AN APOLOGY.

Little Jim and Pat the gardner, had been great pals, and when Jim went back to the "Ould Sod" to end his days, and slow-witted Dutch Jan took his place, Jim was a very unhappy kiddie. After sundry unsuccessful attempts to interest Jan in his small affairs he waxed wroth, and one morning his father heard a tempest in the garden, culminating in "Oh, Jan, you're such a fool!" Father took matters in hand at this point, and an instant apology was next in order. Jim rebelled, but finally calmed his ruffled feelings and went to the aggrieved gardner, more in sorrow than in anger, with: "Jan, I—'m awfully sorry you're a fool."—New York Times.

Schooner Ann Louise Lockwood, Captain Johnson, arrived at Moncton last Wednesday from New York with a cargo of hard coal. The schooner was towed from Hopewell Cape to Moncton, but owing to some difficulty in mooring at the public wharf, she was left by the tide badly canted towards the wharf, but was not damaged to any extent, and was righted.

For Pipe Smokers

Smoking a pipe is an art, though the average man does not know it. A few pointers are productive of much increased pleasure to the man who prefers a pipe to any other method of smoking.

In breaking in a new pipe, be sure to fill it with cold water for a moment before lighting. If this is done the first four or five times the pipe is used, a crust will be formed inside the bowl without burning the wood. When this same crust has become so thick that the interior of the bowl is very much smaller than it was at first, it should be cut out.

Do not smoke up all the tobacco in your pipe until it is well seasoned, but allow a little bit to remain in it, cleaning out from time to time.

Smoke your pipe slowly. The full flavor of the tobacco can then be enjoyed without the burning of the tongue resultant from rapid smoking.

When your pipe goes out, do not think that it needs refilling before lighting. The tobacco in it has not become stale. In fact, if you allow your pipe to go out several times while smoking it, your smoke wil be all the more enjoyable.

SCOTLAND'S POPULATION

The fifty-fourth annual report of the Registrar-General on the births, deaths and marriages in Scotland during the year 1908, states that the population of Scotland at the middle of 1908 is estimated to have been 4,826,587, with an excess of rather more than 100,000 females over males.

The natural increase in the population from the middle of 1907 to the middle of 1908 was 52,875, but the actual excess was only 50,524, the difference of 2,351, representing approximately the amount of emigration. The following figures are given in the summary of the report:—

	1908.	1907.
Total births	131,337	128,789
Rate per 1000	27.21	26.97
Total deaths	77,839	77,267
Rate per 1000	16.13	16.18
Marriages	31,583	32,260
Rate per 1000	6.54	6.96

The birth rate, says the registrar, is slightly above that of 1907, but 1.69 below the average of the last ten years. It is, in fact, the lowest on record with the exception of that of 1907. The death rate is 1.01 less than that of the preceding ten years; but the marriage rate is lower than it has been since 1888.

Last evening a number of the local Knights of Columbus left on the late train to attend the state council meeting in Sydney on May 11, and meetings of Sydney council. Those who left were W. J. Mahoney, state deputy; Dr. S. H. McDonald, H. A. McCulough, C. A. Owens, Grand Knight Dr. D. J. Mullin and E. S. Ritchie.

A small button of garlic in a quart of vinegar will give it a mysteriously delicious flavor and it will immensely improve the salads or anything in which it is used.

NICKEL FEATURES TODAY AND MONDAY

This afternoon at the Nickel the children will hold high carnival with more than 3,000 feet of interesting film-stories, good singing, sprightly music and old pictures of St. John before the fire. The show will last more than an hour; same big bill tonight; news of Longboat-Shrubb and New York races in the evening.

On Monday the Nickel will have another high-class attraction in the Sillbers, refined operatic singers, who have concluded a successful engagement in Halifax. The Halifax papers refer to them in flattering terms, musical critics giving kind words and praise. Signor Sillber is a tenor of magnificent quality and exceptional range, whilst Signora Sillber is a dramatic soprano. The duo will be heard in the evening at 7.45, 8.45 and 9.45, their numbers to be Love's Dream Is O'er (Ascher), and the Miserere, from Il Trovatore. Nothing of the same character in singing performers have yet been heard at the Nickel. The doors will be open at 6.30.

SPLENDID PICTURE BILL AT THE STAR

As is usual Saturday night, the Star Theatre in Union Hall, North End, will be crowded with pleased people tonight, for an all-feature bill of new pictures awaits them, some good songs and a lot of bright, catchy music. On Monday the old St. John favorite, Frank Austin, will re-appear in illustrated songs, his opening number to be the latest and best Indian hit, "Golden Arrow," a number that for melody and western catchiness is out of the ordinary. The slides for the song are great. New pictures Monday; new music. Orchestra Tuesday.

FINDS HIS WORK A PLEASURE NOW

Dodd's Kidney Pills cured the Postmaster's Kidney Disease.

Alberta man tells how his troubles vanished when he used the old reliable Kidney Remedy.

Scona, Alta., May 7—(Special)—"I can now do all my work without pain and with pleasure." Those are the words of Postmaster Andrew B. Nelson of this place. As all the post-master's friends know, he has been troubled with Kidney Disease for several years past, and has been doing everything in his power to find a cure for it. He has found the cure. It is Dodd's Kidney Pills. Yes, I tried all kinds of medicines for my kidney trouble," the postmaster joyfully states. "None of them seemed to do me any good till I commenced to use Dodd's Kidney Pills. Two boxes of them cured me completely. I highly recommend Dodd's Kidney Pills to all sufferers from Kidney Disease. I would not be without them."

Dodd's Kidney Pills cure all diseases of the kidneys, from Backache to Bright's Disease. They also cure all diseases caused by disordered kidneys, failing to strain the impurities out of the blood. That's why they cure Dropsy, Rheumatism and Heart Disease. If you haven't tried them yourself ask your neighbors about them.

PROVINCIAL NEWS

Continued from page 4.

photograph of the president bearing his autograph.

At the annual meeting of the Amherst Board of Trade last week officers elected for the ensuing year were: D. A. Morrison, formerly of St. John, president; G. R. Chisholm, manager of the Royal Bank of Canada, vice president; and A. C. Ross secretary and treasurer. The committee on the "Old Home Week," celebration reported in favor of holding the celebration on the third week in August, 1910.

The New Glasgow Chronicle says: Messrs. Brady and Tiffin, of the I. C. R. Board of Management are on a trip of inspection of the Eastern Division this week. Mr. Brady had rather an unfortunate introduction east of Truro on Wednesday. The engine pulling the train from Truro became disabled at Stellarton, before another could be requisitioned. This second engine played out before the train reached Mulgrave, and a third had to be sent to the rescue.

The semi-annual meeting of the Bluenose Curling Club of New Glasgow was held on Monday evening and was well attended. President Cavanaugh presided and presented the prizes. It was decided to send in an early challenge for the McLellan Cup to be played by three rinks. The club also expressed by resolution its disproval of the proposed change affecting the standing of junior players and instructed the delegates to the N. S. branch to protest against the new ruling which is that a player who has been a junior skip or mate is not eligible to play with the juniors. The delegates to the branch are Capt. Colin Fraser and P. A. McGregor.

The Annapolis Royal Spectator says: Thursday afternoon upwards of two hundred B. T. moth nests were taken in the vicinity of Bridgetown, which place was supposed to be outside the affected area. Growers and citizens generally, especially in Annapolis, Kings and Digby counties, are urged during the next ten days to make a thorough search of their orchards and to pick and destroy any brown tail moth nests that may be discovered. Should there be any uncertainty as to the identity of the nest, the department would urge people to forward specimens for identification to the Agricultural College, Truro. As soon as the foliage comes out, the caterpilars will leave their nests and it will be much more difficult to destroy them.

P. E. Island

The other night Charlottetown police officers raided the premises of George Essory, Grafton street. The door of the saloon was barred as usual and before the officers could effect an entrance the small stock of liquor on hand was destroyed and thrown into a tub containing water. This is a new device and seems to be an improvement on the shoote formerly used.

The dredge Montague is ordered to Summerside and will proceed to that port in a week or two.

Whitehead Bros., Elmira railroad contractors, have signed contracts for the clearing of the line from Harmony to Elmira.

The new Magdalen Island mail and passenger steamer Lady Sybl sailed for Magdalen Islands from Charlottetown on Wednesday. The Sybl has good passenger accommodation and is a great improvement on the former service.

Today there are 30 vessels lying in Souris harbor awaiting fair wind to proceed to Magdalens for bait thence to the fishing banks. Lobster catches are reported medium and herring are scarce.

The Island commissioner of agriculture has succeeded in making arrangements with the fruit division at Ottawa to have Inspector Vroom conduct a series of demonstration meetings throughout the province. The planting, pruning, grafting and spraying the trees will be taken up.

A telegram has been received by Mr. Johnston at Long River, announcing the death of his son William Johnstoon, which occurred, April 30, at Denver, Colorado.

The following recruits for the Mounted Police left Charlottetown for Regina: B. R. Flanagan, F. H. McRae, N. H. McLeod and Edgar W. Steele, as bugler. The recruiting officer states that men are hard to get on the island.

DISCOVERED THE MOTHER LODE

Rich Discovery of Gold Quartz Along Line of C. N. R.

Winnipeg, Man., May 6.—At Glenorchy, in New Ontario, forty miles east of Fort Francis, on the Canadian Northern, an extraordinary gold discovery has been made. This is the district where the old Turtle Lake and Olive mines existed, a score of years ago. Small veins were then worked as paying propositions, but eventually petered out. An old mining prospector, named Stone, long contended that these pay streak veins must lead to a mother lode near-by. For six years he followed these different veins and, a few months ago, he stumbled across this mother lode. Saying nothing, he went back to Fort Francis, where were his friends, who had been acting quietly with him during these last few years. Claims were filed and assays show the ore to run from $100 to the astonishing figure of $249 per ton paying gold. The properties enjoy advantageous positions as they lie on both sides of Canadian Northern tracks, paralleling it for miles, the centre being at Glenorchy station. Three miles from there is the finest of waterfalls with an inexhaustible possibility for power.

THE ILLS OF CHILDHOOD HOW TO CURE THEM

In thousands of homes throughout Canada Baby's Own Tablets is the only medicine used when the children are ailing, and the mother who keeps this medicine on hand may feel as safe as though there was a doctor constantly in the home. Baby's Own Tablets cure all stomach and bowel troubles, break up colds, destroy worms, and make teething easy. Guaranteed free from opiates and poisonous drugs. Mrs. Geo. Wilson, Wilson's, N. B., says:—"I began using Baby's Own Tablets about five years ago, and since then have used no other medicine for my children. They never fail to bring relief, and I would advise all mothers to try them." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WITH THE BOWLERS

Boston, Mas., May 8—Four records were broken in the final night's bowling of the National Duck and Candlepin Congress, which ended its annual weekly meeting at the Somerset alleys early today.

In the duckpins, Clancy, of Boston, broke the individual record by rolling 344. McCorville, of Portland, gave the local man a close race for the honors, as did Eaglebrook, of Providence, their respective scores being 343 and 341.

Vickers and Besoer, of Providence, won the two men team match in the duckpins, with a score of 608.

Another record was broken in the three-men team duckpins by Galway, Clark and Gill of Boston, with a score of 955.

The Boylston five-men team of this city, broke the former duckpin record in that class with a score of 1527.

Galway, of Boston, won the individual candlepin prize with a score of 337.

Welch and Clancy, of Boston, won the two-men team with a score of 675.

The only record broken in the candlepin bowling was by the three-men team of Walsh, Clancy, and O'Brien, of Boston, with a score of 953.

The Wildey team, of Boston, captured the five-men team prize by rolling 1567.

A HARD WORKER.
