MARR MILLINERY CO. LIMITED

AFTER 41 YEARS RETIRES TODAY

Samuel McLaughlin Has Been Familiar Figure in Railway Life

Latterly Has Been in Charge of Cattle in Transit Through Saint John.

Samuel McLaughlin, of Stanley street, whose summer home is on the Red Head road, one of Saint John's older citizens and identified with government-trailway transportation circles for 41 years, officially retires from the service today, under the provisions of the C. N. R. Provident Fund Act.

CHARGE OF LIVE STOCK The duties assigned Mr. McLaughlin for more than two score years were particularly those having to do with the care of live stock in transit through this city.

It is an odd vocation indeed that does not once in a while provide its novelty. With Mr. McLaughlin these rare occasions have been the passage through Saint John of buffalo a few weeks ago, en route to South Africa from western preserves; also a few years ago the importation of Yaks, an experiment in wool or hair culture for western Canada, the Yaks coming from Europe.

Mr. McLaughlin came to Saint John from Ireland when a mere lad, and joined the government service in 1884 as an upholder of his port-city home, a father of a family and a useful citizen, the retired transportation man has been a valuable asset to the community.

Must Protect Trees In City

WHEN citizens go to the trouble of planting ornamental trees and then have them destroyed through carelessness, a penalty for the full amount should be imposed, Magistrate Henderson said in the Police Court this morning.

POWER COMPANY CLAIMS \$11,770

Alleges Discrimination and Overcharge by City for Use of Water

Asks Public Utilities Board to Compel Cut in Rate—Hearing Set for June 24.

An application was made to the Board of Public Utilities this morning by the New Brunswick Power Company for an order compelling the City of Saint John to grant the company the rate for water enjoyed by other large manufacturing concerns and for the return of more than \$11,000 which the company contends it has overpaid the city since 1917.

COMPANY'S CLAIM The statement filed by the company, through its solicitor, Dr. F. R. Taylor, K. C., asserts that during the period since 1917, when the company began the manufacture of gas and electric current, after the ratification by the legislature of the taking over of the Saint John Railway Company by the New Brunswick Power Company, the company in the manufacture of gas and electric current has purchased from the City of Saint John large quantities of water and has been charged by the city a rate differentiating from and greatly in excess of the rate charged to other large manufacturers.

It is set out that the Power Company has protested to the city that other concerns enjoyed a rate of 1/2 cent per 100 gallons of water, while the Power Company had to pay 1 cent per 100 gallons and therefore the petition charges discrimination.

It also sets forth that the Power Company is a very large taxpayer and has not, like other large consumers, enjoyed any exemption from taxation, but "is taxed a larger sum because its earnings warranted, the city during said period having received a larger sum in taxes and charges than your petitioner has paid to its shareholders in dividends."

Number On List For Work Is 530

Employment figures for May, given out by the employment service of Canada office here, show placements of 123 men and 223 women for the month. The large number of women is accounted for by the spring cleaning period. The number now registered is 530. This is in excess of the number on the list at the end of May, 1924, when it stood at 480.

SURPRISED YANKEES TOO. The chair-car "Oronecto" of the C. N. R. attracted much attention from local people and Americans arriving on the mid-day train today. Inside every seating was furnished with ear-phone plugs. The receiving set was a large and powerful one and the operator said that the rumble of the train did not affect the hearing of aerial programmes in the least.

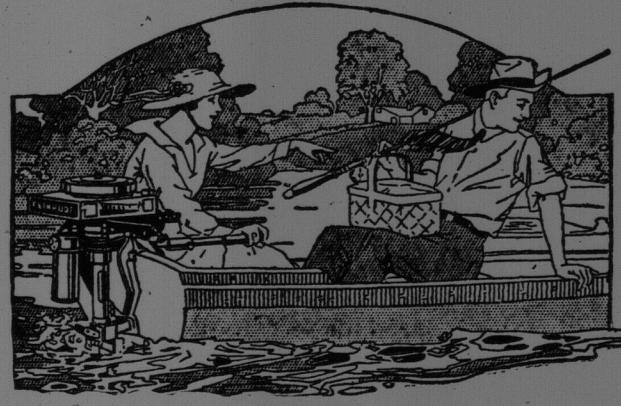

BEREAVED SON ARRIVES. Lawrence McMahon, manager of a Toronto bank, arrived in the city today being summoned because of the accidental death of his father, J. Boyd McMahon, trustee officer, who is a visitor from England at Silver Falls, Mrs. William McMahon and Mrs. Charles Armstrong gave talks on the subject of China. Mrs. E. J. Young and Miss Harriet Bustin sang a duet. Miss Marguerite Christopher was appointed delegate to the branch meeting at Fredericton.

FINE STANDS A fine of \$8 was allowed to stand against E. Watson by Magistrate Henderson in the Police Court this morning when a charge of using abusive language to James Carleton, building inspector, finally was dealt with. C. S. Hamilton, appearing for Mr. Carleton, asked that the maximum penalty be imposed but His Honor said that in view of Mr. Watson's expression of regret over the matter and his public apology to Mr. Carleton for the incident, he would find him guilty but allow a fine of \$8 to stand.

EARLY MORNING FIRE. Fire resulted about 6 o'clock this morning from the blaze in a chimney grate burning through the floor and spreading between the floor of the upper flat and the ceiling of the lower flat in the building at 222 Prince William street, owned by J. T. Finigan and occupied on the upper floor by John McDermott and family and on the ground floor by J. M. Daley, barber. No. 1 fire station men responded to the call and had the blaze subdued at 6:45 o'clock. Considerable damage was done to the floors and the contents of Mr. Daley's barber shop were damaged by smoke and chemicals. His loss is covered by insurance as is also Mr. McDermott's and that on Mr. Finigan's property. The ceiling of the adjoining Bluecone restaurant was damaged slightly by water.

TRACK AND FIELD MEET. The annual inter-scholastic track and field meet between Rothesay Collegiate and the local High School will be held at Rothesay on Saturday, June 6, it was announced today. It is not known whether Fredericton or Moncton will send entrants this year.

HEAR REPORTS OF GOOD YEAR

Members of Women's Institute in Annual Session Today

Although making no large effort to raise money for the year, concluded in the Saint John Women's Institute, many endeavors have been successfully undertaken, leaving a balance in the bank. This report was given this afternoon at the annual meeting of the institute, held in the Health Centre board room, with Mrs. T. N. Vincent, president, in the chair.

WORK OF YEAR. Mrs. J. W. V. Lawlor, secretary, reported that the meetings had been held regularly and largely attended, with ever-increasing interest. The largest work accomplished had been the equipping of a bed in the new free maternity ward in the Saint John Infirmary, the first of the kind in the city. The institute has also endowed the head and had given a complete layette for the first baby that may be born in the new ward, recently opened. Each of the members made a gift for the layette and each has made a square of the art work counterpart, which is of Irish linen thread, dyed especially in Ireland for the institute. The hemstitching on the counterpart was also done by the members, who hope to have it complete for the fall exhibition.

FESTIVAL PLANNED. The prospective money-making effort this season will be a strawberry festival at Brookville, under the auspices of the institute.

Mrs. Richard Hooper, treasurer, offered expressions of gratification at the success of the exhibits held by members of the institute, when old-fashioned relics of other days were shown for the first time in Saint John, especially in china, brass and copper. Mrs. Frank Rowe and Mrs. T. N. Vincent had both opened their homes for these exhibitions. Mrs. Vincent spoke of the harmony which had prevailed during the year, with each working for the other and all for one common purpose. Her remarks contained thanks to the members for their co-operation in all that had been done by the society.

WORKERS WANTED. Everybody who is interested and who knows how to set posts, clear up generally and erect tents, is requested to be on the West Saint John new playgrounds rain or shine this evening and tomorrow evening to prepare for the opening on Wednesday, June 3. The West Saint John Playgrounds Committee sends out the invitation to every available worker who wants to see the new grounds opened with a swing and invites especially the Martello's baseball team.

SAD SUMMONS. Mrs. Herbert A. Fleet of Montreal joined her husband here today, both being called to Saint John by the death of Mr. Fleet's father, A. Robert Fleet. Other children summoned home are Harold B., of Montreal and Robert K., of Sydney.

HERE FROM VICTORIA. Mrs. J. C. Burgess arrived from Victoria, B. C. today to visit her daughter, Mrs. Arthur F. Silwell, of Champlain street, West Saint John. In Victoria Mrs. Burgess had been visiting her daughter, Mrs. Frank Bonnell, (nee McLean). Mrs. Burgess will be a guest at the Morris-Stilwell wedding in Central Baptist church tomorrow.

MONEY REPORTED STOLEN. Cash amounting to \$1,200 was stolen from the office of the sales agency, Gamblin & McLeod, Prince William street, recently. The matter was not placed in the hands of the local police as it transpires the money belonged to a Montreal company. The suspected person, who had been in the city only a short time, has left town and it is understood he is now far away.
