PROVISIONS OF NEW TARIFF BILL

FIFTY MILLIONS MORE YEARLY FOR REVENUE

Increases Present Duty by Average Maximum of 20 Per Cent.

Washington, D. C., March 17 .- Downward revision, maximum and minimum | reciprocity agreements would become provisions, which impose an average maximum duty of twenty per cent, in one year. A provision in the bill is de-excess of the present tariff and nummated that the revenue to the gov-ernment will be increased from forty manufacture their articles within to fifty million dollars are the salient Great Britain. This provision applies features of the new tariff bill which the same rules to patents taken out in was introduced in the House to-day by Representative Payne, chairman of the Americans in the country of the aliens. ways and means committee. The recommendations made by President Taft
by the bill and the method of valuathat an inheritance tax be provided,
and that a limited amount of tobacco

and that a limited amount of tobacco and sugar be admitted free from the ened for the purpose of preventing the Philippines are included in the bill.

The measure also provides for the issuance of Panama canal bonds to the amount of forty million dollars to reduce that the investment of t

imported from the country where it is produced, and nine cents when from other than a producing country. The internal revenue tax on cigarettes is materially increased while the tax on beer and whiskey is undisturbed. cut of fifty per cent. is made in the steel and lumber schedules. Hides, tallow, cottonseed oil and works of art more than twenty years old are placed

The tariff on boots and shoes is reduced forty per cent and on other leather manufactures in proportion. The pottery schedule remains about H. M. S. Cambrian Assists in the same, but the duties on plate glass of smaller sizes are increased, while the duties on the larger sizes are re duced. The tariff on wool of first and second class, used principally in clothing, is not disturbed, but on wool for the hide class, known as carpet wool, t is reduced on the cheaper grades.

ting the duties on print paper with certain restrictions, made by the Mann committee of the house are incorportated in the bill. The duty on refined sugar is reduced one five-hundredths.

Several days to dislodge the Logan. It was not until her cargo was unloaded yesterday that they began to pull, which finally resulted in the release of the big troop ship.

The Logan is bound for Manila with of a cent a pound and on dextrin onehalf cent a pound, a reduction of onehalf cent a pound is also made on the duty on starch with the exception of potato starch. Zinc in ore is assessed one cent per pound for the zinc contained. The tariff on pig iron is re-

duced from \$4 to \$2.50 per ton. The principal increases are made in the duties on lemons, cocoa and sub-stitutes for coffee, coal tar, dyes, gloves, and coated paper and litho-issues so far offered for subscription. graphic prints. As was expected the ew tariff bill is made on a maximum graph assigning duties on the bitum- walk northward. ous coal and coke and agricultura implements, by which these article are given entry free of duty when im the free importation of these articles

ZAM-BUK A DAILY NEED.

CCIDENTS will happen in the

a precaution that has saved thousands of

families much worry and expense. There

is never any knowing what a small injury

may lead up to if neglected. The stoppage

of the bleeding, or the pain from a cut,

ourn, or scald, lulls many people into a

and blood-poisoning. In a similar way, a tiny cut may

be the starting point of itching and irritating eczema; and

the spot your child scratches on his head, the unsuspected

beginning of ringworm or some thar hair-destroying scalp

Zam-Buk, while such a perfect healer, is also the inveterate enemy of skin-disease. A burn, scald, cut, or bruise promptly and regularly dressed with this rare and rich balm cannot "turn the wrong way"; and any tendency of the skin to become it hy, inflamed, or "mattery," is speedily checked. This is because Zam-Buk not only gr we new, healthy skin, but, being so refined, is absorbed by the pores, and its healing ess nees make perfectly healthy all the underlying tissues. Always keep a box of Zam-Buk handy, for daily mishaps make Zam-Buk a daily need.

Zam-Buk is a positive and certain cure for rts, bur , bruises, sprains, piles, festering sores, ulcers, scalds, blood-poisoning, to ma, scabs, chapped hands, cold-cracks, chilblains, ringworm, scalp sores, bad leg, disease aukles, all other skin diseases and injuries. Rubbed well into the parts affected, it cures neural na, rheumatism, and sciatica. All Druggists and Stores sell at 50c. box, three for \$1.25, or post free from Zam-Buk Co., Toronto, for price.

Jam-Buk

CHILD BURNED BY STOVE LID.

Mrs. H. Girdlestone, of 106, Rawdon Street, Brantford, Ont., says:—I find Zam-Buk a splendid healer of children's injuries. My little boy burned his foot very badly on the red-hot lid of the stove. The skin was completely burned off, and he had a sho.king foot, the wound turning to a running or .. festering and discharging. I appli d Zam-Buk, and it effectively checked 'I discharging and festering, drew out the inflammation, and finally healed the wound nicely.

false sense of security. Dust getting into

a wound may set up festering, inflammation,

BAD SCALD CURED.

Montreal, says.— My little grandson was severely scalded on his right leg from the knee to the ankle. This injury was very serious, and demanded great attention. We used nothing but Zam-Buk, and it was wonderful how cooling and soothing it proved. It was some weeks before the leg was finally healed, but there was not a scar left to show where he had been scalded. As the home 'first-aid,' I think Zam-Buk is without canal."

A best regulated homes; and

having a box of Zam-Buk handy is

bill is similar to the New York state law. It provides o tax of five per cent on all inheritances over \$500 that are collateral inheritances or in which strangers are the legatees. In cases of direct inheritance the taxes prescribed are: On \$10,000 to \$100,000, one per cent; on \$100,000 to \$500,000, two per cent and on those over \$500,000 three per cent. It is estimated that \$20,000,000

annually will be derived from this tax. The maximum and minimum provisions of the bill does away with the necessity of continuing the foreign trade agreements. The abrogation of Capital Stock Will Have to Be these is provided for in a section which authorized the president to issue no-tices of the termination of these agreements and they would then terminate immediately, while the German agreement would remain in force for six months. The time which must intervene before the inoperation of the other effective ranges from three months to erous provisions by which it is esti- from the patent laws of Great Britain

The measure also provides for the issuance of Panama canal bonds to the amount of forty million dollars to remove the treasury for the original purchase of the canal, and re-enacts the provision for the issue of treasury from which it is imported shall be levied by any contributes, the amount being increased from one hundred million dollars to two hundred and fifty million dollars. While there is no duty imposed upon coffee, tea is taxed eight cents when imported from the country where it is more than the provision that a duty equal to any export duty, tax or charge, that shall be levied by any country from which it is imported shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to be collected a speedy cure and he was soon able to work supplied shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to be collected a speedy cure and he was soon able to work supplied shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to be dobling to extend the area of its supply so that a part of the town not now supplied shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to be dobling to extend the area of its supply so that a part of the town not now supplied shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to be dobling the was hardly recognizable as the grounds allowed.

The Waterworks Company is to be dobling to extend the area of its supply so that a part of the town not now supplied shall receive water. It is also to provide for the future needs of the place, failing which the Land Company is to provide for the future needs of the place, failing which the Land Company is to provide for the future needs of the place, failing which the Land Company is to provide for the future needs of the place for the future needs of the pla the interest and semi-annual redemp tion of a portion of a loan negotiated by a state in Brazil, the American portion of the loan being claimed to be 2,000,000 pounds sterling. The House at 12:35 p. m. adjourned
