### DECIDE ON METHOD TO CHOOSE JUDGES

#### One Stumbling Block to High Court of Nations Is Removed.

The Hague, July 6.—One real stumbling block in the creation of a high court of nations was passed today, when the jurists' commission voted to accept in principle the Root-Phillimore plan for the make-up of the court. The vote was probably by a number of minor changes in the Anglo-Saxon plan, the jurists, by a vote of 8 to 1, accepted the method for the election of the judges by the council and assembly of the league of nations voting separately on lists submitted by the league tribunal.

Those candidates who are named by both council and assembly will immediately be considered elected, and, in the event of conflicts in the conference committees, the council and assembly will try to come to some arrangement in such cases. There is no failure to agree, the judges chosen by the two bodies, jointly will have the power to name the other judges.

The jurists will now take up the Root-Phillimore plan paragraph by paragraph, and decide upon the number of judges and their terms.

### EX-CHIEF OF HULL CLAIMS INTERFERENCE

#### Declares Dismissal Followed His Persistence in Liqueur Prosecutions.

Ottawa, July 6.—Despite denials by Mayor Cousineau and Ald. Talbot, ex-Chief Joseph Groulx, of the police department, who was summarily dismissed from his office on Monday night by the city council, on the ground that he had not proved discipline in the force, maintains that he was interfered with by the two representatives of council when endeavoring to prosecute illicit liquor sellers.

Referring to the list of names of those who were to be prosecuted against which the ex-chief stated were returned to him with names crossed out, he states that instructions were not to prosecute certain hotel men were communicated verbally to him by both Mayor Cousineau and Ald. Talbot on different occasions when he made his report to them.

James Martinelli was found dead on Christmas Day, and Mike Koval, a friend of Mrs. Martinelli's, was originally charged with having shot him. Koval was acquitted of the charge last Wednesday and the case against Mrs. Martinelli was opened the next day. It terminated in a verdict of not guilty this afternoon.

### WINNIPEG EXPECTS BIG LACK OF COAL

#### Belief That Price Will Be "Extraordinary"—Quebec Situation.

Winnipeg, July 6.—Coal dealers declared today that a serious coal shortage is expected in Winnipeg this winter. The United States supply cannot be depended upon and western Canadian soft coal will be scarce. Local dealers said. The city council warned citizens at a council meeting to lay in supplies early, one alderman declaring "hard coal will only be available in limited quantities and almost extraordinary prices."

Quebec, July 6.—(By Canadian Press.)—Altho local dealers have not, so far, reported the coal situation in such a pessimistic light as reports from Montreal indicate, fuel is known to be none too plentiful and the price high.

Considerable interest has been aroused here during the past few days from the discovery that, while consumers in Quebec City are paying \$17 for a ton of coal, weighing 3,000 pounds, parties in Chicoutimi and other surrounding points are securing it direct from mines in the States at a cost of from \$10 to \$12 per ton of 2,240 pounds, plus freight and American exchange, making an approximate total of \$13, which, of course, does not include bagging or cartage.

### HAMILTON

#### OBJECT TO CHANGE IN LICENSE SYSTEM

Kingston, Jamaica, July 6.—Thousands of residents of this island, the home of Jamaica rum, have united in a protest to the government and legislative council against prohibition, the control of the liquor trade or alteration of the present licensing system. A measure has been introduced in the legislature by the government providing for state control of the trade after the legislative council had been asked to consider also the questions of prohibition and licensing.

Those opposed argued in a memorial to the government that the manufacture of rum as a by-product of sugar, had been carried on in the island for hundreds of years, and formed a very important industry, which would be seriously affected if prohibition were imposed. They objected also to state control chiefly on the ground of expense and risk involved.

Guelph, Ont., July 6.—(Special.)—Plunging into his work almost on his arrival in Guelph, Prof. J. B. Reynolds, who succeeds Dr. J. C. Cressman as president of the O. A. C., was busy at his desk at the college this morning. Prof. Reynolds stated that while he had thoroughly enjoyed the five years he had spent in Manitoba, he was real glad to be back once more among his old Guelph friends. Asked if he had anything in the nature of a public announcement to make regarding the O. A. C., Prof. Reynolds said he had not. "When I was here a month ago," he said, "arrangements were made for the change in the course, and this has already been announced. The salary increases were also arranged at that time and these have been made public, so there is really nothing to say for me to say."

Conditions Satisfactory.

Prof. Reynolds stated that as far as he knew conditions generally at the college were satisfactory, and he did not anticipate any change in the faculty. He spoke in the highest terms of the general conditions of the institution, and that the work of Guelph College was steadily improving and its fame was nation-wide. Prof. Reynolds' first address will be delivered on Thursday evening on the occasion of the O. A. Wednesday—Shelburne at Hespeler (juvenile); Fergus at Orangeville (juvenile); Malton at St. Simons (juvenile); Jutata at Weston at Orangeville (intermediate); referat at Malton; Stratford at St. Marys (intermediate); A. Kinder at Young Dundas; Markdale at Waghorne; Judge, Coll. at Orangeville.

Friday—Beaches at Malton (junior); Brampton at Shelburne (junior); Stratford at Malton (intermediate); Weston at Orangeville (junior); Niagara Falls at Brampton (intermediate); Young Toronto (senior); Scarborough Beach.

The game that has been so much talked of all season is that to be staged at Orangeville on Saturday, when Young Toronto enters in the fast-going St. Simons. Taking the Brampton games as an example, the Saints seem to have the edge on the Blue Shirts, as the latter were roundly trimmed by Excelsior. It should be held Brampton to a 4-1 and most exciting games of the season by the gutted stick enthusiasts. Charlie Querre and Jim Dundas will likely be chosen as officials.
