THE ANZAC GOES OVER COURSE ALONE

The Dixie Failed to Appear for Race for Bullock Cup Owing to Engine Trouble.

The race for the Bullock cup for speed boats was run off Saturday afternoon under the auspices of the St. John Power Boat Club over the Indian harbor course. The original entries were Anzac, Malcolm Logan, and Dixie, John Frodham. When the hour for the race came the Dixie was not on hand and the judges started the Anzac over the course and declared her the winner. The time for the twelve knot course was given as 41 minutes, 5 seconds. It is understood that some trouble with the engine was the cause of the non-appearance of the Dixie.

NEWS A

UNITED STATES STEEL LEADER ON SATURDAY

Represented About 20 Per Cent. of the Total Turn-over for Session.

UNUSUAL ACTIVITY FOR A WEEK-END

Motor Issues Especially Prominent With Gain of 2 to 3 Points in Willys-Overland and Maxwell.

New York, July 22.—For a mid-summer week-end session, today's market was unusually active, broad and strong. Special stocks again afforded the basis of a large proportion of the total turnover, being in further demand by the bears on short interest, that faction suffering additional impairment of "paper profit."

Motor issues were particularly prominent, with gains of two to three points in Willys-Overland and Maxwell, and 10 for General Motors. Substantially better, together with Tobaccos, American Beet Sugar and preferred, American Beet Sugar and the zinc issues.

United States Steel was the real leader, trading in that stock representing about 20 per cent. of the whole, at an extreme advance of 1 1/8, most of which was retained. There was a better tone to shares of the independent steel companies, notably Lackawanna and Republic, together with Colorado Fuel and American Car. Rails were again relegated to a place of minor importance, even the investment issues moving sluggishly. Reading closed with a fractional gain, but Wisconsin Central forfeited four points of its recent advance. Shipping shares also were backward, with no material price changes. Total sales of stocks amount to 173,000 shares.

The bank statement reflected a substantial cash gain, the actual increase of about \$13,500,000 being in excess of all estimates, while loans showed further contraction, with an increase of almost \$13,000,000 in reserves, bringing the total excess up to \$108,000,000, against \$33,546,000 two weeks ago.

Weekly reports of the mercantile agencies were of a confident tenor, the only discouraging note coming from that portion of the south which recently experienced severe storms. In dry goods lines the volume of distribution shows an increase. Bonds were steady today on nominal trading. International issues were firmer.

Total sales, par value, aggregated \$1,655,000.
United States bonds were unchanged on call during the week.

The Greatest Medical Organ In the World

The London Lancet recently said:

"Nothing will be a greater help to the cause of Temperance than the popularization of the fact that the moderate use of Wine and BEER may be considered absolutely inoffensive from the Alcoholic point of view."

READY'S LAGER BEER, the perfect warm weather drink, contains almost the minimum of alcoholic content, only 3 1/2 per cent., and when cold it satisfies the thirst completely. This one beverage is doing the cause of true temperance incalculable good. Thousands of persons everywhere are using this beverage in preference to the strong Alcoholic spirits.
