

## SHE BELIEVES IT SAVED HER LIFE

Winnipeg Woman's Recovery  
by Taking Tanlac Sur-  
prised All Her Friends.

"My wonderful recovery" has been a surprise to all who knew of my dreadful condition," said Mrs. Amelia Hooley of 883 Fleet avenue, Fort Rouge, Winnipeg, Canada, recently, in one of the most interesting and remarkable statements yet published in connection with Tanlac.

"My system has been badly run down for several years," continued Mrs. Hooley, "and although everything was done for me that could be done for a person I got worse instead of better. I had begun to think Tanlac was going to fail me, too, as I could not see much improvement, if any, until I started on my third bottle. At one time I thought of giving it up, but if I had it would have been the mistake of my life for, really and truly, it has made me a person of me. My stomach was in the worst kind of fix and my appetite left me entirely. Nothing tasted good and even the most delicate and tempting foods did not appeal to me. What little I did eat soured on my stomach and the gas from it would blow me up and make me miserable. Then I contracted rheumatism in my left leg, which finally affected my whole side, and it was as much as I could do to get around. In fact, I was lying down in bed for six weeks, hardly able to move. This leg would pain me so, especially at night, that I couldn't lie still. There was also a terrible pain that started in my right shoulder and went up the back of my neck clean to the top of my head. This pain was so severe at times I thought I would go distracted, and I have understood and the strongest kind of liniments until I actually burned the skin off trying to get relief. I would lie awake night after night just suffering agony, never getting a wink of sleep. I would get up mornings feeling like a wreck, unable to sew or do any housework, and would get so weak I would almost faint and feel like I was dying. I would have dizzy spells when I could hardly stand up, and these left me so weak and faint that I feared my heart was going to stop beating. "Last year all arrangements were made to put my children in a convent, as I had been given up to die. My nerves were in such a shattered condition that I couldn't stand the slightest noise. Even the children playing around would almost make me frantic. I had fallen off in weight until I was scarcely more than a frame of skin and bones. At the time I began taking Tanlac I only weighed ninety-three pounds and my condition was really alarming. My husband advised me to stick to Tanlac until I had given it a fair trial and while I was taking my third bottle I commenced to get relief. I used five bottles now and my improvement has been nothing less than wonderful. A few days ago I went to visit a friend and she had so much to say about how well I looked that I asked her if I had really been very sick and she said she never had any idea I would live. I have not only gotten relief from all my sufferings, but I have actually gained twelve pounds in weight besides, and I am just so happy and grateful over my recovery that I want to tell everybody about Tanlac."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative.

## URGING GOVERNMENT TO ALLOW GERMANS TO BUY IN U. S.

London, Sept. 16.—A Berlin despatch to the Daily Mail reads: "In commercial circles I was told yesterday that American firms interested in the German trade are urging their government to take steps to make Germany buying in the United States possible. This coincides with the current statement, also made to me, that the new Communist coup d'etat will be postponed until it becomes clear that even a big American loan cannot save the situation. "The Hamburg merchants, believing that the disastrous state of affairs will shortly become irreparable, resolved today to urge the government to conduct a colossal publicity campaign throughout the country for work and rigid economy. Meanwhile, in Hamburg and all over the country, Communists, Spartacists and anarchists are pursuing a scheme for 'ripening' Germany by elaborate and very insidious propaganda."

## TORONTO IN "DRUG RING."

St. Paul, Minn., Sept. 16.—A drug ring, said to centre in Toronto, with Montreal as a clearing house, which operated throughout the northwest, was disclosed following a raid on an opium den here and the arrest of Tony Serpa in New York. The raid here followed the arrest of Serpa. When arrested Serpa had twenty-five thousand dollars' worth of drugs and twenty thousand dollars in cash. The police learned it is declared, through tracing Serpa and his associates, of Canadian complicity.

## Don't Hawk, Blow, Sneeze, or Cough Use "Catarrhzone"

When germs attack the lining of the nose, make you sneeze and cough—when later on they infect the bronchial tubes—how can you follow them with a cough syrup? You can't do it—that's all. Cough syrups go to the stomach—that's why they fail. But Catarrhzone goes everywhere—gets right after the germs—kills them—kills the soreness—cures the inflammation—makes Catarrh disappear. Not difficult for Catarrhzone to cure, because it contains the essence of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1 and contains two months' treatment; smaller size 50c. and 25c. all druggists and stockholders.

## OKAPI IN ANTWERP NOT LONDON ZOO

Some Disappointment That  
Rare Animal Didn't Reach  
England.

London, Sept. 16.—British naturalists who have been confidently expecting that the only live okapi in captivity was to be brought to the Zoological Gardens in Regent Park, were disappointed today when the news came from Antwerp that the animal had been brought there from the Congo by Dr. Lebrun. It was the gift of M. Landaghem, whose husband is in the Congo medical service. The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe its neck is relatively shorter and its forelegs are not so high in proportion to its hindquarters.

The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking character is that the rump and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Senkili forest, haunting low undergrowth and swamps. This particular specimen was owned by Landaghem's possession for a number of years and photographs of it received here show it eating out of her hand.

## HOTEL SERVANTS INHERIT \$30,000

Death of Young Captain Leaves  
Them in Line for Fortune

White River Junction, Vt., Sept. 16.—For twenty years Mr. and Mrs. William Hallock have been employees of the Junction House, the man as fireman, the woman as chambermaid. Now they are heirs to a fortune approaching \$30,000. When the United States entered the world war, Roy E. Hallock of New Brunswick, N. J., the only son of Elmer Hallock, manager of an insurance company of that city, and a nephew of Mr. and Mrs. William Hallock, joined the army and was killed in action. He had graduated from Yale College and Plattsburg. He left the training camp a captain, was transferred to Washington and later to a camp in Georgia. While at Washington he visited Atlantic City. There he met Miss Claire Degraffenried, a daughter of Col. Hamilton Yansey of Rome, Ga. Captain Hallock married Miss Yansey at Rome, Ga. Last December he was given a furlough and with his newly made bride started north to spend the holidays with his father at New Haven, Conn.

En route they stopped at Glenridge, N. J., where Captain Hallock was taken ill suddenly with influenza. He was hurried to Mountain View Hospital at Montclair, N. J., where he died Dec. 27. The father, Elmer Hallock, died a week following, and the fortune which would have gone to Captain Hallock had he been living at the time of his father's death, now goes to Mr. and Mrs. William Hallock of this village.

## RECORD NUMBER IN FREE KINDERGARTENS

At the meeting of the Free Kindergarten Association yesterday afternoon in the Union street room, it was reported that the opening attendance at the five kindergartens this year was the largest ever known and forty-five of the children are soldiers' orphans. The meeting was presided over by Mrs. T. N. Vincent, was largely attended and was most encouraging and the members were all enthusiastic. Reports told of twenty-six children having gone from one room of the kindergarten to the public schools this year. In all nearly one hundred children entered the public schools from the five kindergartens. It was said that the opening attendance on September 1 this year had amounted to 250, the largest known and that there were but few vacancies.

Mrs. W. F. Rowse, the secretary, reported on a special appeal for funds which had been made to a number of leading citizens. She said that so far the response had not been as cordial as had been hoped for but that it was expected that many people would still be heard from. She acknowledged with special thanks the following amounts: J. P. McIntyre, \$20; George Baile, \$20; James Manchester, \$10; the Misses MacLaren, \$5; and Mrs. George Murray, \$1.

The teachers in the kindergartens are the same this year as last but Miss Mildred Barnes and Miss F. Keirstead have exchanged schools. The teachers are as follows: Mabel Peters kindergarten, Mrs. McKim, McKim and Miss Mildred Barnes; Brussels street, Miss Trentowsky and Miss Keirstead; Union street, Miss Louise Estey and Miss Minnie Lawlor; Soldiers' End, Miss Ruth Manks and Miss Mildred Parker; North End, Miss Edith Stevens and Miss Eleanor Cline.

## JOBS FOR LOCAL MEN

The general monthly meeting of the G. W. V. A. was held last evening in their hall, with N. P. McLeod, the president, in the chair. Reports from committees were read and a resolution adopted demanding that all offices in the province not already filled by New Brunswick men, should immediately be declared vacant and New Brunswickers appointed to fill the vacancies. The fair committee reported that a net balance of more than \$7,500 had been reserved from the fair, and it would be left to the association to decide what disposition should be made of this sum. It is understood that a large proportion of it will go towards paying off the mortgage on the G. W. V. A. building. It was decided, too, that the G. W. V. A. band should be the official band of the association and that the association should be responsible for its maintenance. In recognition of the valuable services rendered the organization by the G. W. V. A. it was decided that the G. W. V. A. should assist that body in every possible way to make their coming dance a great success. About fifty new members were initiated.

## ONLY MEDICINE MADE FROM FRUIT

Extraordinary Success Which  
"Fruit-a-lives" Has Achieved

One reason why "Fruit-a-lives" is so extraordinary successful in giving relief to those suffering with Constipation, Torpid Liver, Indigestion, Chronic Headaches, Neuralgia, Kidney and Bladder troubles, Rheumatism, Pain in the Back, Ecema and other Skin Affections, is because it is the only medicine in the world made from fruit juices. It is composed of the medicinal principles found in apples, oranges, figs and prunes, together with the nerve tonics and antiseptics of proven repute. 50c a box, 6 for \$1.25, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

## CZECH IN DUEL WINS A JEWELLED SWORD

Valuable Trophy Taken After  
Killing Bolshevik.

Tokio, Sept. 16.—When the Archer sailed from Yokohama recently for the United States bearing to American hospitals and their far homes 2,000 Czech soldiers, she carried with her a jewelled sword which possibly is worth a noble ransom. Nobody knows the story of that weapon, although from the elaborateness of its workmanship it must have belonged to one of noble blood, but the eighteen-year-old Czech boy who cherishes it has story enough connected with the getting of it to make up for all the rest that may be lacking.

The beautiful sword fell first into the hands of a young Bolshevik officer. They met on the field of battle, that of whom was probably out of his teens, and they fought a duel that meant life or death to one of the two, while the Czech and his comrades were grappling for the mastery. The young Russian had also a French model Browning gun with which he endeavored to slay the Czech lad. He fired and missed, the bullet going through the Czech's cap. Again he fired, the bullet hitting the Czech's sleeve. The Bolshevik fired six times and missed. Then while the Russian was endeavoring to slip another clip into his gun the Czech ran through with his bayonet and took the sword and the Browning.

## ALL ROOMS IN Y. W. C. A. TAKEN

The Y. W. C. A. board of directors meeting, yesterday, received some most encouraging reports of the great extension of the work of the association but faced serious problems with regard to funds. Some expression was made that the work of the Y. W. C. A. was not receiving the sympathy, interest and support which it most justly deserved. In the absence of the president, Mrs. J. A. McAvity, Mrs. James F. Robertson occupied the chair. Miss A. Brock conducted the opening devotional exercises.

In the report of the King street home it was said that every bed was now taken by permanent boarders, thirty-five being on the house register. The accommodation for transients was said to be confined at present to the lounges in the reception rooms but the home has no wish to turn away transients. It was said that all transients would be housed in the accommodation somewhere else if not in the home itself. Announcement was made that Miss Colston, a graduate of Rochester (N. Y.), had taken over the duties of dietician of the cafeteria and was assisted by Miss Prescott.

The travelers' aid report told of 264 trains and sixty-four hours of 139 people taken to the home and 200 meals served. Much discussion took place regarding the conveniences for funds in the city early in October. The convention is of the city association council of the Y. W. C. A. of Canada and its aims are for the raising of a more ideal association with everyone taking part and everyone acting together.

## Every Woman's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them! But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy. The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood. Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength. Many a woman who has allowed herself to run-down, to develop that tired, worried look has built up again in this simple way. At the close of every meal, just take two small chocolate-coated Ferrerozine Tablets—any person can do this in a minute. The action of Ferrerozine is immediate. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again. Ferrerozine puts you on the right road—the one leading to health.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrerozine. As a tonic and restorative, as a health-bringer and body-builder, Ferrerozine is unrivalled. It cures because it feeds and nourishes, because it contains the elements of recognition of the valuable services rendered the organization by the Y. W. V. A. it was decided that the G. W. V. A. should assist that body in every possible way to make their coming dance a great success. About fifty new members were initiated.

## AUSTRALIANS BOOM HOME-MADE GOODS

Building Up of Industries  
Also Included in the Cam-  
paign.

Sydney, Australia, Sept. 16.—An active campaign will be instituted soon throughout New South Wales with the object of fostering sentiment in favor of Australian-made articles and the building up of Australian industries. This plan has the backing of the Chamber of Manufacturers, the Returned Sailors and Soldiers' Imperial League of Australia, the Australian Native Association, the National Economy Association in New South Wales and a number of other bodies. During the war many young industries, picturesque and accurately described as war-babies, were born. Other industries were extended, avenues of employment were widened, and there was consequently a greater circulation of money locally.

It is felt by many persons that Australia's progress and status as a nation will be dependent upon the proper encouragement by Australians of their own industries.

## OBJECTS OF THE FORWARD MOVEMENT

A mass service in the interests of the United National Campaign and the Inter-Church Forward Movement was held in the Queen Square Methodist church, last evening. Rev. George Morris, the pastor, presided and on the platform with him were representatives of the different Protestant churches, represented by Archdeacon Crowfoot, Rev. H. B. Thomas, E. F. McEl, Smith and Rev. R. J. D. Simpson, of Toronto.

E. F. McEl, Smith, the representative of the inter-church movement, who is carrying on a campaign throughout the maritime provinces, gave the first address. Mr. Smith said that he was like to point out to the congregation that he represented alike the Church of England, the Methodist, Presbyterian and Congregational churches. Up until the present the Baptists had not yet joined in the campaign, but it was the fervent hope of the committee in charge that they would soon unite in this effort with the other Protestant churches. Rev. H. E. Thomas, chairman of the conference, was the next speaker. He said that the great need of the Christian church today was the spiritual life. This life indeed needs deepening. To do this the different Protestant churches are joining hands in a common cause and are trying to do their utmost to deepen this spiritual life of the church. The financial end of the campaign the speaker pointed out, was the easiest part, and he said that he believed it was easy to accomplish the spiritual end of the campaign as it was the financial end.

Mr. Simpson then undertook to explain to his congregation what the inter-church forward movement really was. Five years ago, he said, when the British empire entered the world war, the British people were faced with serious problems with regard to the small countries and to conquer the enemy. Later when the United States entered the war on the side of the Allies and the practically pledged herself to do the same thing. The two countries thus from the outset took the war with all seriousness. But when, asked the speaker, has the Christian church taken her war with all seriousness. Never, he said, had he come across it. The inter-church forward movement is thus an attempt on the part of some of the great Protestant churches to have the Christian church take her war with all seriousness, so that the work of Christ can be accomplished.

## WHEN RHEUMATIC PAINS HIT HARD

Have Sloan's Liniment ready for those sudden rheumatic twinges

DON'T let that rheumatic pain or ache get you without Sloan's Liniment again. Keep it handy in the medicine cabinet for immediate action when needed. If you are out of it, get another bottle today so you won't suffer any longer than necessary when a pain or ache attacks you. Apply it without rubbing—for it penetrates—giving prompt relief of sciatica, lumbago, neuralgia, lameness, soreness, sprains, strains, bruises. Be prepared—keep it handy. Made in Canada. It now, All druggists—35c, 70c, \$1.40.

## Sloan's Liniment Keep it handy

## HAIR HINTS

Helpful Advice for Care of the Hair Worthy the Attention of Every One Who Would Avoid Dandruff, Itching Scalp, Gray Hair and Baldness.

If your hair is getting thin or you are troubled with dandruff or itching scalp, use Parisian Sage daily for a week and you will surely be surprised to see how quickly it stops your hair from falling and removes every sign of dandruff and itching scalp.

"Before going to bed I rub a little Parisian Sage into my scalp," says a woman whose luxurious soft and fluffy hair is greatly admired. "This keeps my hair from being dry brittle or scraggly, helps it to retain its natural color and beauty, and makes it easy to dress attractively."

Beautiful, soft, glossy, healthy hair, and lots of it, is a simple matter for those who use Parisian Sage. This harmless, inexpensive, delicately perfumed, and non-irritating invigorator cures. Be sure you get the genuine Parisian Sage (Giroux's) as that has the money-back guarantee printed on every package.

## A CLERGYMAN'S RECOMMENDATION

The Zam-Buk Co.  
Dear Sirs:  
Appreciating what your balm has done for me, I should like an opportunity of recommending it to others who may be similarly afflicted. For the last forty years I have had a patch of eczema on my right hand. I tried in every possible way to get rid of it—had treatment from several doctors and tried innumerable remedies, but received no lasting benefit. If a remedy eased it or cured it for a time, it always returned as bad as ever. One of my friends is a great believer in Zam-Buk, so I decided to give it a trial and sent first for a sample. You can imagine my amazement when even this small quantity brought me more relief than anything I had ever before used. I continued the use of Zam-Buk for two weeks, by which time the eczema, although of forty years standing, had entirely disappeared. That was one year ago, and there has been no return of it.  
Yours sincerely,  
(Name of clergyman, from whom the above letter was received, will be given upon request)

## ENGLISH MUSICIANS STARTLED BY PIANO VIRTUOSO OF SIX

London, Sept. 16.—The remarkable piano playing of Freda Hall, aged six, is astonishing musicians in all parts of the country. Freda has taken first class

honors in the higher examinations at the London College of Music, where the examiner described her scale playing as marvellous. The youthful prodigy did not make a single mistake in her answers on theory. The girl's talent was first discovered when she was two years old. She surprised her parents by imitating on the piano a little tune she had heard at a school entertainment. No other member of her family displays musical talent.

Kolchak Breaks Through.  
London, Sept. 15.—Admiral Kolchak, in pursuing his offensive against the

Bolsheviks, has broken their front in three places, according to official information reaching here today. The all-Russian counter movement, it is stated, threatens to outflank the Bolshevik forces advancing from Tobolsk.

## PILES

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as a certain cure you see a box, all druggists, or Edman, Baker & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

## A Woman's Warning

Why will women continue to drag around in misery, suffering with the ailments peculiar to their sex, that drag them down to misery and despair, with backache, nervousness, the blues, derangements and irregularities, when there is a proved remedy for just such conditions?

For more than forty years Lydia E. Pinkham's Vegetable Compound has been overcoming these ailments until it is now recognized everywhere as the standard remedy for woman's ills.

## For Twenty Years the Friend of This Woman

Akron, Ohio.—"I am fifty-one years old and going through the Change of Life, and Lydia E. Pinkham's Vegetable Compound is doing me lots of good. I felt run-down and weak but since taking the Vegetable Compound I am much stronger and better. I can eat and sleep, am gaining flesh and can do more work than I have for some time. Twenty years ago your Vegetable Compound helped me during childbirth. I wish you would print this in your paper so that other women may read it. There is nothing better for the relief of suffering womanhood than Lydia E. Pinkham's Vegetable Compound. It does away with sickness and nervousness which is very often responsible for the lack of perfect harmony in the home."

Mrs. S. A. FRIEDLANDER,  
840 Elmore St., Akron, Ohio.

If you need a medicine of this kind you may depend upon

## Lydia E. Pinkham's Vegetable Compound
