MONDAY EVENING, APRIL. 6. During the last election contest in this city the people were told of the vital importance of having a St. John mem ber in the Cabinet as the guardian of St. John interests. "Re-elect Mr. Burpee because he is Minister of Cus toms," was the cry, "for should he be defeated Anglin will be taken into the will not be so well guarded." This cry was made to do duty in all quarters, and was very effective. Now the election is Dry Goo over, Mr. Burpee is in his seat, the Government have a good majority from the Upper Provinces, and we are getting evidences of the manner in which Mr. Burpee is looking after the interests of St. John. The evidence is furnished by an order for the stoppage of work or the extension of the railway to the Ballast Wharf! The Minister of Customs was voted for by many who despised his course and ridiculed his pretensions on account of the services they expected him to render to St. John by virtue entitled The Major's Eunchen. of the position he had accidentally gained, and the stoppage of the Courtenay Bay works is the way in which he fulfils the expectations!
