MISSION BUILDINGS IN INDIA BURNED

Rev. W. E. McIntyre Receives Word of Losses by Fire at Mission Station of Vizagapatam. Rev. W. E. McIntyre, secretary of the Baptist Foreign Mission Board, has just received a letter from India containing the news that two of the buildings in connection with the station of Vizagapatam were burned on August 22, with part of the school furniture and apparatus. The station of Vizagapatam is one of the oldest mission posts in India and was bought last year from the Moravian mission society by the maritime board. It was a very large station and well equipped for the work. Included in the buildings were a high school and a primary school and the two buildings were for the accommodation of the pupils. Unlike the high school building which had a tile roof, these were roofed with leaves. The damage was estimated at \$1,000. E. J. Chave and H. D. Smith both of them with the degree of B. A. from McMaster university have been accepted by the united mission board for work in India. They will get married in Toronto and leave there accompanied by their wives for their future field of work in October. Rev. Mr. and Mrs. Glendinning who were to visit the western churches on their way back to India are now in Winnipeg. They will leave San Francisco in about three weeks.

Body Not Yet Found.

The searchers for the body of Howard Camp were unable to work yesterday on account of the rough weather in the river. Another attempt to locate the body will be made today if the weather permits. Where the unfortunate man was lost the river is very deep and there is a strong current. The bottom of the river is full of deep holes.

Will Settle in New Brunswick.

A contingent of settlers from the Old Country who have decided to try their fortunes in New Brunswick arrived in the city last evening. They were taken in charge by Mr. Wilnot, the superintendent of immigration, who is arranging to locate them in various parts of the province. They are a healthy looking crowd, and were in the best of spirits after their interview with Mr. Wilnot.

Y. M. C. A. Membership Contest.

The membership contest in connection with the Y. M. C. A. will begin in earnest today. The two generalists who will lead the forces have been appointed and are choosing their assistants. C. J. Dempster will be in charge of the Blues and Percy Steeg will lead the Red forces. They will have the help of about 50 others. Each side will be composed of five teams. The final preparations for the contest are about completed and the fight will be in progress from now on.

The M. R. A. Sewing Machine \$28.50. AS SILENT AS A WATCH-EASY IN OPERATION. We Guarantee It for Ten Years. The housewife without a good sewing machine is handicapped to just about the same extent as a farmer without a reaper. To be obliged to put through by hand the amount of stitching, hemming and gathering entailed by an adequate supply of dusters, curtains, sheets, etc., to say nothing of the repairing and renovating of the family wardrobe, is a wasting of time and strength. For any such housewife, the bestowal of an easy-running, up-to-date machine would be one of the happiest ideas possible. When it is considered that the M.R.A. Sewing Machine, with its formal guarantee of ten years' satisfaction is procurable at \$28.50, the large returns for a small investment are apparent. The wood work of the machine - which is of the convenient drop head order with automatic lift and self adjusting belt - is of quarter cut oak, highly polished. Some of the special features worthy of mention are: Head is full arm high and ball bearing; shuttle is large and self-threading; belt is adjusted so that it need never come off; bobbin winds the thread with particular proficiency; and the attachments are of the best quality and can not be put on wrongly. Prices \$28.50. Visit Our Suite of Furnished Rooms--Market Square. BEDROOM: - In Mahogany, on the Old Colonial Lines, four post bed with other pieces to match. BEDROOM: - In Kynox with dull finish Brass Bed. DINING ROOM: - Furnished with Mahogany, in Chippendale Style. COMBINATION LIVING ROOM AND LIBRARY: - In Mission designs and Early English finish. In addition to the above we have our Reception Room prettily furnished with odd pieces of Mahogany. Our Sitting Room is furnished with Cozy Corner and other suitable pieces to match, giving in all a very attractive display. FURNITURE DEPARTMENT--MARKET SQUARE.

The Widening of Bentley Street.

The city authorities have not yet succeeded in straightening out the tangle in connection with the widening of Bentley street. Some time ago when a gang of men connected with the street department were straightening out the street a man named Cleary who objected to having his fence moved, drove them away. He claimed a portion of the proposed street by right of pre-emption and it is likely the city will have to take legal steps to complete the widening of the street.

Those "American Motor Trucks."

The prominence given by the Telegraph to a statement of Ald. Green at the meeting of the Safety Board of Monday that some of the older men seemed anxious to buy American motor trucks for the use of the Salvage Corps caused some discussion among the aldermen yesterday. Ald. Elliott declared that the motors which Ald. Green wanted the city to purchase are manufactured by Americans, who though they have branch factories in Canada, do not give employment to Canadian workmen. "These motors of which J. A. Fuglesley is the local selling agent are manufactured in the United States," he said. "The parts are then brought to Canada, and put together by experts from the company's factories in the United States. They are therefore not Canadian products in any sense. Ald. Green's statement was a boomerang."

THE RUSH IS OVER.

During the past few months the Standard plant has been running at high pressure, and indeed, the demand for papers while the political campaign was on was at times beyond the capacity of the plant. Instances occurred where papers to agents and subscribers in the city were late in delivery, and on two or three occasions the limited accommodation and equipment of this paper kept up with the demand. Naturally, since the campaign closed, there has been a reduction in the number of papers ordered by outside parties, and with better facilities than ever before, the Standard should now be able to deliver its papers to subscribers earlier than formerly. All persons whose papers are late in reaching them are requested to report promptly to this office in order that proper check may be kept on the delivery department.

Mr. Mechanic. The Best Quality at a Reasonable Price. Do you think that because your work is rough you should not wear Toric lenses? Do you think that Toric lenses are dainty, and suitable only for the man or woman whose work is clean and comparatively easy? Don't you know that your sight is as valuable to you as anything you possess? Will you not do better work and more of it if your eyes are so comfortable that you forget you have eyes - you only realize that you see with perfect comfort? Come in and let us show you how Toric lenses will benefit you.

THREE COMPANIES INSTEAD OF ONE

American Tobacco Trust Will Not be Completely Dissolved But Cut Into Three Companies. New York, Sept. 26. - Plans for the re-organization of the American Tobacco Company, which are to be submitted shortly to the United States circuit court, are said today, to provide for the formation of three new companies out of the disintegrated parts of the present company. There have been many previous reports, that the tobacco trust would be dissolved into many small companies.
