Fish Exports To Greece Prohibited

Following is a copy of a letter received by B. A. Payn, Secretary of the Board of Trade, and posted at the Board of Trade Rooms yesterday.

Nov. 10th, 1915

Sir, I have the honour to acquaint you that His Excellency the Governor-in-Council has been pleased to issue a Proclamation, following the terms of that issued by the Imperial Government, whereby exportation of fish of all kinds, whether cured, salted, or fresh, shall be prohibited to all foreign countries in Europe and on the Mediterranean and Black Seas, other than France, Russia, (except through Baltic ports), Italy, Spain and Portugal. The Imperial Government consider, as regards the exportation to Greece, that in view of the existing situation in the Balkans, for the present no exports should be allowed which could be utilized for warlike purposes, or serve to build up the national stocks of supplies. Will you be good enough to disseminate this information among the trade in St. John's who are interested in the shipments of fish.

I am, Sir,
Your Obedient Servant,
H. W. LeMESSURIER,
Asst. Collector.

F. P. U. Convention

The seventh F. P. U. Convention which will be convened in St. John's during the fourth week of this month will exceed in interest all its predecessors. The most important matters concerning the Country in general will be discussed. The removal of Union Headquarters to Catalina will be one matter of great vital interest to the North. The decision respecting the political plans of the Union for 1917 will concern the whole Colony, as it is likely the Convention will decide to run a Union Party.—Mail and Advocate.

Praises Bay Roberts

We in Harbor Grace have had the humiliation of seeing Harbor Grace District appearing in the Press and before the World as one of the Wet Districts. The District came 38 short of reaching the 40 p. c. handi-cap. To us, and we think also the great body of the thinking public consider the handi-cap unfair, yet a district that has been favored with the blessing of Local Option for so many years could easily have been and should have been in the van. It is only just to the other parts of the District to say openly that except for the failure of Hr. Grace town from its eastern bounds to Feather Point, the District would have come up well in the dry list, the not ideal party. Bay Roberts and the other parts, owing largely to organized skillful effort, rolled up a vote of over 800, leaving only 300 to 400 for Harbor Grace to make to be in the Dry Column.

That only one quarter of thereabout of its voters came out pronouncedly with their Yeas in favor of such a good thing for the country as Prohibition promises to be, and that it poses before the world as a wet town is a thing that we believe is causing great searchings of heart on the part of many of our citizens and is calculated to cause a blush on our faces and not to add to the good name of our little home place.

We would like it to be understood, however, that this unfortunate position of ours was mostly due to the general body of the electorate here not duly considering the question on its merits, but allowing themselves to be diverted by other considerations, thru an unfortunate chain of adverse circumstances, conspicuous amongst which were lack of prompt, united, discreet organized endeavor. Our people of Newfoundland, if they will only face a matter that concerns their welfare, are generally warm hearted and shrewd enough to go in for it if it is fairly and well put before them, and their attention not diverted by things that have nothing to do with the question.—Hr. Grace Standard.

English Woman Suspected as Spy

New York Oct. 28.—Mrs. Mabel Carter, an English woman, escaped the fate met by Miss Edith Cavell, the executed nurse, by a clever ruse, according to her story told here today following her arrival from Liverpool on the White Star liner Adriatic.

Mrs. Carter said her passports were torn up by order of Gen. van Rieping military commander of Brussels, and that she was suspected of being a spy. Fear that she would be executed she said, led her to don the clothing of a travelling chess peddler and with the help of Dutch smugglers escape from Belgium. She said she had to walk twenty miles through a dense swamp to reach the Dutch frontier.

The Imperial Engine will wear well. It can be kept as cool as you want it. This means long life.

C. News

The weather is beginning to get very stormy now on this coast, and the fishing boats are bringing in small trips, and staying out a long time. One vessel belonging to the New England Fish Co. here came in after being out a month with 280,000 pounds of halibut.

Most all the vessels are running to Alaska, as they seem to be finding new grounds there all along, but on the banks in southern B. C. the fish are very scarce. I don't think many of the boats will lay up this winter, as there will be a big demand for fish, and the prices will be good. At this time we have no arrivals from the banks either here, or at Prince Rupert or Seattle.

We are having a spell of blowy weather. I see by the paper that you are having quite a Prohibition campaign down there. We are also having the same here, and I think we are going to have a dry town as a result. Best wishes to all friends.

RUSSELL KEARLEY.
Vancouver, B. C.,
Nov. 1, 1915.

Harbour Graoian Interned

Thirty-one Canadians are now interned at Ruhleben in Germany, according to a report from Mr. J. T. Armand, of Montreal, an ex-prisoner, just returned. Amongst them is one Newfoundland, Mr. Hans Grimm, brother of Mr. Otto E. Grimm, of Harbour Grace. Mr. Grimm has been living in Hamburg for about 19 years, and was interned in February last. Before leaving for Hamburg he spent two years drilling with the Royal Scots at Montreal. Of German ancestry, as are many of British's sons, Mr. Hans Grimm, like his brother in the second city, is a loyal Briton, and that he is so, his long internment affords ample proof. We trust that the day may not be far distant, when he with his comrades at Ruhleben may be able to return to their homes.

B. C. Feels Quake Shock

Vancouver, B. C.—An earthquake of 5 seconds duration was felt over all southern British Columbia at 6.08 a.m. Thursday. Kelowna, 200 miles east of Vancouver, Yale, Harrison, Pentlitzon and Sumnerland felt the tremor. In Vancouver a slight stir was noticed. Seattle, Wash.—A light earthquake with its centre probably not far north of Seattle, according to the University of Washington seismograph, was felt from 6.04 to 6.08 a.m. Thursday. No damage was reported. The tremor was distinct enough to waken light sleepers.

Left Prison

James T. Hackett, sentenced in 1908 at Montreal to a term of twenty-five years in the penitentiary for manslaughter in connection with the death of Ida Ahern, a child of four, is a free man. He was released from St. Vincent de Paul, October 2, on ticket-of-leave.

His term was due to expire July 13, 1925. In actual time, Hackett served about nine years and a half.

The crime for which he was tried and sentenced was one of the most revolting in the criminal annals of Montreal, and at the time of Hackett's arrest public feeling ran so high that the police moved him from one police station to another for several days, fearing mob violence.

The chief problem of the prosecution at Hackett's trial was one of identification. A number of witnesses swore that he was the man they had seen with the Ahern child on the way to Cote St. Paul. The jury, however, was not sufficiently clear on the question of identification to bring in a verdict of murder, and the charge was reduced to manslaughter.

Export of Fish to Greece Forbidden

Great Britain is taking a firm stand with the Greek Government and is forbidding the exportation to Greece of—"Fish of all kinds, whether cured, salted or fresh."

"Any articles which could be utilized for warlike purposes, or to serve to build up national stocks of supplies."

A proclamation to this effect is also published in the Royal Gazette, and has already had an adverse effect on the prices of Labrador "slap."

Greece has taken about 20,000 qtls. of the 700,00 she usually takes. Quite a number of cargoes have been detained at Gibraltar by the authorities.—Telegram.

Common Blessings

It is not rare gifts that make men happy. It is the common and simple and universal gifts; it is health and the glance of sunshine in the morning; it is the friend, the lover; it is the kindness that meets us on the journey. It may be only a word, a smile, a look; it is these and not any rarity of blessing that are God's gentle art of making happy.—Merrisop.

—Rev. W. R. J. Higgitt, the new Rector of St. Paul's Parish, and Mrs. Higgitt arrived by Monday afternoon's train from Bar'd Island, N. D. B., of which Rev. H. was till lately incumbent. The Rev. gentleman is well known here, having been in temporary charge of the parish here for some months, and the Standard joins with other citizens in very best wishes for him and Mrs. Higgitt.

Postal TELEGRAPH SERVICE

POSTAL TELEGRAPH OFFICES are operated throughout the Colony at all the principal places. Messages of ten words, not including address or signature, are forwarded for twenty cents and two cents for each additional word.

A Government cable to Canada, Cape Breton, connects with the Commercial Cable Co.'s system to all parts of the world. There is no more efficient Telegraphic Service in existence.

A ten word message to Canada, an inclusive of signature and address, costs from 85 cents to \$1.00.

A ten word message to the United States, inclusive of signature and address, costs from \$1.10 to \$1.20.

To Great Britain, France or Germany—25 cents per word.

Telegrams are transmitted by means of the Wireless Service during the summer season, and all the year round to Steamers equipped with the wireless apparatus, which are due to pass with in the run of the wireless stations at Cape Race and Cape Ray.

Telegram messages may be obtained at all Post Offices and from Mail Clerks on Trains and Steamers, and if the sender wishes the message may be left with the P.M. to be forwarded by first mail to the nearest Telegraph Office free of postage.
