CANADA'S ECONOMIC CONFERENCE OFF UNTIL DECEMBER.

Ottawa, Sept. 22.—(Special)—It is stated tonight that the economic and trade conference which Sir George Foster contemplated calling together next month has been postponed until December.

Sir George has only been in Ottawa for about ten days since his return from England, and is now touring Canada with the dominion trade delegates. Consequently the organization of the conference has been neglected.

At present the proposal is in a somewhat nebulous state and it is hard to ascertain what form the conference is to take. So far the minister's own "call to action" contained in a speech which he made coupled with pamphlets published here and circulated in the dominion, constitute the only action taken toward organizing the conference.

It is understood that the economic "after the war" commission appointed by the government a year ago has been disbanded.

Allee—"Why are you taking up botany?"

Kitty—"Because my fiancé is interested in a plant of some kind and I want to be able to converse intelligently with him about his business."
