## RATEPAYERS MUST APPROVE GRANT

### Controllers Decline to Spend \$200,000 for Rosedale Stadium.

Mayor Church was unsuccessful yesterday in his effort to have the board of control consent to an expenditure of \$200,000 for a stadium without the approval of the ratepayers, Controllers Cameron, Ramsden and Gibbons voting against him. His motion read as follows:

"That application be made to the legislature at the ensuing session to empower the city to spend \$200,000 without the consent of the ratepayers, in securing two recreation centres."

## AFRAID TO EAT MEALS

"Pape's Diapepsin" is the best Antacid and Stomach Regulator known

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food, when you feel lumps of indigestion pain, heartburn or head ache from acidity, just eat a tablet of harmless and reliable Pape's Diapepsin and the stomach distress is gone. The relief comes quickly, no disappointment! Pape's Diapepsin helps regulate your stomach so you can eat favorite foods without fear and a box of these world-famous stomach tablets cost so little at drug stores.

commonly known as stadiums, the sites to be fixed by the city council."

His worship explained that the city had no power to build stadiums, so it was necessary to apply for legislation.

"You have this morning practically rejected appeals for grants to aid people who are feeble and helpless and now you are ready to spend \$200,000 on a stadium," said Controller Gibbons.

Controllers Cameron and Ramsden said they would support the motion if the word stadium was left out. They thought recreation centres were needed, but the city could get along without a stadium.

"You want a stadium for the soccer players," said Controller Cameron to the mayor. His worship replied that the clubs were willing to pay \$5,000 or \$6,000 a year, which would pay the fixed charges.

"I will introduce it in council," said his worship after his motion had been rejected with only Controller Maguire voting with him.

Later, after Controller Cameron had left, the mayor tried to reintroduce the motion and immediately Controller Ramsden departed, disregarding the mayor's request that he remain, and the motion was dropped.

Don't Want Tea Room.

A deputation of residents of St. George street appeared yesterday to protest against the granting of a license to run a tea room at 97 St. George street. Mrs. Gillespie, the applicant, was present with her lawyer, M. H. Ludwig, who declared that she had paid \$25,000 for the property and had expended \$15,000 more in remodeling it to run a tea room.

Sir Edmund Walker and William Davidson, K. C., spoke for the opposition. Their argument was that the value of their property would be seriously depreciated by the location of a business there.

Mayor Church read the report of the city solicitor on the question, which was in effect that the city had no power to refuse the license. This was a restricted residence district, but tea rooms were not among the half dozen businesses specifically barred from St. George street.

Chief of Police Grasset, speaking for the police commission, said that if all the conditions were complied with, the commission could not very well reject the application without special reasons.

On motion of Controller Maguire the board passed a resolution asking the police commission not to grant the license. Mayor Church said the police

commissioners would consider the matter finally next Tuesday.

Appeals for money grants came thick and fast to the board of control yesterday.

The board of Weston Sanatorium for Consumptives asked for a grant of \$75,000 towards the cost of a \$275,000 addition to be erected at Weston, Hon. W. H. Charlton, who presented the case for the deputation, said additions were also needed at Muskoka both for hospital and nurses' quarters.

The balance of the money required, he said, would be raised by public subscriptions. It was said that 65 per cent of their patients come from Toronto.

## Don't Suffer From Piles

No Matter If You Have Tried Other Treatments, Send at Once for a Free Trial of Pyramid.

Try Pyramid first. It should give quick relief and has saved many from an operation. A free trial will be sent at once.

Relief From Pain Brings Back the Smile of Happiness.

convince. Send today or better still, get a 60 cent box of Pyramid Pile Treatment at any drug store. It is the right thing to do. Do it for your own sake, to relieve itching, bleeding or protruding piles, hemorrhoids and such rectal troubles. Take no substitute.

Mayor Church expressed the opinion that the appeal should have been made to the provincial government. He recognized the merit of the work being done by the hospital, but thought its maintenance was a provincial obligation.

Controller Maguire suggested a joint appeal by the city and hospital to the government, and on his motion it was decided to arrange a meeting for next week.

Mr. Mark Bredin and Col. McKendrick headed a deputation from the Federation of Community Service, which asked for a grant of \$10,000 or one-fifth of their objective. Mr. Bredin pointed out that of the 45 charities existing, the federation included 47 and the others he expected would go in shortly.

W. H. Smith, head of the city's social service commission, said that the city already supports to the extent of \$2,000 per annum certain charities now in the federation, and also that the federation includes a number of charities which the city could not legally aid.

Members of the board expressed sympathy with the object of the deputation and promised consideration.

Miss O'Brien, regent of the municipal chapter, headed a deputation from the Daughters of the Empire, who appealed for a grant of \$25,000 towards a war memorial endowment fund for scholars; open to sons and daughters of Canadian soldiers who fell in the war. It was hoped also to raise \$50,000 in Toronto by public subscription. The appeal was referred to the finance commissioner.

A deputation from the Great War Veterans asked that the application of the city firemen for one day off each week be granted. Controller Cameron expressed the view that the deputation had arrived too soon, as the matter was still in the hands of the fire chief and the committee.

Special consideration was also asked for two soldiers now 25 years of age, who want to join the fire department. The bylaw says that only men under 26 years may join. It was pointed out that this step would impose an extra liability on the firemen's benefit fund. Both appeals were sent to the fire chief and the benefit fund committee for a report.

Employe Aided.

In response to an application from Richard L. Orpen, a former stenographer in the office of the street commissioner, for war wages, the commissioner had recommended that he be paid the difference between his military pay and the wages he would have received from the city if he had remained and had not been given an increase. Mr. Orpen's complaint was that he would ordinarily have received increases in the three years' period and wanted the benefit of such increases. The board sympathized with this appeal and sent the matter back to the commission for reconsideration.

Mayor Church introduced a motion that a limit of five minutes be put on speeches in the city council, and that no further debate be permitted after the committee rises except in explanation.

"This I fear will put you in an embarrassing position at times," said Controller Cameron to the mayor, "but I will vote for it." The motion carried.

Controllers Cameron and Ramsden and Parks Commissioner Chambers were appointed a committee to confer with the harbor commission and the Aero Club with regard to securing a landing site on the waterfront.

Officers of the Toronto harbor indus-

trial department laid before the board their annual report showing that concerns employing 3000 hands and capitalized at \$15,000,000 had been located on the harbor property.

An appropriation for advertising purposes was proposed and will be dealt with later.

The request of the 198th Battalion that they be allowed to erect a memorial tablet at the entrance to the city was referred to the property commissioner.

A committee consisting of Commissioners Bradshaw, Harris and Chambers was named to go into the question of turning over the St. Andrew's site to the militia department.

The Godson Construction Co. claims to have lost about \$40,000 on the construction of the Rosedale Creek sewer and they are asking for special consideration from the city.

**WARD FOUR CONSERVATIVES.**

In McBean's Hall, College and Brunswick, tonight, ward four Conservative Association will hold a smoker and euchre. The president, J. R. Scott, will speak on "Free Trade and Protection."

# THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

**What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time in Many Instances.**

**SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.**

Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate, the advice of physicians to thin, delicate nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. More-over, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body

cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Kolbe, M.D., editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase

strength and nerve force and to enrich the blood."

Joseph D. Harrigan, former visiting specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind and power of endurance."

Bitro-Phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nervine and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every Bitro-Phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-Phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums, so-called tonics or widely advertised "cure-alls."

**CAUTION.**—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by anyone who does not desire to put on flesh.
