**HOSIERY**

Nothing is more disappointing than a poor quality of hosiery, and there are few things in which it is so difficult for anyone but an expert to distinguish the worthy from the unworthy.

We protect the patrons of our hosiery department from dissatisfaction by handling only qualities that we know to be trustworthy. We buy from only reliable makers, and subject every purchase to a minute examination, rejecting every pair of stockings that does not come up to the high standard we've set for ourselves.

We have stockings for as little as 25c. and for as much as \$1.50. Every pair from the lowest to the highest price is a thoroughly good quality which is certain to prove eminently satisfactory. You'll find a complete stock of light and medium weights here, in all sizes.

**LOCAL NEWS**

**SIXTEEN BABIES.**  
There were six marriages recorded during the week and sixteen births, ten boys and six girls.

**TRY IT**  
"Keep to the right and oblige the public," is a notice posted at the entrance to the Post Office. If complied with this rule would probably avoid much confusion.

**THE BATTLE LINE.**  
S. S. Tanagra, Captain Dalton, bound from Rio Janeiro to St. John, passed Palmass yesterday. S. S. Trebia, Captain Starratt, for Santos, sailed from Rio Janeiro yesterday.

**HOME FROM WEST.**  
Messrs S. G. Adams and H. P. Bond, of the Bond Adams Real Estate Company, Calgary, with their families, are visiting friends here and will spend two months at the Adams homestead, Evandale, Kings county.

**FOURTEEN DEATHS.**  
There were fourteen deaths during the week from the following causes—phthisis and bronchitis, two each; senility, enteritis, drowning, inanition, marasmus, paralysis, meningitis, diphtheria, heart disease and cancer of the stomach each one.

**DIED IN PORTLAND.**  
The funeral of Samuel Theall was held this morning from Fairville station on the arrival of the Boston train. Mr. Theall died in Portland, Maine, on the 10th inst. at the residence of his daughter. The funeral services were conducted by Rev. H. Sampson, at Cedar Hill cemetery, where interment took place.

**POOR MARKET.**  
There was not a very great abundance of country produce in the market this morning. The demand was keen with a large representation of house-wives and other buyers on hand. Green goods were only in fair supply, but the variety was encouraging, while meats were fairly plentiful. Prices ranged about the same as last week.

**AN INTERESTING SIGHT.**  
Passengers coming to the city on the early suburban C. P. R. train today were treated to an interesting sight near Ononnette when two young deer were seen grazing in a field not far from the railway track. They appeared quite at home and seemed well aware that this was not the time of year when destructive man stroled through their woodland haunts armed with his rifle.

**COMPLAIN OF BOYS.**  
Citizens who summer at Fair Vale complained today of the actions of some boys at that place in interfering with parcels of groceries left on the station platform for a little while. They said that the lads had taken parcels of food-stuffs left on the platform one night recently and from the appearance of what was left the following morning it looked as though they had tried to play football with them. It was said that this kind of rovingism had been stopped or there might be trouble.

**CHARLES AND CONLEY IN PITCHERS' BATTLE**

Marathons Also Strengthen By Shake-up in the Field For This Afternoon

There are now only six points difference between St. Croix and the Marathons for leaders in the Maine, New Brunswick League and this afternoon's game on the Marathon grounds will settle the first position for a time. Yesterday's victory for St. Croix places them in a strong position for first place. Today's game will likely be a pitchers' battle as Charles and Conley, the two best pitchers in the league, are facing each other. Charles is now better and he will likely win from behind the bat. Changes will be made in the team, Ramsay going to short and the popular Joe Yellin to right field. This will give the Marathons the best team of batters and players that they have ever lined up and if they do not win today's game there certainly will be no excuses to make for them as the St. Croix will have to play faster ball than ever they played before to win. Frederickton's defeat of Bangor yesterday places the Captains in a strong position also, so that the race from this out will be watched with great interest. The fans today will expect one of the best games of baseball ever played in St. John.

On Tuesday of next week, the management will again open their grounds for the children and a band will be provided and an excellent programme played during the game. All the school children in town are invited and every little one will be made welcome. The line-up today will be as follows—  
Marathons—Watt, catcher; Charles, pitcher; Shankey, first base; Pinkerton, second base; O'Brien, third base; Ramsay, short stop; Farbell, right field; Black, centre field; Riley, left field.  
St. Croix—Gross, catcher; Conley, pitcher; Vance, first base; Petrucci, second base; Lynch, third base; McPherson, short stop; Jacobson, right field; Parker, centre field; Pease, left field.

**GOOD WORK SHOWN BY LOCAL SIGNALLERS**

The members of the signalling section of the 62nd Regiment, St. John Fusiliers, were given a rigid inspection last evening in the Lower Cove armory by Captain T. E. Powers, divisional signalling officer, assisted by Sergeant A. J. Lindsay of No. 8 Signalling Section. They stood the test well. The examination was thorough, but dealt particularly with message work, this being dispatched in prompt manner by the flag-avers, and in less than the regular time. Each member was also inspected individually on signalling matters. Captain Powers was very well pleased with the inspection, and said that the work done by the members had been of much higher order than he had observed in any other body of infantry regimental signalers in these parts.

**NEW HOSPITAL**

**WHAT IS NEEDED**

Dr. W. W. White Against Adding to Present One

**HAS OUTLIVED ITS DAY**

Entirely New and Modern Building Favored by Prominent Physician in Talk Over Recent Deaths From Diphtheria

The fact that there has been more than one death due to diphtheria or other illness in the children's ward in the General Public Hospital recently, such complications arising after admission, has caused the city, and there has been speculation as to cause. Speaking yesterday afternoon to a Times reporter, Dr. W. W. White expressed keen regret at the sad happenings, saying that the deaths in such cases were most uncommon, but very little improvement could be hoped for until a new hospital was provided.

There was an urgent need for a new building, he said, as there could be little hope for relief from an institution overcrowded and having inadequate accommodation such as is the case with the present establishment, where in the same building are grouped cases of measles, scarlet fever, and other illnesses with patients under surgical care. There was a great danger from this fact, and although an attempt had been made at isolation of contagious disease, it could not be very successfully executed owing to present conditions.

There was no truth, so far as Dr. White could see, in any suggestion of negligence, as he believed all connected with the staff performed their duties faithfully and well. The facts narrated at different times, showing the absolute necessity of having an enlarged and more up-to-date building with better accommodation. The scheme of trying to build additions to the present building was impracticable, and was just making patchwork of it. There must be a new hospital, and the sooner the present one was gotten rid of, the better, and the stronger were the chances that the over-crowding would be prevented.

The present building was not suitable for the purpose for which it was created, and had outlived its usefulness, said Doctor White, so a move for an entirely new hospital would be going in the right direction.

**FINE WEATHER FOR TWELFTH**

Many Local Members Away on The Excursions — Parade to Church Tomorrow

A more ideal day for the celebration of the day of interest to Orangemen, July 12, could not have been selected. The whole day has been selected for the order in these parts for their various excursions. The centre of chief interest seems to be Woodstock, although there will be celebrations elsewhere. At the former place there will be a very large gathering, representations being present from different counties in New Brunswick and parts of Maine. The local band left here about 7.30 o'clock and were due to arrive at Woodstock about 12.30.

The St. John District Lodge are enjoying the day at Westfield. The attendance promised to be very large, as a great many went out this morning and more are expected this afternoon. Harrison's orchestra will furnish music. The Carlton lodge picnic to Lorneville promised to be very liberally patronized, while quite a number went with the members of Havelock lodge on their outing to Belyea's Point.

**SOME NEW RESIDENCES ON COURTENAY BAY HEIGHTS**

Names of Owners — More Are Planned—Fairville Plateau Cottage Sold

The scarcity of money has not had the effect of holding up the expansion of the city entirely. Although large real estate operations for speculative purposes have not been frequent this year the growth of the city and the need for more homes has helped to keep up a steady sale of lots in the new subdivisions and many new homes are being erected on the outskirts of the city.

A large number of new buildings have been built on Courtenay Bay Heights, East St. John, this spring and more are planned. Joseph Rowley has completed and moved into a new dwelling. Captain Ward of the Norton Griffiths Dredging Company, Captain Winsor of the steamer Lansdowne, R. H. Coleman and Messrs. Nichols and Leonard and Stewart have residences under construction and John Retailik has commenced work on a large two family dwelling.

On Fairville Plateau the cottage completed by the owners of the land has been sold and the other will be taken over as soon as it is completed. The company will then start work on additional houses.

**Summer Comfort In Men's Suits**

Tailored expressly to combine distinctive style with warm weather ease and comfort. In the two-piece summer suits Tweeds and Homespun are greatly in favor, greys and browns predominating. Both two and three-button sacks are shown, but the Norfolk style is the newest and most favored. An Oak Hall Norfolk is the height of good form and the very essence of comfort; nothing like them for street or country wear.

Slip one on today and see for yourself if they are not the coolest suits to be found anywhere.
