoes—Farmers' loads sold at 60c to 70c per bag.
 Apples—Fall cooking apples sold at from \$1 to \$2 per barrel, but Snows of Good quality are worth from \$2.50 to \$3 per barrel.
 Butter—Prices remained unchanged, at 35c to 36c per lb. The bulk of the butter sold at 35c to 36c.
 Eggs—Strictly new-laid eggs sold at 32c to 33c, and some farmers who have special customers, that are able and willing to pay almost any price for eggs laid within two or three days, got 35c. But there were few sales made at that price.
 Poultry—There was a good demand for neatly dressed, good quality poultry, nearly all the poultry dealers being on the market, but prices remained steady at quotations given in table. Turkeys, 13c to 20c per lb.; geese, 12c to 14c; ducks, 12c to 14c; chickens, 13c to 14c; fowl, 10c to 11c.

Market Notes.

For the past five or six weeks, Satur-

day's market has been well patronized by the farmers, who sold their produce in baskets, bushels, bags or barrels. In fact, the old-fashioned style of doing business prevailed, and the market has prospered, and nine out of ten citizens who frequent the market will tell you that they like this way of buying and selling the best. But the civic officials, that is, the people's paid servants, not the aidemen, are again commencing to threaten the farmer with prosecution if he sells less than a bushel of potatoes or apples.
 These officials were around the market on Saturday giving the farmers their last note of warning, and threatening them with prosecution if they again dared to violate an old civic bylaw, that has lain dormant for many years.
 It is a well-known fact that the City of Toronto was to give a free market to the farmers when the toll gates were abolished. The toll gates were abolished, and because the farmers' representatives in the county council neglected to have that agreement with the city put in writing, they (the officials) now deliberately proceed to violate said agreement by re-imposing the farmer's right that has been acknowledged to be his ever since there was a market in Toronto. Just wait the market decline if this bylaw is enforced.

R. Barron, who thru illness was not able to be on the market, was much missed, but his son, John, was on hand and bought many lots of choice dressed poultry.
 A. Patterson, the King-street grocer, at the entrance to the St. Lawrence Market, also bought many lots of poultry. The Harris Abattoir Company had a buyer on the market, who bought a lot of the best chickens.
 M. P. Mallon, wholesale dealer, had a representative on the poultry market, who took many lots of all kinds. Had it not been that the two last named wholesale firms—that is, the Harris Abattoir Company and M. P. Mallon—took a lot of the surplus chickens, it is safe to say that prices would have dropped a

cent a pound, but, instead, they advanced about 1/2c per lb. all round. J. H. Wickson, butcher, who has one of the best, select, old-time customers' trades in the city, was kept busy all day.

GRAIN AND PRODUCE.

The local grain market just now is practically at a standstill. Buyers are not at all inclined to sell at current prices, while sellers apparently have no inclination to come up to the levels demanded. Consequently the grain movement at the present time is an insignificant one.
 Until values are adjusted to a more satisfactory basis, this condition of affairs is altogether likely to continue. Meanwhile quotations are practically

nominal for all the coarse grains. Flour is not moving to any extent just now, and the immediate tendency seems to be downward.

Local grain dealers' quotations are as follows:
 Manitoba wheat—New No. 1 northern, 1.02 1/2; No. 2 northern, 1.01 1/4, track, lake ports.
 Oats—Canadian western oats, No. 2, 28 1/2c, lake ports. Ontario, new oats, 35c to 36c, at points of shipment.
 Wheat—New No. 2 wheat, 97c to 98c, outside.
 Barley—New, No. 2, 51c to 52c; No. 3, 50c; 3X, 54c to 55c.
 Manitoba flour—Quotations at Toronto are: First patents, \$5.60; second patents, \$5.10; strong bakers, \$4.90; 90 per cent. patents, new, 28c bid, c.i.f., Glasgow.
 Rye—No. 2 to 7c per bushel.
 Corn—No. 2 yellow, 70c, track, Toronto.
 Peas—35c to 36c per bushel.
 Mill feed—Manitoba bran, \$2.50 to \$2.75 per ton; shorts \$2.50 to \$2.75, track, Toronto; Ontario bran, 25c in bags. Shorts, \$2 more.
 Ontario flour—New wheat flour for export, \$3.50 to \$4, outside.

FRUIT MARKET.

There was comparatively little change in the current prices of fruit and vegetables at the Scott-street wholesale market on Saturday. The fine weather, which has continued for some days now, is bringing the staple commodities out in larger volume. Receipts of peaches, pears and cantaloupes were all larger than on Friday and prices showed an inclination to shade off. Grapes were offered freely at prices slightly low-

er than during the rest of the week. The supply was very large and the demand being none too good, a little reduction was necessary in some cases before all the fruit was gotten rid of.
 Trading on the whole was a little slow, but prices for other varieties were about unchanged.
 Following prices were current:
 Apples, basket.....\$0.12 1/2 to \$0.25
 do, barrel.....1.50 to 2.25
 Beans, basket.....0.20 to 0.25
 Cantaloupes, basket.....0.25 to 0.45
 Cauliflower, dozen.....1.00 to 1.25
 Celery, dozen.....0.25 to 0.35
 Corn, green, dozen.....0.07 to 0.10
 Cucumbers, basket.....0.20 to 0.30
 do, silver skin.....0.50 to 1.00
 Egg plant, basket.....0.25 to 0.35
 Onions, silver skin.....0.20 to 0.25
 Onions, per crate.....2.50 to 2.75
 Peaches, Crawford, basket.....0.70 to 1.00
 do, second.....0.40 to 0.60
 do, California, box.....1.50 to 2.00
 Plums, basket.....0.40 to 0.60
 Potatoes, bag.....0.70 to 0.75
 do, sweet, barrel.....5.00 to 6.00
