CALL ON EAST AGAIN TO HELP HARVEST GRAIN

Big Number Wanted to Assist in Gathering in Crops in the West.

It is probable that arrangements will be made by the C. P. R. very soon for the annual harvesters' excursion from the maritime provinces to the west.

Advices from the grain districts tell of a bumper crop this season and it is estimated that 24,000 men will be required to help in the harvest fields of Manitoba alone.

There are also situations, it is stated, for about 5,000 women.

No instructions have as yet been received at the C. P. R. office here as to the time of the excursions but it is expected that the usual low rates will be offered to induce young men from these provinces to go out to assist in gathering in the golden grain.
