AUSTRALIAN PROSPECTS EXCEEDINGLY BRIGHT

Business Men From Antipodes Declare Labor Cabinet Best They Have Ever Had

Australia is expected to be the best Manuka. Arthur Kidman, who is one terday by the board of supervisors. of the principal exporters of Australian mutton to this country, with heading the possibilities of the business and

Mr. Kidman was very enthusiastic with the bout. about the future of his country. He says that business is on the increase SEVENTEEN MEN in every department and they all look for much better times. The most interesting point he made, however, was in regard to the present labor governent of that country. Speaking of i he said:

"The labor government of Australia is not a socialist government; I want you to clearly understand that. They are not in any way revolutionary, and everyone expects them to be the best most stable government that Australia has yet had. Instead of the return of the labor government being a retrograde step, as some imagined, it killed in an explosion at the been no slump in securities, no interpart of the country and in every line

then?" Mr. Kidman was asked.

"Well, yes, to some extent. They are not Socialists, at anyrate. The re-turns of the last election show that soon as the news was received. All the Socialists have had a complete setback. The labor men are sane and the prospects are most encouraging." Several other business men who were

with Mr. Kidman substantiated what he said in regard to the trend of affairs, and especially in regard to the

strike, Mr. Kidman said that the mines were all working full time. There was a slight loss of business, which had not yet righted itself, however, in the fact that vessels which would have rangements owing to the strike, and that some sail and other craft which were there to load, finding that they could not secure cargo, had gone to other parts of the world. This had caused a shortage of tonnage at Australian ports, with a consequent stiffening of prices.

Mr. Kidman will visit a number of points in this country before returning

CROWDED CONDITION OF C. P. R. DOCKS

Seven Steamers Were Moored at Belleville St. Wharves Yesterday Afternoon

(From Wednesday's Daily.) eed of an increase in size of the C. P. R. docks was well illustrated yesterday afternoon, when all but three of the steamers of the C. P. R. coasting fleet were tied around the Belleville stree wharvs, as well as one steamer of the International Company's fleet. The two big steamers Princess Charlotte and Princess Victoria were there, and the Northern boats Princess May and Amur, as well as the smaller coasters Tees and Queen City. At the same time the Chippewa was tied

at the dock. rtunately the Charmer did not arrive until one or two of the others had pulled out or she would have had to find another

nooring place.
The widening of the dock to the extent of thirty feet will not add much to the dation, but the piece which is to be added on to the end will make a considerable difference. That the C. P. R. did not take action any too soon is quite

STEVEDORING DISPUTE.

Steamer Hyndford Held Up in Fraser

the loading of the steamer Hyndford, of the Waterhouse fleet, is the subject of a dispute between the Waterhouse company and the Fraser River Lumber Company, and in the meantime the vessel is lying idle until the misunderstanding is settled. The company insists that the Empire Stevedoring Company shall do the loading, while the Waterhouse Company, which has a contract with the Victoria and Vancouver Stevedoring Company, believes failed to get any trace of Dr. Cook, reit can engage whatever company it ported to be in the northern country. prefers. It is probable that if an understanding is not reached within ten days, the Waterhouse Company will claim demurrage for non-delivery.

LIBRARY RETURNS.

A total of 4284 books were taken out of the Victoria public library during the month of May. This is a slight decrease over the total for the previous month. The daily average for the month was 179, while the highest daily average was 316. Seventy-four persons made application for cards. The furniture for the new reading room up stairs has arrived and will be stalled immediately. The reading space on the ground floor was found to be too small for the number of per- ed in the harbor yesterday and reported cure. Consultation or correspondence insons who visit it.

come there to load had made other ar- Ald. Humber Favorable to Allowing Vendors of Refreshments to Ply Their Trade

> (From Wednesday's Daily.) If Ald. Humber has his way an innovation will be introduced in respect to the administration of the public parks of the city, the aggressive chairman of the parks committee favoring granting privileges for the sale of light refreshments and sweets. Ald. Humber has signified his intention of presenting a resolution at to-morrow evening's meeting of the committee, providing for the calling for tenders for these

The suggestion will, it is certain, be tly opposed by some members of the city council, who take the position that to grant such concession would be but the thin end of the wedge opening a way for the park to become a regular market place for all sorts of hawkers. Ald. Humber's retort to this is that the privileges may be restricted to the class he mentions, and that the council shall limit the number to whom

COOK'S POLAR RECORDS.

London, June 1.—The newspapers ber will be hung up in the brooks. It has here announce that they have "raked been a long and expensive driving season. Scotland with a fine-tooth comb" but ported to be in the northern country. New York newspapers wired their correspondents to interview Dr. Cook relative to his plans for departing for Etah and bringing back proofs of his discovery of the north pole.

New York, June 1.-Captain B. M. Osborn, a close friend of Dr. Cook's. declared yesterday that Cook did not intend to bring back the records from Etah. He said that some other man would bring the records back this winter and would prove that Cook reached the northern pole.

LITTLE LAD AT PLAY RAN INTO AUTOMOBILE

cumbed to Injuries Received on Burnside Road

wagon and running directly in front of revented, but that it may be stopped, Dr. R. L. Fraser's automobile, a four- of the congregation at a public recepyear-old lad received injuries yesterday afternoon which resulted in his Tuesday. There was a very large death two hours later. Happening as attendance and the proceedings were it did the sad accident was one which of the pleasantest character. it was impossible to avoid, even for No set programme had been such a careful driver as Dr. Fraser is.

The little lad was a son of Martin occurred was devoid of all formality. Brinkman, Harriett road, a B. C. Electric motorman. He and two companions were having a ride behind the wagon about five o'clock. Dr. Fraser was driving out to Strawberry Vale to visit a patient and had to turn out in Jim Griffin of the club to Tex Rickard the narrow roadway to allow the welcomes to the capital city of British had a large list of passengers and was quarters at Sydney, New South Wales, and Jack Gleason, promoters of the wagon to pass, so that his speed was noderate. He had hardly cleared the wagon when two of the lads appeared. scurrying across the road, and before ne could stop the machine the little Brinkman boy had run into it. child was struck by one of the mud-guards over the heart and knocked

down, but was not run over. Dr. Fraser hurried to the home with the child and examined him carefully, applying what restoratives were neessary and putting him to bed. Dr. Hart and a nurse were summoned and Dr. Fraser hurried back after visiting his patient. The shock to the tiny frame proved too much, however, and the child died at seven o'clock.

An inquest is being held this after-noon by Coroner Hart at the city hall. The funeral will be held to-morrow afternoon from the residence to Ross Bay cemetery. Rev. T. E. Heneage

will officiate. Dr. Fraser naturally feels very keeny in regard to the accident. He said this morning, speaking of it:—"I was passing the wagon, a high box mill wagon, at ordinary speed, and just as I was abreast suddenly two little chaps who appeared to have dropped off the back of it darted across in front of my auto. Owing to the height of the wagon-box they were almost under feet above the earth. the wheels before I saw them. Before I could stop the child who is dead was struck by some part of the machine but was not run over."

CUSTOMS RETURNS FOR MONTH OF MAY

Duties Collected Show Very Sub stantial Increase Over Same Month Last Year

The customs returns for the month of ne April returns, which were abnormally high. Compared, however, with the onth of May last year there is a very decided increase, especially in the du-ties collected on merchandise, which is the only true indication of the amount of business done. The Chinese returns are always freaky. The following are he figures for May:

Duties\$107,522 62 Chinese 119,550 00 Other revenues 24 50 Total\$227.097 12 The duties for the month of May, 1910, amounted to only \$88,657.42.

TREED BY BEAR. Wounded Bruin Turns on His Pursuer

and Stands Guard For Hours.
