YACHT CLUB PROGRAMME

Attractive Features Proposed for the Summer by R.K.Y.C.—Likely to be Great Racing Season.

At a recent meeting of the Sailing and Motor Boat Committee of the Royal Kennebec Yacht Club the matter of holding races this summer was gone into and the following events may be pulled off:
On May 24th, the season will be opened with a squadron cruise, all yachts taking part.
On June 17th, it is proposed to hold the annual qualifying race for the Greasy Cup—this is open to Class "H" (sailor boats). On same date will be held a race for Class "B" yachts, for the possession of the Lovitt Cup. For Class "I" (sailing dories), a series of five races will be held, the first of which will take place on June 22nd (Coronation Day); 2nd, June 24th; 3rd, June 29th; 4th, Aug. 5th, and 5th Aug. 19th.
On June 22nd will also be held three races for Motor Boats.
On July 1st, the Long Distance Endurance race for motor boats will be held. This race starts at Millidgeville and ends at Upper Jenness, and will certainly be the big event in motor boat circles. This race is open to the Maritime Provinces.
July 8th, the Annual Cruise will start, ending on the 16th with service at Rocky Point.
July 22nd, Classes "A," "B" and "C" will sail a race for the Commodore's Cup.
August 12th, a race for the Beridge Cup, open to classes "A," "B," "C" and "H" will be held.
There will be additions made to this programme later, and without doubt this promises to be the greatest racing season ever held here.

BAR WHITE CEDAR IN YACHT BUILDING

International Agreement Reached Regarding Construction of Boats for Sander Class Races.

Boston, March 6.—An international agreement barring white cedar in the construction of sander yachts has been reached by the two leading organizations promoting that branch of the sport, the Kaiserlicher Yacht Club of Germany and the Eastern Yacht Club of this country, according to an announcement made here.
The agreement does not extend, however, to yachts under construction nor those already built, and one of the three American boats which is being prepared for the fourth international sander yacht series at Kiel next June has her hull planked with such wood.
The agreement follows what the American yachtsmen consider a very sportsmanlike attitude on the part of the Germans in not seeking to make an issue of the construction clause in the international agreement signed five years ago.
Against the hobby waters of Kiel harbor the Germans found that strong planking was necessary to stand the battering, so most of the sander yachts are built of mahogany. But the Americans accustomed to smooth seas off Marblehead, sought the lightest of wood and by using white cedar were able to bring the weight of their yachts close to the minimum limit of 4,030 pounds.

Here's Another White Man's Hope Wants a Go

Columbia University Has a Husky who is Willing to Take a Chance with Jack Johnson.

New York, N. Y., Feb. 6.—Waldemar H. Grassi, formerly Columbia track star, wants to fight Jack Johnson and bring the heavyweight pugilistic supremacy back to the white race. The new aspirant for the big negro's title entered Columbia in the fall of 1907 and in his freshman year broke the university strength record which had stood for seven or eight years, and won the varsity "C," the highest athletic honor, for his good work as a weight thrower. Before he entered college Grassi learned to box, and in his first year was instrumental in organizing a big boxing tournament that was held in the Morning-side Heights gymnasium. Ever since Johnson defeated Tommy Burns, Grassi has been thinking of going after the championship and has been in training in season and out of season.
Last winter he discovered a way to give his strength a thorough test, probably the hardest that has yet been attempted by a fighter. He heard that Professor Herschel C. Parker, of Columbia, was going to make a trip to Mount McKinley. Grassi at once began to haunt Professor Parker's office and finally gained his permission to become a member of the party. So from April to November, during the time that the furor of the Jeffries-Johnson fight was filling the newspapers, Grassi was packing 100 pound loads across Alaskan glaciers and chopping his way through unbroken forests. So far from civilization was the exploring party that it was not until August 17 that Grassi learned that Johnson was still the holder of the world's heavyweight championship and that Reno had been the Waterloo of the hitherto undefeated Jeffries.

Bigger Than Lili Artha.
Grassi is 22 years old, and is the son of Italian and Swiss parents. His paternal grandfather was lieutenant general in the army of the king of Italy, and it was from this distinction that the nickname of Count, by which he is known on the Mountsides Heights campus was made possible. However, he is a real New York man.

Al Kaufmann is a Married Man Now

Having signed with Barney Gerard at \$25,000 a year, for a couple of years, Al Kaufmann, the California strong boy, has taken unto himself a wife.

The bride of Billy Delaney's heart married the sweetheart of his youth, Miss Annette Seelos, one of the most beautiful girls that beauty-producing California can lay claim to. The romance is a pretty one, well known to the friends of the young people, who have been showered with congratulations since they embarked upon the good ship Contentment, on matrimony's sea.
Mrs. Kaufmann is a sweet beauty with all the soft coloring for which the girls of the Golden state are famous. She is the last person in the world one would pick as the wife of a pugilist—but then, Al Kaufmann is the last person one would pick as a knight of bluff and bang. He looks more like a rah, rah boy, this clean-living bridegroom.

HUB GAMES MAY NOT BE PULLED OFF

Three Cornered Hockey Series Between Quebec Wanderers and Moncton and Boston will Not be Held.

Quebec, Mar. 6.—The three cornered hockey series between Quebec Wanderers and Moncton, which it was proposed to hold in Boston, has been declared off, the management of the Wanderers having informed the Quebec management that they would be unable to take part, having dates themselves to fulfill in New York. Unless the Boston rink authorities make a definite answer today, the Quebec team will also withdraw as the locals cannot afford to hold the team together any longer on the chance of games in the Hub. Quebec team will soon be broken up and scattered unless the Boston promoters take prompt action.
It is stated that Eddie Oatman and Keen Mallen have found Quebec such a pleasant place that they have decided to make the Cleveland their residence for some time to come and will remain here.

NEW BOWLING RECORD MADE

ST. JOHN MEN TAKE STAND

Local Hockey Team Refuses to Go to Fredericton and Play Disputed Game with Capital Players.

Fredericton, March 6.—President Len Inch, of the New Brunswick Hockey League, has received formal word from the St. John Hockey Club to the effect that they absolutely decline to come here to re-play their game with the Fredericton Hockey Club as ordered by the executive of the league. President Inch ordered the game played here on Tuesday night, but the St. John team refused to comply and now a meeting of the league executive will be held here some day this week, probably on Wednesday, when the game will no doubt be declared forfeited to Fredericton. The result of the standing of the New Brunswick Hockey League will be to place Fredericton and St. John tie, if the locals succeed in winning from Marysville on the play off of their tied game. This game will be played on Friday night, and it is likely that at this week's meeting the New Brunswick Hockey League executive will order the Fredericton and St. John teams to play home and home games next week in the event of Fredericton defeating Marysville on Friday night.
On Wednesday of this week U. N. B. and Chatham will play here.
