

EIGHT

THE STAR, ST. JOHN N. B. SATURDAY, NOVEMBER 24, 1906

CUSTOMER'S REASONABLE WISH IS THIS STORE'S PLEASURE.

Ladies' Waists

At Nearly Half Their Value.

Over two hundred and fifty of them, all the nice fall styles, and made from worthy materials.

FLANNELLETT WAISTS, from 55c. each up to 95c.

LUSTRE WAISTS, in white and black, from 65c. to \$1.50.

LUSTRE WAISTS, in blue, brown, white and black, from 75c. to \$1.50.

MEN'S VEILING WAISTS, at \$1.25 and \$1.50.

FLANNEL WAISTS, from \$1.50 to \$2.25.

CASHMERE WAISTS, from \$1.25 to \$2.00.

SATEEN WAISTS, from 65c. to \$1.50.

The above are a lot of waists that we purchased from a manufacturer at the end of this season. They run in sizes from 22 to 44 inches.

A SMALL LOT OF INFANTS COATS AT VERY SPECIAL PRICES, from \$1.00 to \$2.25 each. They are in white, cardinal, blue and brown.

IN THE DRESS GOODS DEPARTMENT—A lot of new Gray Tweeds have just arrived. They are a repeat order of that lot we had at the first of the season—from 40 to 46 inches wide and the prices are 45c., 55c. and 65c. a yard. These materials are the celebrated Scotch homespun effects, so much in vogue at the present. They come in shades of gray and in neat checks.

The cheapest advertising is not that which costs the least money, but that which brings the largest returns for the amount of money spent.—Centre page, 18, Citizen

THE WEATHER

Maritime—Fresh to strong west to northward, mostly fair today, and on Sunday, not much change in temperature.

LOCAL NEWS.

The next social of the Ladies' Auxiliary of the A. O. H., will be held in their rooms, King street, Monday, Nov. 26th.

George Kierstead, a divinity student from North End, will occupy the pulpit in Ludlow street Baptist church tomorrow.

A special meeting of York Lodge, No. 2, I. O. L., will be held in the Orange Hall, German street, on Tuesday evening next, at which all members are requested to be present.

Thirteen deaths occurred in the city during the past week, resulting from the following causes: Old age, 2; meningitis, 2; consumption, 2; cancer, 1; pneumonia, 1; heart disease, 1; chronic bronchitis, 1; cerebral effusion, 1; whooping cough, 1; tubercular meningitis, 1.

In the police court this morning there was one lonely drunk, Wm. McInerney by name. William was called by the magistrate and he pleaded guilty to being drunk yesterday on King street. He said that he had paid a four dollar fine yesterday morning, "I'll try and save you from counsel," said the magistrate, and McInerney was sent into jail to get clear of the liquor and make up his mind to straighten up.

TWO STILL ALARMS.

Kitchen of Dr. A. W. Macrae's House Was Badly Damaged—A Tar Pot Boiled Over.

There were two still alarms this morning and Chief Kerr and some of the men were kept on the jump. Shortly after 10 o'clock fire was discovered in the kitchen of Dr. A. W. Macrae's house on Coburg street. The fire caught under a large kitchen range and considerable damage had to be done to the floor before the blaze could be extinguished. The loss is covered by insurance.

No. 1 chemical with No. 2 hose responded to the still alarm and No. 1 Salvage Corps wagon and No. 1 ladder truck also responded. About eleven o'clock while the chemical was finishing with the Coburg street fire No. 2 hose and No. 3 Salvage Corps wagon and No. 1 ladder truck responded to another still alarm caused by a tar pot's contents burning down the floor of a house at the corner of King street east and Pitt street. The damage was over before the chief or the chemical reached the scene.

THE MAGISTRATE WAS NOT PRESENT

It was some minutes before ten o'clock this morning that Magistrate R. J. Ritchie entered court. He picked up the Daily Telegraph of this morning and looked surprised. He then spoke aloud with the following sentences: "I notice in the Telegraph this morning a report of a temperance meeting last night, and it is quoted that the lecturer said, 'For every drunkard fined or jailed in St. John there ought, he said, to be a saloon keeper in the opposite cell.'"

"The Telegraph then says that Judge Ritchie was in the audience and here interjected: 'That wouldn't do. There are not enough cells in St. John to hold all the saloon keepers that would be fined or jailed.'"

"I wish to state that I made no such interjection, and further more to say that I was not at the meeting to say it."

The magistrate did not say any more on the matter, but did not seem at all pleased with the advertising he received.

PIZZLED OUT.

A few days ago there was published an article about a little girl being assaulted by a number of boys off Frederick street. As a result four boys were called before the police magistrate this morning to answer what was thought to be a serious charge. The little girl said that one of the boys had asked her when she was going to return to school.

The boys claimed that the girl knocked off the hat of one fellow and they chased her, she fell and that was all.

The girl said that nothing naughty had been said to her and that she was not injured by the fall. They were all told to be good children and were sent home.

The magistrate said that the matter had apparently been magnified and it was a pity for all that it had been so.

DID NOTHING.

The ferry committee met at City Hall this morning. Those present were Ald. Lockhart (chairman), Holder, Rowan and common clerk Wardrop.

The meeting was to have been held on Monday, but a mistake was made in the announcement, and the aldermen turned up this morning. As the required number were present it was decided to hold the meeting.

No business of any importance was transacted. Several positions for increases in pay were read. The press was not admitted to the meeting.

FINED FOR STRIKING THE GATE-KEEPER.

A couple of evenings ago Ferry Gate-keeper Burley had a hard time with two men named Craft, who were raising a disturbance in the East Side ferry house. This morning, as a result of the gate-keeper's testimony Richard Craft was fined \$20 for striking Burley, and Otto Craft \$5 for using profane language.

As the winter port season has commenced and the ferry docks on board the steamers are liable to be the same as in former seasons, so that it is hardly safe for people to get clear of insulting words and actions of tongue, it has been suggested that a policeman be appointed for the ferry work, or that the gatemen and deck hands be instructed to carry out the regulations and make arrests.

THE RUN TO MONTREAL.

I. C. R. Flyer Went at 43 Miles per Hour, and C. P. R. at 45 Miles—The Time of Arrival.

The C. P. R. liner Empress of Ireland docked at Sand Point at five o'clock yesterday afternoon. The mails were at once landed and placed on board the special train which left West St. John at 5:23 p. m. This train arrived at McAdam Junction, a distance of 88 miles, at 9:06 p. m., left Mattawamkeag at 9:46, left Brownville at 10:38 and arrived at Megantic, 207 miles, at 1:21 a. m. Allowing for change of locomotive and for taking on water, the train made splendid time from there on, reaching Montreal at 6 this morning. Thus the certain time from St. John to Montreal, a distance of 481 miles, was made in 10 hours, 27 minutes, an average of, roughly 45 miles per hour.

The I. C. R. express which left Halifax at 12:45 on Thursday night arrived in Montreal at 7:15 p. m., or eight hours and forty-five minutes ahead of the C. P. R. The latter company, however, lost considerable time by having to go out of their course to land mails at Halifax. The I. C. R. express covered the 427 miles in 19 hours, 30 minutes, or at an average speed for the entire distance of 45 miles per hour.

MONCTON, Nov. 24—Nineteen hours and fifty-three minutes was the time made by the I. C. R. mail special from Halifax to Montreal which left the former city Thursday night 24:42 o'clock and arrived in Montreal at 19:15 yesterday evening. This time includes stops and is regarded as a highly creditable performance. The actual running time of the train was very little over sixteen hours, as forty-four minutes was occupied by stops on the road.

GOOD HUNTING GROUNDS AROUND ST. JOHN

An Englishman Who Carries on the Streets Conclusive Evidence of What Can Be Done

St. John is being amused nowadays with the spectacular actions of a rather odd Englishman who possesses one of those painfully commonplace hyphenated surnames. His moods are as changeable as the weather, and he and day some new story crops up that beats the one of the day previous. A few days ago he possibly not "exactly aristocrat" bought a brace of partridges in the market, and hastening to his home procured a fowling piece from "his-box-don't-cher-know," and paraded the principal streets with the birds dangling at the end of the barrel slung over his shoulder. He certainly made one kind of an impression, though possibly not exactly the hit he expected to create.

Another day—it was a Sunday—Mr. Men from across donned a silken tie, a red carnation, frock coat, and with fierce moustaches and a big walking stick, stalked forth into the park. Evidently he ran across some more feathered game, for bystanders relate they saw him hasten back about an hour later with a gun—regardless of the day, place, or his well apparel.

Such advertising as St. John got a few summers ago, when live moose wandered through out streets, and wildcats as dogs flitters on the back steps, is now bearing fruit apparently. The news has reached the parent isle, and some of the blavest "antennae" are reaching St. John's civic game preserves. Fortunately enough the trees and the Squas and gravovards are quite bare now, else some home-going pedestrian might be banged at as a moose or a wildcat in the half daylight of these afternoons.

AN EYE OPENER.

If the ordinary school teacher would take charge of the system of manufacturing used by very large manufacturing concerns, for testing each workman's earning capacity, he should have his Currie Business University, for training its three hundred students to the limit of their earning capacity. The system of pushing its pupils to the limit of intuitive practice for their personal benefit. Instead of pushing some high sounding system of shorthand and business, in text-book form, for the purpose of pushing its pupils to the limit of their earning capacity, it has placed the Currie Business University, with its splendidly equipped employment bureau, on the list with business houses, when reliable office help is required. This school employs high salaries to experts to superintend its inner workings and obtains its instruction from the law office and business house district.

NATIONALIZATION.

The sub-committee of the treasury board and the Board of Trade met last evening to discuss the plans for nationalizing the port. Mayor Sears was under the impression today that the meeting should not have been held until other interested parties were notified.

It was learned from one of those who were present, that last evening's meeting had only been called for the purpose of enquiring into several points which the members of the committee were not acquainted with.

A general meeting is soon to be held.

AUCTIONS.

At Chubb's corner today the McGuire property on Brussels street, was purchased by Mary E. Nelson.

The Douglas mill was bid in by Jarvis Wilson, Jr., for \$8,000. Shares in the Bank of New Brunswick and the Central Telephone Co. were put up for sale but were withdrawn for private sales.

WALL STREET.
NEW YORK, Nov. 24.—The depression of stocks in London affected only part of the list at the opening here and changes from last night were mixed in character. The low-priced stocks continued to show strength as was the case yesterday.

THIS EVENING.

Harkins at the Opera House.
Temperance lecture at the York Theatre.
Band at St. Andrew's Rollaway.
Band at Victoria rink.

WHO IS RESPONSIBLE FOR MEASLES PATIENTS?

Two on Board the Empress Do Not Seem to Be Wanted by Anyone.

There is considerable trouble over two cases of measles that were on board the C. P. R. liner Empress of Ireland yesterday. The ship had the patients on board when she arrived at Halifax. The Halifax quarantine officer visited the ship, and as she was in such a rush to leave that port gave her a clean bill of health. She then changed from a foreign to a coastwise vessel and steamed into the harbor yesterday afternoon without flying the quarantine flag. As there were no stops until the dock was reached, Dr. March, the local quarantine officer, did not board the ship. An endeavor was made to have the two patients sent to the General Public Hospital, but the authorities at the hospital referred the matter to the board of health, and they refused to have anything to do with the cases, as they claimed that it was a matter to be handled by the quarantine officers. The patients are yet on board the ship, and it has been questioned whether the ship should discharge passengers before being given a clean bill of health here.
